TOWN BOARD MEETINGS

Selectmen

Meets every Tuesday at 7:30 p.m. in the Town Hall.

Finance Committee

Meets on Mondays at 7:30 p.m. in the Town Hall.

School Committee

Meets on the first and third Mondays at 7:30 p.m.
(Call School Administration Office for location of meeting)

Planning Board

Meets every second and fourth Thursdays at 8:00 p.m. in the Town Hall.

Board of Health

Meets on the first and third Tuesdays at 7:30 p.m. at 1 Stone Street
(Walpole Co-op Bank basement).

Sewer and Water Commission

Meets every second and fourth Wednesdays at 7:30 p.m. in the Town Hall.

Board of Appeal

Meets on the first and third Wednesdays at 8:00 p.m. in the Town Hall.

Personnel Board

Meets on the first and third Mondays at 7:30 p.m. in the Town Hall.

Board of Assessors

Meets every Wednesday from 7:00 to 8:30 p.m. in the Town Hall.

Library Trustees

Meets on the third Tuesday at 7:30 p.m. in the Main Library on Common Street.

Housing Authority

Meets on the first Monday at 7:30 p.m. at the Housing for the Elderly Project,
No. 9 Neponset View Terrace.

Conservation Commission

Meets on the second and fourth Wednesdays at 7:30 p.m. in the Town Hall.

Industrial Commission

Meets every third Wednesday at 8:00 p.m. in the Town Hall.

Council on Aging

Meets on the fourth Thursday at 7:30 p.m. at lower Blackburn Hall.

Recreation Committee

Meets on the first Wednesday at 8:30 p.m. in the Directors Office, downstairs, Town Hall.

Historical Commission

Meets on the fourth Tuesday (except July, August & December) at 7:30 p.m.
at East Walpole Library.

GENERAL GOVERNMENT BOARD OF SELECTMEN

In 1977, the Board of Selectmen had a busy and productive year.

Newly elected members, Mrs. Jo Ann Sprague who has been active in Walpole's Representative Town Meeting and Mr. Albert A. Scott, Jr. of the banking and finance community joined senior member Mr. Thomas H. McCormack, Mr. John F. Campbell and Mr. Frank A. Farinacci to form the Board of Selectmen. The Board elected Mr. Farinacci as Chairman and Mr. Campbell as Clerk for the current year.

Mr. Farinacci reinstated the policy of the Chairman being a "voting chairman", which lets the citizens of Walpole know the Chairman's stand on the Board's votes.

This Board implemented the intent of the open meeting law and practiced their belief that it is the right of every citizen to know how the business of government is being conducted. There has been good public response from the broadcasting of the Board's meetings by Radio Station WSRB, Walpole High School's student-run broadcasting station.

For quite a long time period, the Board's full agenda necessitated twice weekly meetings to accomplish the large order of business. The

Board has also held supplemental meetings every second Saturday of each month for all citizens to be heard without a formal appointment which is necessary at regular meetings due to the workload.

The Board has worked long and hard to keep down those town expenses which are under its control. In spite of increases over which the Board has no control and which are part of the tax rate, the tax rate increase has been held below the rate of inflation.

Public Safety: Six new police officers were appointed to the force from an exceptional field of candidates. Growing traffic problems and heavy truck use of residential areas prompted the appointment of a town-wide Traffic Study Committee to study traffic flow, truck bans or re-routing and the continuing problem of the East Street bridge repair. The Board has created and adopted a new set of regulations on soliciting and is nearing completion of a new set of carnival regulations. South Walpole parking and traffic problems during Schaefer Stadium events were recurrent in this year's agenda and will be the basis for a Board policy letter which will be

WALPOLE SELECTMEN, seated left to right, John F. Campbell; Frank A. Farinacci, Chairman; Thomas H. McCormack; standing, Albert A. Scott, Jr., and JoAnn Sprague.

promulgated and ready for implementation by August 1978. The "Chief's Bill" enacted by the State Legislature caused unforeseen problems. The Board is still grappling with appointment technicalities caused within the Police Department as a result of the bill's enactment.

Town Employee Contracts: As members of the administration's negotiating team, the Board of Selectmen bear a dual responsibility to the Town: that of protecting the fiscal solvency of the Town and that of providing the Town with a work force that is efficient with a high esprit de corps.

The DPW contract was finally ratified after going to fact-finding. Thanks to a fine, hard working sub-committee, the Police contract was negotiated in short order. Negotiations for the Fire Department have entered into the second year.

Animal Control: Solutions to the problems of Town Animal Control and the problems embodied in the position of part-time Dog Officer were encapsulated in a thorough and far-reaching report submitted by a hard-working and dedicated Dog Study Committee chaired by Mrs. Mary Ann Boragine. The committee's recommendations for a leash law and full-time Animal Control Officer were adopted by the Town Meeting. Subsequently, the Board appointed Mr. Mario Centamore to fill the newly created position. The Board receives a monthly report from Mr. Centamore and is pleased to report an increase in revenue to the Town due to greatly increased licensing.

Department of Public Works Re-Organization: Coincidental with the retirement of DPW Superintendent James D. Walsh was the adoption by the Board of the DPW Reorganizational

Plan which was submitted by the Town Administrator and created the position of Director of Public Works. The present Town Engineer was named to that post.

Scenic Road: As Road Commissioners, the Board worked jointly with the administration and the residents of High Street to insure that the street's reconstruction would adhere to the principles of safety and retain the characteristics of a Scenic Road. The Board called a public hearing to hear citizen input and the Board members also walked the proposed construction site with the residents and the Town Engineer. We believe that the resultant plans provide for the public safety and also retain the aesthetic qualities of this street.

Study Committees: In addition to the Traffic Study Committee, the Board also appointed a Four Seasons Arena Study Committee to determine the need and feasibility of possible purchase of that facility by the town; a committee to study the advisability of combining the offices of Tax Collector and Treasurer; and a Town Forest Study Committee to document the Town Forest and to determine the advisability of preservation measures for the forest.

Late Tax Bills: The late issuance of real estate tax bills forced the Town into short-term borrowing. There were many complaints from citizens who wished to pay their taxes before the end of the year.

The Board wishes to thank the residents of the Town, the Town employees, the Committee members and our secretary, Mrs. Nancy McGrath, for their assistance during the past year. The Chairman also wishes to thank those concerned persons whose kindness and support form some of the ties which bind a community together.

TOWN ADMINISTRATOR

I am pleased to submit my fourth annual report as Town Administrator.

As a result of the town's improved capabilities in the areas of budgeting, purchasing, financial planning and management and by making the best possible use of all of our financial resources the increase in the tax rate was held to 2% in 1977 despite continued inflation well in excess of that figure and the settlement of several collective bargaining agreements. However there is a need for more improvement in all of the above areas so that the town may effectively deal with the pressures of inflation, unions, increasing state and county assessments, and decreasing state aid while experiencing new costs such as unemployment compensation. The consequences of not being able to deal with

these factors will certainly lead to an undesirable growth in the tax rate and/or severely curtailed services. Therefore, our efforts must be increased and the Office of the Town Administrator will devote much time to this area in 1978.

During 1977, the town's newly acquired Burroughs B1700 computer was installed and our financial management system became operational. The financial management system has proved to be an effective tool in the areas of budgeting, purchasing and financial planning. Currently underway is the development of programs for real estate tax, water and sewer use billings and daily cash controls. Town Accountant, Kenneth S. Crowell has worked diligently and deserves a great deal of credit

for the implementation and operation of the town's data processing operations.

We have continued to expand and improve upon the town's central purchasing system and during this year the School Department was partially integrated into the purchasing system. We have not yet been successful in implementing an inventory control system but it is anticipated that such a system will be instituted sometime in 1978. It is fully recognized that during a time of continuous inflation that effective purchasing and inventory control systems are mandatory in order to effect some control over our expenditures for materials, supplies and services. Therefore, we will continue to emphasize the importance of improving this administrative function.

Although our financial planning capabilities have improved much over the past few years, this area suffered a setback during 1977 due to the fact that the town did not have a functioning Capital Budget Committee. This committee is vital to the financial planning process and it is imperative that a committee be appointed and become fully operational in 1978. A breakdown in this area cannot be afforded at this time when the town is faced with several major decisions which will have a substantial impact on our town for years to come.

Two areas of special concern at this time are solid waste and municipal facilities. Much time was devoted to these problems in 1977 as decisions with regard to same must be made within the next year; decisions which, for the most part, will be irreversible and which may have a considerable financial impact.

After eleven years of operation, the Town's sanitary landfill site is very close to being exhausted. We have been looking at potential new sites for a landfill and various other methods of disposing of the town's solid waste. During 1977 the town joined the 128 West Regional Resource Recovery Council which is planning the construction of a regional resource recovery plant by the early 1980's. Whatever alternative the town elects to follow will certainly be two or three times more expensive than the present cost of solid waste collection and disposal. There is no doubt that increased costs in this area are imminent and therefore I have recommended that the town immediately take measures to start minimizing expenditures in this area in 1978 by changing from separate rubbish and garbage collection to a combined collection.

The closing of the Old Stone School in 1977, rapidly declining school enrollments and the pressing need for additional space for police and municipal offices brought the matter of municipal facilities to the forefront. Several alternatives for the use of such facilities as the

Old Stone School, Old Fisher School and the School Administration Building have been explored. The acquisition of an existing building for conversion to a police facility was and is being pursued along with consideration of expanding the municipal offices into the existing police station. However, before a final determination can be made by the Selectmen and a plan developed, there must be additional information made available relative to the continued use of certain schools as educational facilities.

The Town Administrator and the Assistant Town Administrator devoted hundreds of hours to the negotiation of collective bargaining contracts with various unions during 1977. The involvement of this office included representation on the various management bargaining teams and preparation of data for use in negotiations, mediation and fact finding. After sixteen months of negotiations, mediation and fact finding, a two year agreement (effective July 1, 1976) was reached with the Public Works Employees Union. Eight months of negotiations and mediation was necessary to conclude a two year agreement (effective July 1, 1977) with the Library Employees Union. Earlier in 1977 a two year agreement (effective July 1, 1977) was signed with the Walpole Police Association. As of the end of this year agreements still had not been reached with the Clerical Employees Union for renewal of a contract that expired on June 30, 1976; or for an initial agreement with the Walpole Firefighters Association which was recognized in the spring of 1976. Impasses exist with both units and the town is in mediation with the Clerical Employees and the factfinding process has just been concluded with the Firefighters Association. The Selectmen found it necessary to retain outside labor counsel for the first time in six years to represent the town at the various mediation and factfinding sessions at a cost of \$7,000.00. The collective bargaining situation continues to present a major problem for the town not only in the cost of the contract settlements but in the expense of conducting negotiations and the time involved in same. The town certainly has a responsibility to pay its employees a fair wage however the town has an equal responsibility to control and stabilize the tax rate. As a result of this situation I believe there is a serious question as to whether the town has the ability to meet the unions' wage and benefit demands. It appears at this time that unless there is a moderation of union demands the town will have to consider a reduction in the number of employees, and will have to set aside any plans for additional employees although they may be needed. This action would probably result in reductions in services with

no reduction in cost. Hopefully an accommodation can be reached whereby the town can pay its employees in accordance with its ability to pay and not have to lay off employees in large numbers.

In June James D. Walsh, Director of Public Works, retired due to illness. Mr. Walsh served the town for 26 years in various capacities and his knowledge, experience and dedication will be missed. Town Engineer Peter Boghossian was appointed to succeed Mr. Walsh as Director of Public Works. A reorganization of the Department of Public Works was implemented with Mr. Boghossian becoming Director of Public Works/Town Engineer. The Engineering Department became a division of the Public Works Department as a result of this reorganization. This action provides for a better coordinated public works function and also resulted in a savings of \$15,000 in FY78 by eliminating one position.

The Office of the Town Administrator was also involved in the following matters:

Federal/State Grants: This office continued to investigate the acquisition of additional federal and state grants for miscellaneous projects. During this past year grant applications were filled for federal aid for sewers (\$1,000,000) and acquisition and development of an abandoned railroad right of way (with the towns of Norfolk and Wrentham — \$530,000); and for state aid for construction of a salt storage shed (\$30,000).

Sewer Use Charge: A sewer use charge was established for the first time in 1977 which is

expected to generate about \$205,000 in revenue. This use charge transfers the burden of paying for the sewer system from the tax rate to the actual users and prevented an additional \$1.50 increase in the FY78 tax rate.

School Meadow Brook Watershed: Action was taken to effect some control over the construction of a subdivision in Sharon which could have a detrimental effect on our drinking water supply. Outside counsel and an environmental consultant were retained to assist the town in this action. At the end of the year, the town and the subdivider were very close to an agreement as to what would be done to provide adequate protection for the water supply.

Economic Development: A working relationship with the State Department of Commerce and Development has been established and we have worked with that agency with a goal of attracting additional commercial activity to Walpole. At least one major industry has indicated a keen interest in locating in Walpole and we are hopeful that the company will decide to build in Walpole in 1978.

In late December, Gary R. Esposito, Assistant Town Administrator since 1974, resigned to accept a position with the City of Newport, R.I. Mr. Esposito has been a tremendous asset to me and the town throughout his period of employment. His ability, knowledge and dedication will be difficult to replace.

In conclusion, I extend my thanks to the Board of Selectmen, other boards and committees, and town employees for their cooperation and assistance during the past year.

ZONING BOARD OF APPEAL

The Board of Appeal has jurisdiction over appeals from rulings of administrative officials of the Town made under the Zoning By-Laws. Certain uses of premises require a Special Permit from the Board of Appeal. In addition, the Board of Appeal has authority with respect to particular premises to authorize a variance from the terms of the applicable provision of the Zoning By-Laws in certain instances. These powers provide a local tribunal familiar with local problems.

The Board acts only after a public hearing. Notice of the hearing must be published in a newspaper and also sent by mail to the petitioners and to the owners of all property deemed by the Board of Assessors to be affected by the proceeding, including the abutters of the land in question and the owners of land next adjoining the land of the abutters; and, to the various departments and Boards of the town. The Board's hearings are always public; and any person, whether entitled to notice thereof or

not, may appear in person, or by agent or by attorney. When the Board has reached a decision on any matter, the decision is reduced to writing and filed with the Town Clerk and Building Inspector, and notice of the decision is given to the persons believed to be entitled to notice of the hearing.

The Board consists of five regular members and five associate members.

1977 SUMMARY

Total Applications received and processed in 1977 = 61.

BUILDING CODE BOARD OF APPEAL

The Building Code Board of Appeal was created in November of 1975 to conform with Chapter 802 of the Acts of 1972 of the Commonwealth of Massachusetts and as established by the Town of Walpole.

Whoever is aggrieved by an interpretation, order, requirement, direction or failure to act under the Basic Code by any agency or official charged with the administration or enforce-

ment of the Basic Code or any of its rules and regulations may appeal to the Local Appeals Board.

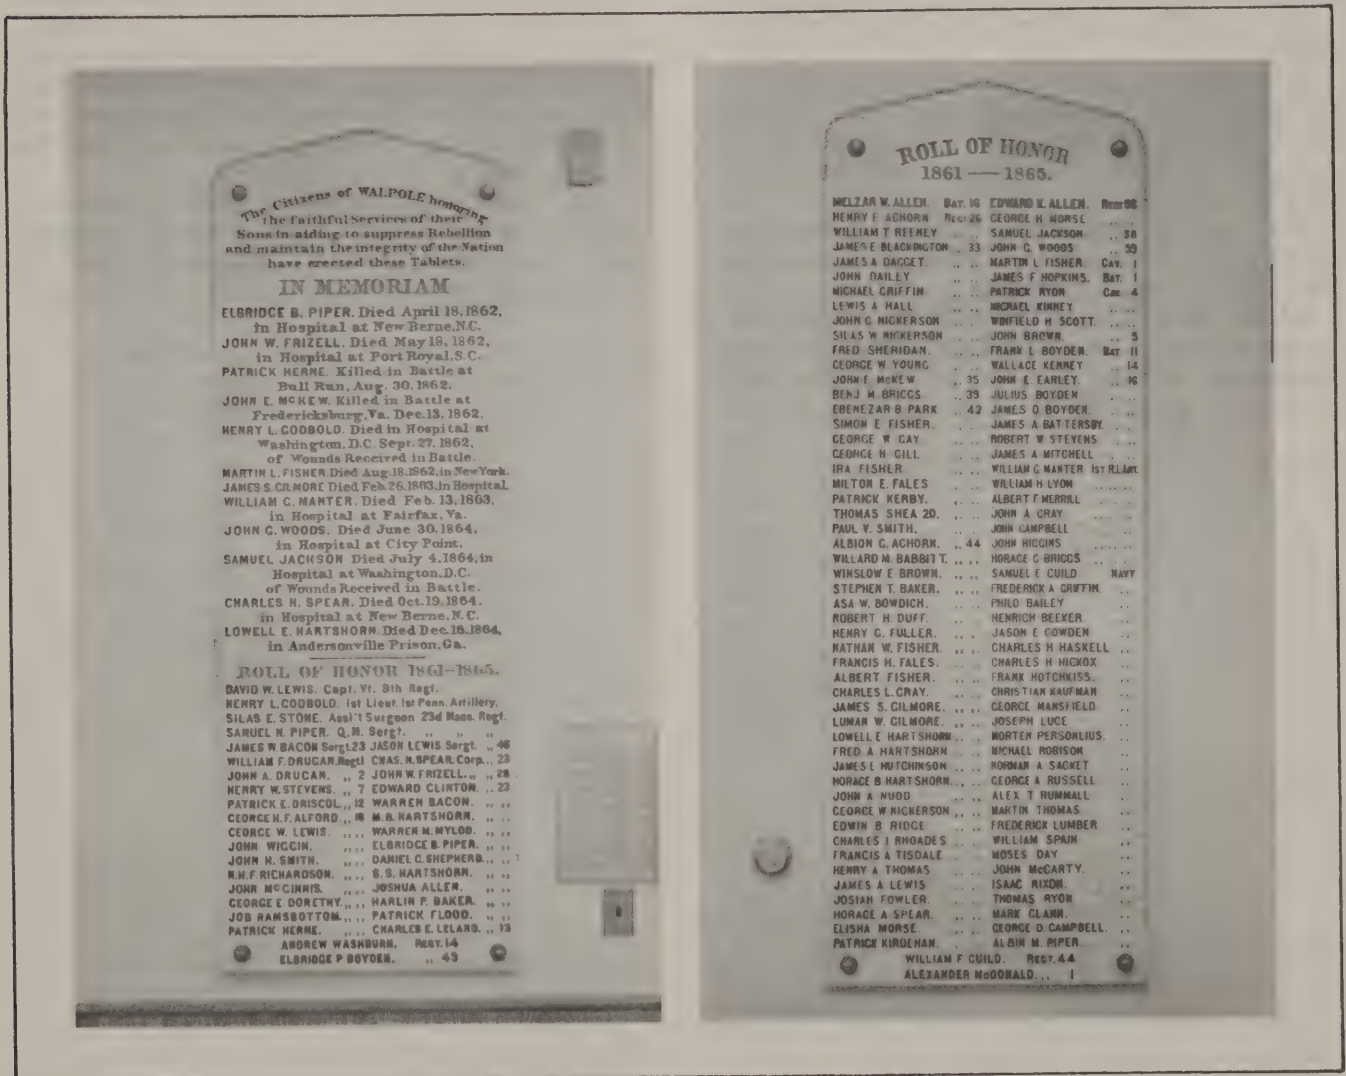

Application for appeal and fee schedule is available at the Building Inspector's office. Meetings are normally held the first Thursday of the month.

Appeal by the Kendall Co. of West Street was heard by the Board in 1977.

TOWN MODERATOR

The annual and special Town Meetings scheduled in 1977 were all conducted with due dispatch. The Finance Committee, various Town

Boards, and especially the Town Meeting Representatives are to be congratulated for their fine work.

TABLETS IN TOWN HALL — Memorials honoring Civil War Veterans. Dedicated in March, 1883.

TOWN COUNSEL

The year 1977 has been an active year for elected officials and Boards in the Town and therefore this office has had the opportunity to be of assistance in general municipal matters for these bodies.

Litigation has created no financial liability

to the Town and by enlarge might be said to have been of a normal nature.

It is with deep gratitude that I extend my appreciation to all officials, committees, employees and citizens-at-large for their kind cooperation, understanding and assistance during the year.

SIDEWALK COMMISSION

At the annual 1977 town meeting, funds were appropriated to build sidewalks on Main St. from Norton Ave. to the Neponset River; Bowker St. from North St. to an existing walk, Coney St. from Pleasant St. to U.S. Route 1 and thence to the end of an existing walk near the rear of the Walpole Mall; and Stone St. from the entrance to the Stone St. Industrial Park to the existing walk near the Karl West residence.

The Main St. and Bowker St. projects were completed last fall and the Coney St. project nearly completed before cold weather brought a stop to the work. This project and the Stone St. walk will be completed in the Spring.

The foot bridge over Traphole Brook on Coney St. will be constructed this summer by the Public Works Department.

At the 1978 Annual Town Meeting funds will be sought for the construction of sidewalks on Washington St. and Summer St. in South Walpole, also on Main St. from William St. to

Clarkson Drive, and a short piece of walk on Pleasant St. at Old Post Road.

In November, Mr. Raymond J. Berghaus, a "charter" member of the Commission resigned and the Board of Selectmen appointed Mr. Patrick J. Fasanello to fill the vacancy.

Mr. Fasanello is a member of the CORE evaluation team with the Boston School Department. He holds a Bachelors Degree from Northeastern University, and a Masters Degree from Boston State College, and has had experience in the construction business. His experience and background are greatly appreciated on the Commission.

We wish to take this opportunity to thank those citizens and town officials and employees who have assisted and cooperated with the Commission in its work during the past year.

Peter J. Hand, Chairman
W. Roderic Bruce
Patrick J. Fasanello

PROTECTION OF PERSONS AND PROPERTY

POLICE DEPARTMENT

The year 1977 saw the Walpole Police Department continue to grow in manpower. Six new officers were appointed to the force — Officers Bushway, Baltadonis, Kenny, Stillman, Sullivan and Walukevich. These officers were added to those shifts where the need was most apparent. Three officers have already completed their study with the Waltham Municipal Police Academy; the others will begin their studies in March of this year. Officers Bushway, Sullivan and Walukevich also completed the Emergency Medical Technician's program and are now registered with the National Board of EMTs.

Sergeant William Wall and Patrolman William Fitzgibbons are to be congratulated for completing their studies in police science at Dean Junior College. These officers were awarded Associated Degrees in Law Enforcement. Sergeant Joseph Betro and Patrolmen Headd, Donahue and Fuoco completed the Massachusetts Crime Scene and Search Program and were awarded diplomas in this field. Sergeant Edmond Driscoll and Sergeant Joseph Betro also completed a program in rape investigation given by the Massachusetts Criminal Justice Council.

In October of the year Edward Peatfield was named Chaplain for the Walpole Police Department. As part of his program Mr. Peatfield submitted a piece of inspirational writing to *Law and Order Magazine* (a trade magazine for the police profession) which was immediately accepted for publication in the November issue. He has been invited to write another article for *Law and Order* this year, thereby bringing the Walpole Police Department into a national recognition. Many other officers pursue courses in Law and Law Enforcement Procedures; all have shown a willingness to achieve and learn more about their chosen profession. We are proud of our department and the individual spirit of cooperation during the past year, and we look forward to that same spirit of cooperation operating throughout the coming year.

We ask your continued understanding and support, as we endeavor to serve you and the Town of Walpole with trust and integrity. The following statistics will better help you understand what your police department has been involved in during 1977:

New Equipment:

Highway Safety Car (to be used in driving education, radar scanning, and Highway Safety Operations.)

Drug Identity Kit for Field Testing and Analysis (to be used for immediate identification in drug and drug-related cases.)

	1976	1977
Persons arrested	293	317
Persons summonsed into court	—	817*
Persons placed in Protective Custody	150	177
Motor vehicle accidents	457	614
Fatal accidents	2	2
Ambulance calls	329	321
Rape	0	1
Breaking and entering	298	180
Attempted breaking and entering	43	26
Assault (and battery)	24	29
Arson	8	12
Robbery	3	5
Attempted robbery	1	2
Motor vehicles stolen	153	165
Motor vehicles recovered	71	81
Motor vehicles burned	17	15
Bicycles stolen	83	88
Larceny	450	432
Sudden death	10	17
Malicious destruction (vandalism)	489	393
Police officers appearing in court	1143	1895

**Denotes new method of tabulation; figure not available for 1976, as this now only reflects Town of Walpole cases. Total persons brought into court for prosecution of Walpole cases: 1134.*

FIRE DEPARTMENT

A number of departmental personnel changes were noted this year. Four men with a total of 109 years of service amongst them retired or resigned.

Lt. William Dowd of Company 3 retired after 36 years of truly devoted service to the department. He was appointed a Call man in March of 1941 and promoted to Fire Lieutenant in June of 1949. His precision both as a firefighter and as a leader and his accuracy in his record-keeping were greatly appreciated by all.

Captain Leo Brooks, also of Company 3, resigned after 35 years of service. He was appointed a Call man in December of 1942 and promoted to Captain in July of 1956. He resigned in April for reasons of ill health.

Assistant Superintendent of the Fire Alarm, Paul Kelly resigned in March after 30 years of service. He was appointed a Call man in May of 1947 and achieved his present position in 1956. He became the backbone of our Fire Alarm system and put in literally thousands of hours a year in maintaining and extending the system. I daresay our present system takes a back seat to none due primarily to Paul's efforts along these lines. Assistant Chief Chester Donnell assumed his responsibilities as of March.

In February, Captain David Jenks resigned from Company 2. Although his time on the department was comparatively short (8 years) he rose quickly from the ranks as a natural leader and firefighter. He was appointed a Call man in 1969, promoted to Lieutenant in 1971 and to Captain in 1973.

All of these men are sorely missed and could almost be considered irreplaceable. However, TIME MARCHES ON . . . and five new Call men were appointed in July.

Joseph Nolan was appointed to Company 1, Charles Baranowski and Lawrence MacDougall were appointed to Company 2, and Timothy Brooks and Richard Ellis were appointed to Company 3.

Three of these men are the sons of former firefighters and come by their passion for fire-fighting naturally.

One promotion occurred within the Call department when Firefighter Edward Brooks was promoted to the position of Lieutenant in Company 3. He became a Call man in 1947.

For the first time in my memory there has been a reduction in the number of alarms over the previous year. 1,878 still and box alarms were noted in 1976 as opposed to 1,138 in 1977, a difference of 740. We hope this is the result of people becoming more fire conscious.

Our worst fire this year was the barn fire on North Street, a clear case of arson. And prob-

ably our most unusual response was to an airplane down on Route 95 (no injuries). Numerous minor house and shed fires were attended to and we did have a fairly severe woods fire season in the Spring.

Our Training Program continued on a regular basis throughout the year.

The Night Before the Fourth celebration was again a tremendous success. It should be remembered that this is not a Fire Department function but is put on by members of the Fire Department on a purely voluntary basis and as a non-profit venture to assure the children of Walpole a safe and enjoyable evening.

Many thanks should be given the staff of the State Forest Fire Tower on Moose Hill in Sharon for the rapid spotting and locating of fires in Walpole. Many times we are on the way or at the scene before area residents are even aware that there is a fire in their backyards.

Firemen's Memorial on Walpole Common. Dedicated 1969.

Our permanent men continue to do a really great job. They have become professionals in every sense of the word and Walpole is the beneficiary of their expertise. For the first time since 1974 I have requested additional men to supplement this branch of the department. Having five men a shift will allow two trucks to move immediately (great when there's a building fire) and/or will provide that little extra manpower often needed to prevent the necessity of sounding a whistle for the Call men.

Again, thanks are due to all our citizens for their cooperation and support.

FIRE ALARM MAINTENANCE

The Fire Alarm Department is made up of a number of different phases which all play a very important part in public safety. The department provides fire alarm boxes on the streets for the general public to use in case of fire or other emergencies. It provides circuits for the use of master fire alarm boxes to automatically transmit an alarm of fire to the Central Fire Station. These master boxes are installed on schools and other public buildings, also industrial and commercial buildings, housing for the elderly apartments, Longview Farm Home, and others. The Fire Alarm Department also provides two-way radio equipment in the fire stations and in all fire department vehicles, also home alert radio receivers in each members home to call for his response to fires or other emergencies. Audible signals are provided to alert fire department personnel when outside their homes, or inside their homes if the electric power is off. Equipment is installed in the fire stations to receive alarms from the fire alarm system and provide a visual and audible indication of the location of the fire or emergency. Intercom systems are also provided to communicate between the fire and police departments, and all three stations.

We suffered a large amount of damage to our fire alarm system because of the surprise snow storm in the spring. Our system was returned to operating condition in a week's time, but

with many temporary repairs. We spent most of the summer and fall making these temporary repairs permanent. This condition also meant we had to step up our box testing program to make sure the whole system is in operating condition. Now as the year ends we are back to normal and can return to our regular maintenance programs on all phases of the Fire Alarm Department.

During the year Paul Kelly resigned as Deputy Superintendent of the Fire Alarm Department. He had been with the department since 1938 and is responsible for the excellent condition of our fire alarm system today. Over the years the entire system has been updated, added to, and maintained to a point where its reliability is unquestionable. There have been some setbacks due to hurricanes, ice storms, etc., but these things only offer a challenge and restoration has been rapid and complete in each instance. We in the Fire Alarm Department have enjoyed working with Paul through the years and are very sorry to see him leave. We will do all in our power to keep the system up, and again I say Paul has left us with an excellent system that we can be proud to maintain.

A total of 392 audible alarms were sounded over the fire alarm system this year. Of this 245 were squad alarms, and 146 were box alarms.

BOARD OF HEALTH

The following is a report of the Board of Health for the year 1977. Please note that Board meetings are held on *first* and *third* Tuesdays at 7:30 p.m. in our office in the basement of the Walpole Cooperative Bank.

The year 1977 saw some significant changes in certain factors having to do with public health. The Safe Drinking Water Act which went into effect in June imposed some rather stringent regulations on the Town as a supplier of drinking water to its townspeople. Among these regulations are the requirements to maintain an optimal chlorine residual (0.25 p.p.m.) as well as fluoride level (1.0 p.p.m.). In addition, strict bacteriological levels have been set.

In the earea of Food Service Establishments, the opening of several new restaurants has demanded more inspection time. In October, the Board voted to make it mandatory for all Food Service Establishments to subscribe to a certified pesticide service on a regular basis.

The number of permits issued this year for on-site septic disposal has nearly doubled over 1976.

The regulations for the keeping of domestic animals have been updated in an attempt to make them not necessarily more stringent, but more beneficial to the majority of our townspeople. One of these regulations reduces the number of domestic animals from seven to three on lots of 15,000 sq. ft. or less.

One of the most frequent calls to the Board of Health office this past year has involved the chlorine in the drinking water. As most of you know, we began chlorinating when the Harold Willis Water Treatment plant went on stream two years ago. Although the chlorine level is closely monitored and maintained at a very low level (0.25 parts per million), many residents who are not accustomed to drinking chlorinated water object to the odor and taste. Many have asked why we add chlorine and the answer is twofold; first, to make it possible to filter out the iron and manganese and secondly, to kill any bacteria which might be present.

1977 saw the forming of a pesticide study committee which is charged with the responsibility of studying our present pesticide program

with the aim of evaluating it and trying to assess any adverse effects which might come to our environment. Alternate methods of mosquito control are being studied. Inasmuch as mosquito control includes killing them in the larvae form, chemical spraying is carried out in our swamp lands, many of which are closely associated with our water sheds. It is obvious that a poor choice of chemical could be detrimental to our drinking water. It is for these reasons that the pesticide study committee is felt to be a very worthwhile endeavor. The members of the Pesticide Study Committee are — Chairman, Mrs. Ann Clapp, Mr. Patrick Fasanello, Mr. Thomas Gibbons, Dr. George Geyer and Mr. Laurier Cantwell.

At the May 24th Board of Health meeting, Mr. Donald Weber was voted in as new Chairman of the Board to replace Mr. William Lawless who resigned as Chairman after 3 years of service. Mr. Lawless still continues to serve as a Board member.

Walpole is indeed fortunate in having concerned citizens with a genuine interest in the

many factors which make for a healthy town in which to live and raise their families.

 Barbara J. Goodwin, Clerk

1977 marks the 68th year of health services provided to the residents of Walpole by the Visiting Nurse Association. Following twelve years of dedicated service as Administrator of the V.N.A., Aurelia M. Newell R.N., officially retired. On February 28th Patricia Lotfy R.N. B.S. assumed the administrative role. With the guidance of newly appointed Supervisor, Cindy Mayher R.N. M.S., the transition was smooth. Although minor changes in program policy have been formulated, total program philosophy remains uncompromised.

An attempt has been made to encourage adherence to the long standing V.N.A. office visiting hours, Monday, Tuesday and Friday 9 A.M. to 10 A.M. to insure the accessibility of nursing service. When the aforementioned time is inconvenient a mutually acceptable appointment is scheduled.

The emphasis of the V.N.A., in all aspects of its health care program, is on "prevention" — the responsibility that each of us must assume for his own well-being. In health or during illness the V.N.A. provides instruction in therapeutic measures to retain or regain, as the case may be, homeostasis of body and spirit.

Our Public Health work has increased this year with 1,045 Health Promotion and Health Maintenance visits vs. 958 visits in 1976. In addition to weekly Geriatric Clinics, the V.N.A. conducted Hypertension, Cancer detection (Breast), Lead Paint detection, T.B. Mantoux, Flu vaccine, Children's Immunization and Measles Reimmunization Clinics.

In recognition of the Mass. Dept. of Public Health's prediction that "no widespread or severe flu epidemic is expected", the emphasis on flu immunization, this year, was directed to the elderly and those with chronic disease. The bivalent, Type A & B, vaccine was dispensed.

The year 1977 saw an outbreak of measles in previously vaccinated children. In a coopera-

tive effort with school nurses, the V.N.A. nursing staff conducted measles reimmunization clinics in the local schools for all persons immunized before twelve months of age and/or all persons who received measles immune globulin with the vaccine before 1966.

Following hospital referral, the homes of all newborns are visited offering support to the family with emphasis on post partum medical follow-up for the mother, instruction in child care and physical assessment of the newborn.

The V.N.A. Morbidity program decreased in total visits this year 2,129 versus 2,310 visits in 1976 with a corresponding decrease in monetary receipts. With the current emphasis in health care delivery on shortened hospitalization stays and on the maintenance of the chronically ill within their own home environment, it is self-evident that the supportive network of community services, available through the V.N.A., is presently underutilized. Requests for V.N.A. service can be initiated by an individual client, his family or friends, his physician, or the hospital that may have provided initial therapy.

Due to increased costs realized in the delivery of health care it was necessary for the V.N.A. to increase its rates this year. Although third party reimbursement is forthcoming in the majority of cases where skilled nursing is involved, a partial payment scale was developed and is available to all recipients of care. The agency is certified and eligible for reimbursement through delivery of skilled nursing service to Medicare and Medicaid recipients. A fee schedule and a copy of the newly developed

"Patients' Rights" is presented to each client on initiation of service.

In an effort to insure quality care, the Problem Oriented Medical Record (P.O.M.R.) was adapted for agency utilization. Quarterly record reviews are conducted by members of the agency's Professional Advisory Board. Total agency program continues to be reviewed annually.

In anticipation of new Medicaid regulations that necessitate standards of care, a cooperative effort by area V.N.A.'s to develop Protocol is an ongoing process. Extended coverage requirements in the new regulations prompted the hiring of an intermittent on-call R.N., Janet Gillis. She replaces Mary Sullivan R.N. who resigned in September.

Continuing education for agency personnel has been encouraged. Throughout the year each staff member has availed herself of a variety of programs. Sharing of acquired knowledge is made possible through regular staff meetings.

The Walpole V.N.A. continues to serve as a community health resource center endeavoring to assist Walpole residents directly through our health care program and indirectly through a spirit of cooperative alliance with other community service providers.

ANNUAL REPORT OF THE EXECUTIVE DIRECTOR

We are constantly meeting more demands of Bloodmobile activity with two new Youth-sponsored mobiles this year — Walpole High School and Norfolk County Agricultural High School — and one church group, St. Mary's and Blessed Sacrament taking its own. Walpole Chapter is meeting its quota of 7% but has been asked to increase it to 10%.*

Our total bloods of productive donors for the Fiscal 1976-1977 was 1285 with 7 Blood-mobiles.

Our First Aid Program and its instructors is also on call for more and more courses. New State Laws are requiring that industries and schools provide courses which certify their personnel in First Aid. Walpole High School trained 120 students in MMFA, all school secretaries received their certification in MMFA taught by the school nurses who had become Instructors, all Physical Education teachers of WHS also became Instructors, two nursery school staffs became certified. The Police Dept., Fire Dept., Bird Machine Co., Hollingsworth & Vose, Kendall, and others have a continuum of courses.

There are changes always in our Volunteer responsibilities. We lose one good Volunteer to gain another, thus keeping the Chapter activity flowing and constant.

Water Safety maintains an excellent record certifying and caring for more children each year.

We haven't had as many SMF cases this year, but we're always here — ready.

For the support and help of the Officers, the Board, and the great army of Volunteers, I thank you in the name of Red Cross.

Most appreciatively,
Eleanor D. Edwards
Executive Director

**The Mass. Red Cross Blood Program goal is to meet the total needs of blood in every community. Walpole is achieving this.*

Fountain in East Walpole Square erected by the Children's Sewing Circle in memory of Miss Mary Bird who started the group. Dedicated in 1895.

MEDFIELD-NORWOOD AREA BOARD OF MENTAL HEALTH

The Medfield-Norwood Mental Health and Retardation Area Board of the Department of Mental Health consists of 21 citizens appointed by the Governor to act as representatives of their communities in issues regarding the comprehensive delivery of mental health and retardation services.

The Area Board representatives from Walpole for 1977 are:

Doris Wigren, 19 Ponderosa Lane, home phone 668-1487.

Barbara Moore, 105 Lewis Avenue, home phone 668-3690, business phone 668-0551.

For questions or suggestions regarding mental health and retardation services, call your Area Board representative, or the Area Office in Medfield at 359-4312, extension 203, or 727-8908.

SO. NORFOLK CO. ASSOC. FOR RETARDED CITIZENS INC.

SNCARC is a non-profit organization which serves mentally retarded persons and their families in twelve communities in South Norfolk County. In addition to operating two community residences for the mentally retarded, (one in Foxboro, one in Sharon), and several co-operative apartments in Walpole, SNCARC also provides vocational training in a sheltered workshop, and a variety of other pre-vocational, educational, social, and recreational activities in the Developmental Achievement Center and the Aid to Daily Living Program. The purpose of SNCARC is to assist and train our clients in the acquisition of the necessary skills, self-image, and adaptations so they may lead more normal and regular lives within the community.

The past year has been one in which exciting progress has been made in several program areas. Our new Early Intervention Program which aids developmentally delayed infants (0-3 years) and their families, has increased the staff and variety and volume of these services to towns and cities. We have begun an Adult Evening Program to increase services to both community and residence clients. We are also completing the planning for a new community residence for adolescents, to be located in Foxboro. SNCARC continues to be concerned with providing excellent programs of services to the mentally retarded throughout South Norfolk County, and Walpole town tax monies, as well as those from other communities, play an important role in that effort.

DEPARTMENT OF VETERANS SERVICES

1977 was a busy but rewarding year for the Department of Veterans Services.

Many Veterans and their families were assisted in filing for various benefits from the Veterans Administration such as Widows and

Childrens Pensions, Burial Allowances, Service Connected Compensation, Non-Service Connected Pensions, Grave Markers, Change of Address, Educational Benefits, and Annual Income Questionnaires.

An important part of the activities of this office is the assistance given to Veterans and their families under Chapter 115 of the General Laws of the Commonwealth of Massachusetts. During the year 1977, 23 Veterans and families were assisted under this program in the amount

of \$18,363.87.

Unemployment continues to create need for assistance among our Veteran population. Our experience, in 1978, with the assistance program will be effected by the amount of unemployment in the area.

ANIMAL INSPECTOR

All premises where livestock is kept have been visited and inspected and comply with the regulations set forth by the Division of Animal Health.

All new animals from outside the state, en-

tering herds, have been examined.

All reported dog bites have been investigated and quarantine regulations carried out.

No positive cases of Rabies were found.

ANIMAL CONTROL OFFICER

It is my pleasure to submit the following report of the Animal Control Officer to the Town of Walpole for the year 1977:

Lost dogs	453
Strays picked up	100
Dogs claimed by owners	42
Dogs destroyed	38
Dog bites	94
Dogs sold through adoption plan	10
Citations issued	363
Kennels inspected	72
Complaints received & answered	1,690
Signed complaints	87
Calls made by Animal Control Officer	1,771
Total calls received & answered	3,461
Enforcement (licenses)	2,196
Kennel licenses	76
Mileage	8,642

It has been a busy year for the Animal Control Officer especially since the new 24 hr. leash law went into effect July 6, 1977. I had set a goal of 2,200 dogs to be licensed, and including the kennel licenses, with hard work and enforcing the new law, I have accomplished this endeavor above and beyond my goal.

In the new year I hope to have the streets clear of stray dogs running loose, with the exception of an occasional dog that may break loose accidentally. This will have to be done with the cooperation of the Townspeople.

I feel that dogs are loved by their owners and can be protected *only* by their owners with

full compliance to the 24 hr. leash law. In keeping their dogs leashed; they protect them from getting killed or injured by motor vehicles, they protect them from getting sick or poisoned while probing through trash, and it eliminates lost and stolen dogs.

The Animal Control Officer is also the K-9 Special Police Officer of the Town who assists the Police when they need a dog for their K-9 Police work.

K-9 Officer Mario Centamore and 5-year old "Shawn".

NORFOLK COUNTY MOSQUITO CONTROL

Submitted herewith is the report of the Norfolk County Mosquito Control Project of its activities in the Town of Walpole for the year ending December 31, 1977.

Larvicide by backpack and mistblowers	431 acres
Catch basin application for larvicide and adulticide	1755

Adulticide mistblowing from trucks	17,880
	acres
Ground U.L.V. adulticide application	960
	acres
Drainage ditches cleaned	12,524
	feet
Brush obstructing drainage cut	4,400
	feet
Culverts cleaned and opened	49
Drainage ditch construction	1,505
	feet
Recorded calls for information and assistance	221

Albert W. Heuser, Sup't.

The Norfolk County Mosquito Control Project was formed under Chapter 341 of the Acts of 1956. The Project contains twenty-two towns within Norfolk County; the remaining six towns are in Mosquito Control Projects which were established prior to 1956.

Modern-day life-style has created an atmosphere and the opportunity for more rest and relaxation. Outdoor recreation in mosquito-free residential areas is more and more a necessity. Many public recreation areas have limited use whenever there are large numbers of mosquitoes. Furthermore, these insects transmit several diseases of both man and animals.

The major effort of our control program is directed toward the elimination of mosquito breeding sources through drainage and water management techniques. Our diversified year-round programs encompass the best methods, materials and technical equipment available. These programs, using a regional approach, result in better, less expensive and safer control for all of the member towns.

There is a misconception, gaining more and more popularity, that biological control agents or techniques are now operational and ready to take the place of chemical insecticides. Our Project maintains a continuing surveillance of the on-going research and development on mosquito sterilants, parasites, predators, mutants, pheromones, repellants, growth regulators and viruses. Studies to date indicate that they have exorbitant cost factors and a lack of effectiveness in widespread practical application.

The Commissioners of the Project desire to maintain effective liaison with public officials in the member towns in all of our efforts and to make ourselves available throughout the year for assistance on all mosquito problem areas.

The Norfolk County
Mosquito Control Commission

F. David Crowley, Chairman

CIVIL DEFENSE PREPAREDNESS AGENCY

During the past year, in addition to our normal participation in town functions, the Walpole Civil Defense Preparedness Agency was on standby for major storm alerts and participated in state exercises.

Six new men were added to the auxiliary police unit during the fall, and will see service during the Spring of '78.

In addition to receiving classroom training which includes basic first-aid, CPR, radiological defense and firearms training, the auxiliary

police unit received specialized training with regular police officers on week-ends.

Communications, nursing, rescue, radiological and warning are other units within the organization.

Volunteers are always needed for the varied and expanding activities of the CDPA.

We regret to announce the passing on of two of our members, long-time resident and Deputy Director Wallace Duncan and Auxiliary Police Officer Edwin Jankowski.

HERITAGE

WALPOLE HISTORICAL COMMISSION

A comprehensive inventory of Walpole's architecture is currently underway.

Because of additional federal legislation affecting National Register properties, Walpole will not be eligible for National Register nominations and federal preservation funds until this project is completed or considered well underway by M.H.C. (Massachusetts Historical Commission).

Mr. Thompson Lingel of Medfield, Massachusetts, an architectural historian, is presently employed by the Walpole Historical Commission for this purpose, funded partially by the Kendall Fund.

Enclosed in this report is a form that will help us identify all of Walpole's structures. Our architectural heritage is a significant part of our environment. It is highly important that records be made of these historical links between past and future generations.

The Historic Sites Act of 1935, Pl. 74 - 292 (49 Stat 666), formally recognized the need for such records by authorizing the National Park Service to conduct surveys and to secure and preserve drawings, plans, photographs, and other data relating to historical buildings.

We ask you to please fill out the enclosed form for our records and to be forwarded to the M.H.C.

To quote Maximilian Ferro from The Preservation Partnership, "The very term 'preservation' has today become a catchword, but its too liberal use should not be allowed to obscure its simple meaning: Preservation is merely the act of keeping what you already have."

Since the culmination of the Bicentennial Commission activities, the Historical Commission has continued a study of the Neponset River saw-mill sites. After the publication of "Walpole's First Sawmill" by Frank Larrabee and Karl West, the Historical Commission hired The Preservation Partnership, a colonial archeological company. This company, which has done work at the Fairbanks House, has made an overall study of the area of the Neponset River near South Street. The contours have been studied, an old well has been located, about one dozen exploratory pits have been dug and filled in, one Indian mortar has been found, and a report has been submitted to us. Based upon the report and other evidence, some additional exploratory work will be done this year.

Another project of the Commission involved the original boundary line between Dedham and

Dorchester. This boundary was a straight line from Castle Island in Boston Harbor through the wilderness to the Dedham Rock. This rock indicated the southernmost point of early Dedham. Everything on the west side was Dedham, and everything on the east side was Dorchester. The line was mentioned in maps or records in 1685, 1696, 1725, 1734, 1831, 1832, and 1853. Then it seemed to disappear from the records as a landmark. It has been found, recorded with the Massachusetts Historical Commission, and is pictured with this report. Technically, for the record, it is at 71° 17' 30" E and 42° 5' 0" N.

Dedham Rock

We have in our possession now a previously unknown published copy of Dana Robbins' "History of the Robbins Family in Walpole."

Beyond this, we continually are searching, scratching, and studying to learn more about Walpole. We ask the residents of Walpole, again this year, to please help us. If you know of an old cellar hole, a root cellar, an old cemetery, an old deed, a furnace site or have an old anecdote which might contain some factual information, please tell us about it. If you wish to get involved in the study of the project, we will be glad to help you get started. We are continually amazed at all of the things we keep learning about the Town.

Our work continues to serve youth groups and students in Walpole's early history.

We remind residents that a form to help you search the deeds to your house is available through the Town Clerk's office or the Historical Commission.

Monuments and burial ground surveys are being continued.

As in the past, the Walpole Historical Commission will make recommendations to the Selectmen and the Town Administrator concerning the protection and preservation of Walpole's historical assets.

We welcome comments, suggestions, and information from the citizens of Walpole.

BICENTENNIAL COMMISSION

The Bicentennial Commission completed its last program on September 18, 1977 with the dedication of the Bicentennial Park.

A site adjacent to the Deacon Willard Lewis House, 33 West Street, was transformed into a small park. The site is where Walpole's first schoolhouse stood in 1758.

Dr. Dorothea Kunde, chairman of Walpole's School Committee, unveiled a stone with this inscription:

Site of First School House
Built by Deacon Ezekiel Robbins
on Land of Rev. Phillips Payson
Walpole Bicentennial Commission
1976

The Park was designed and constructed by students from the Norfolk County Agricultural School under the guidance of Mr. Bruno Terrasi. We are most grateful for their contribution to the bicentennial celebration and the Town of Walpole. The fact that the students worked on the site adds to its significance.

The ceremony began with the ringing of an old school bell by Maureen Rivers. Many townspeople attended, including Rep. Frank Woodward and Selectmen Campbell, McCormack, and Sprague. Rev. John Griswold gave the benediction. President of the Historical Society, Roy Belcher, invited guests to a reception at the Deacon Willard Lewis House, where a display of Walpole's school memorabilia was on display.

We feel we have fulfilled all of the requirements set forth by the American Revolution Bicentennial Administration (ARBA).

Heritage — Festival — Horizons

A document sent to Walpole and signed by President Gerald Ford hangs in the Society's headquarters as a reminder of Walpole's part in America's Bicentennial Celebration (complete report in 1976 Town Report).

Mike Walsh

NATURAL RESOURCES AND RECREATION

CONSERVATION COMMISSION

The Conservation Commission has the responsibility of protecting and preserving the natural resources of Walpole for present and future generations. Protection of the water supply and flood control are also major concerns of the Commission. The implementation of the Wetlands Protection Act in 1972 and the Inland Wetlands Act in 1976 has given the Commission the specific responsibility of setting the conditions for any construction activity in the wetlands located within the 20 square miles of the town. The Wetlands Protection Act requires that the commission, at the request of any interested party, determine if the act (G.L. C 131 S40) applies to a parcel of land upon which construction activity is to take place. If the act does apply a public hearing is held after which the Commission issues an "order of conditions" under which the work may proceed. A December 1977 amendment to the act now gives applicants the option of filing a "notice of intent" with the Commission immediately after they have submitted applications for all permits, variances and approvals rather than waiting until all such applications have been approved by the various town boards involved. This option significantly reduces the time an applicant must wait to obtain Conservation Commission approval. The Inland Wetlands Act (G.L. C 131 S40A) grants protection to approximately 1500 acres of wetlands by prohibiting certain types of construction in the protected areas.

During 1977 the Commission, with the cooperation of the Town Administrators office and the Norwood CETA Consortium, obtained the services of several trail-clearers who were employed in making certain Commission owned properties more accessible to the public. The Commission also obtained the services of a full-time Conservation Assistant who is available weekdays at the Town Hall.

Land acquired during the past year totaled 95 acres. The gifts of Mr. E. Swartz of Newton, Ma. (50.3 acres) and the Flatley Co. of Braintree, Ma. (14 acres) represented 64.3 acres while the remaining 30.7 acres was purchased under the provisions of the Self-Help program which qualifies the town for 50% reimbursement by the State.

Current projects include the sponsorship of a student to the Massachusetts 4-H Conservation School Conference, the establishment of garden plots (victory gardens) on conservation land, the sponsorship of a Family Membership in the Mass Audubon Society for use by the public; passes may be obtained at the Recreation Dept. office, on-going meetings with the Soil Conservation Service regarding the town flood control project which has been proposed for the Conservation Commission owned property known as the Allen parcel, up-dating the conservation section of the town master plan; in order to qualify for State and Federal funds, providing data for various governmental studies and negotiations with various land owners regarding the sale or tax-deductible gift of their land to the Commission.

The French & Indian War Memorial Fountain given by George A. Plimpton in 1901 rests on the original old town well.

It is only with the interest and cooperation of the general public that the Commission can attain its goals. The regularly scheduled meetings of the Conservation Commission are held at the Town Hall on the 2nd and 4th Wednesdays of the month and citizen participation is welcomed.

RECREATION DIRECTOR

The Recreation Department, now celebrating its 10th year under the direction of Dominic A. Baldassari, wishes to take this opportunity to thank all the citizens and Town Departments who have been our inspiration over the years, to provide Walpole with a well balanced Recreation Program suitable for all ages.

The Recreation Committee, a five member Board consisting of J. Chauncey Smith, Chairman, Paul Cuomo, James Connolly, Frank Brown, Dorothy Morgan and Associate Member Stephen Kiley, continue to work on present and future programs and sites to better serve the needs of our citizenry.

The West Jr. High Recreation Complex, which began in 1974, is nearing completion and should

be finished in 1979. This facility will aid greatly in school and recreational usage. It is a tribute to the Townspeople who saw the need and were instrumental in providing funds.

The Recreation Department has published booklets describing the programs offered and these may be picked up at the Recreation Office and all Public Libraries.

A note of interest to all our citizens is a reminder that all Recreation Department employees are part-time workers. The Recreation Committee and staff pledge to continue our work to provide good recreation programs for all ages; with the continued support of our citizens, our goals can be achieved.

TOWN SERVICES

DEPARTMENT OF PUBLIC WORKS

The Department of Public Works was re-organized on June 1, 1977 with the addition of the Engineering Department, and the appointment of Peter Boghossian as the Director of Public Works and Town Engineer. Presently, there are a total of 65 permanent full-time positions within this Department; each division is headed and or staffed as follows:

Highway and Park	
Pasquale Marino, Supt.	28 positions
Building Maintenance	
James Clerici, Supt.	13 positions
Sewer & Water	13 positions
D.P.W. Maintenance	
Bennet Gove, Supt.	4 positions
Engineering	
John Rhoads, Asst. Town Eng.	4 positions
Clerical Staff	3 positions

The cost of services provided by the Department is reflected in our total operating budget, which is now approximately one and three-fourths million dollars. Our goal is to plan, organize, equip, provide a level of services, and administer a Department of Public Works that employees can take pride in, that townspeople can be proud of, and that can be used as a model for other communities. Division reports follow.

D.P.W. Maintenance Division

The Maintenance Division performed regularly scheduled maintenance and repair work on all Town-owned vehicles (excluding fire engines) and miscellaneous equipment. A current schedule of all vehicles and major equipment maintained is as follows: dump trucks (13), pickup trucks (13), sedans (17), ambulance, Civil Defense Van, backhoes (2), road sweeper, road grader, front end loader (2), crawler tractor (2), air compressors (3), rollers (3), leaf collectors (2), tractors (5), tractor mowers (5), tractor accessories (9), trailers (3), wood chipper (1), sewer rodders (3), pumps (7), spreaders (3), sidewalk tractors (3), snow plows (15), sander unit (5), sander chasis (2). The above list of vehicles and equipment have an approximate value of one and one-fourth million dollars.

Major repair work performed included: four transmissions and three differential overhauls, three clutch — two front end — two engine — one valve — and seven brake jobs. Also, the auxiliary natural gas and diesel engines at the

five water pumping stations and water treatment plant were serviced and maintained.

Highway and Park Division

The Highway and Park Division is responsible for maintenance of streets, sidewalks, storm drains, traffic signs and lights, snow and ice removal operations, and maintenance of grounds at all public buildings, parks, playgrounds, playing fields, commons, and grass strips along roadways.

More than five miles of the following secondary roadways were prepared, and resurfaced with liquid asphalt and stone: Allston St., Gill St., Smith Ave., Woodard Rd., Woodruff Rd., Williams St., Pemberton St., Neponset St., Marion St., Granite St., Clinton Ave., Baker St., Bowker St. The following streets were resurfaced with bituminous concrete: Main St. — East St. to State Line (1360 feet), Washington St. — Short St. to Norwood Line (5280 feet), Washington St. — Common St. Southerly (1500 feet) and Common St. — Washington St. to Sharon Line (3500 feet).

Other highway related work performed during the year is as follows: mechanical sweeping and cleaning of all streets; bituminous concrete patching of countless potholes and utility trenches; application of approximately thirty-five miles of pavement markings; installation of about 1600 lineal feet of steel guard rail on Stone St., North St., Winter St., Washington St., and Elm St. Storm drainage projects include repair and or new construction of more than twenty catch-basins at various locations, cleaning of more than 1600 catch basins under contract, and cleaning or "rodding" of obstructed drains where necessary. A total of about 210 new traffic and street signs were either made, or purchased and installed.

This year completes the tenth year of our operation of the sanitary landfill off Lincoln Road. Significant attention has been given to the overall operation and appearance of the landfill in full compliance with all applicable rules and regulations.

Nearly one hundred acres of parks, lawns, and playing fields throughout the Town were maintained on a regularly scheduled basis. Other miscellaneous work includes the cutting of grass and brush along roadways, maintenance

of trails and removal of brush from the Town Forest, the leaf collection program, planting of about 60 trees alongside roadways as requested by the residents, and removal of about 40 dead trees.

Building Maintenance Division

The Building Maintenance Division is generally responsible for building repairs and upkeep, capital improvements and proper operation of functioning systems in all public buildings. The Permanent Advisory Building Maintenance Committee prepares a fiscal year budget detailing specific building maintenance and improvement projects scheduled for the year. When combined with salaries and other expenses, the total operating budget for the year slightly exceeded one-half million dollars. An analysis of the budget by certain categories, and per cent of the total budget is shown below:

	Budget	% of Total
Personal services	\$128,200	25.4
Heating fuel	163,000	32.2
Heating equipment	44,500	8.8
Contractual services	92,800	18.3
Vandalism, contingency	35,000	7.0
Miscellaneous	42,100	8.3
	\$505,600	100.0

It is interesting to note that heating fuel and heating equipment repairs comprise 41 per cent of the total budget. Also, approximately 80 per cent of the entire budget is allocated toward the maintenance of all public school buildings.

We are pleased to report once again that there has been further reduction in damage to public buildings as a result of vandalism. All of our public school buildings have now been equipped with fire alarm systems, and eight of these buildings have sophisticated vandal alarm devices within them. Progress has been made in our programs of preventive maintenance and energy conservation. Countless numbers of repairs and maintenance work utilizing all major building trades were made in all buildings; some of the more important items of work are listed below by buildings or categories:

BIRD SCHOOL. Installed security screens.
BOYDEN SCHOOL. Repainted two chimneys and portions of the building.

EAST JR. HIGH SCHOOL. Retiled floors in cafeteria, stage, hallway, and front stair well area; removed and replaced covering on No. 1 boiler; remodeled cafetorium into several teaching stations using solid and folding partitions; installed new lockers.

NEW FISHER SCHOOL. Replaced refractory on No. 1 boiler; repaired roof; replaced incandescent lights with fluorescent in several classrooms.

SR. HIGH SCHOOL. Installed security screens; repaired roof over gym — Section B; replaced bottom section on No. 3 boiler; partitioned boys' locker room; removed vault door; installed new lockers; remodeled girls' locker room — Section A.

Boulder on the Common honors the Veterans of all wars. Dedicated in 1958.

PLIMPTON SCHOOL. Replaced refractory in boiler.

NEW STONE SCHOOL. Remodeled cafeteria by installing folding partitions; installed fluorescent lights in all rooms on the second floor.

WEST JR. HIGH SCHOOL. Installed carpeting in media center; installed new lockers.

BLACKBURN MEMORIAL. Removed and replaced incandescent lights with mercury vapor lamps in the main hall; installed electrical outlets on both sides of the main hall.

TOWN HALL. Remodeled offices on second floor to accomodate the computer.

FENCES. Installed new fences at the Center Little League Field, Boyden School, and New Fisher mini-park.

HEATING SYSTEMS. Cleaned all oil burners and boilers; recalibrated all thermostats in all buildings.

Water and Sewer Division

The Water and Sewer Division is responsible for the operation and maintenance of the Town's water supply and distribution system and the sanitary sewer system. In compliance with the new "Drinking Water Regulations" as promulgated by the Massachusetts Department of Environmental Quality Engineering, six water samples collected weekly and samples from each well collected monthly are sent to a certified laboratory for specific testing and analysis. Since fluoride is added to the entire system, water samples are sent monthly to State Laboratories for testing, in addition to our own daily tests. At the Water Treatment Plant, both "raw" and "treated" water is tested daily for various parameters. Other than general operations and maintenance work, the following new construction and miscellaneous work was completed:

Number	Description
43	3/4" water service installations
2	1" water service installation
2	1½" water service installations
1	2" water service installations
7	6" diam. water main connections
7	water service renewals
14	fire hydrants installed
14	water main repairs
36	water services lowered to prevent freezing
52	leaking water services and hydrants repaired
6	sanitary sewer installations

Under contract, 40 of the tubular wells at the Washington No. 1 wellfield were cleaned and redeveloped, together with the cleaning, redeveloping, and necessary repair work to Washington Street Well No. 2 and Mine Brook Well No. 1.

Total production statistics from our wells for the year, in gallons, are shown in the following table:

Washington Street	
Well No. 1	10,730,000
Well No. 2	103,754,600
Well No. 3	142,556,400
Well No. 4	193,255,500
School Meadow Brook Aquifer	
Total	450,296,500
Mine Brook	
Well No. 1	44,940,000
Well No. 2	1,706,700
Well No. 3	230,575,300
Mine Brook Aquifer	
Total	277,222,000
Grand Total	727,518,500
Average daily production	1.99 Mill. Gall.
Max. day pumped 8/6/77	4.11 Mill. Gall.

Listed below is a table showing the total annual production of water in millions of gallons for the past decade. It is interesting to note the substantial decrease in consumption since the record year of 1974, and that in fact we are pumping less water now than we were ten years ago. The primary reason for this decrease is attributable to the repair of the many leaks noted in the 1976 water leakage survey.

Year	Production (Million Gallons)
1968	792.8
1969	831.6
1970	827.2
1971	831.6
1972	873.6
1973	889.1
1974	982.5
1975	956.6
1976	827.2
1977	727.5

Approximately 169 million gallons of water or 23.2 per cent of the total production in 1977 was consumed by industrial or commercial users having a total of 43 water meters. There are a total of 4957 water meters in service, which represents an increase of 64 meters over last year.

With the addition of 0.96 miles of gravity sanitary sewer mains constructed this year, the system now has a total of 36.48 miles of sewer mains. At the end of the year, there were a total of 1604 sanitary sewer building connections in service; this figure represents 33.9 per cent of all buildings. Over the past six years a total of 8.2 miles of sewer mains have been added to the system at an expense of just under one million dollars. During this same period, however,

records indicate that slightly more than one-fourth of all homeowners who could possibly connect to a newly constructed sewer main have actually done so. The following table shows the number of house connections made and available by year, together with the percentages of homes connected:

Year	Connections Made	Connections Possible	% Connected
1972,3	33	74	44.6
1974	28	95	29.5
1975	45	153	29.4
1976	23	111	20.7
1977	1	22	4.5
Totals	130	455	Average % 28.6

Engineering Division

Survey, design, contract plans and specifications, and resident engineering services were provided for the following contracts: Winter Street Reconstruction, bituminous concrete sidewalks — Bowker Street, Coney Street and Main Street, sanitary sewers — North Street and Old Post Road, and storm drains — Pine Street, Summer Street, Summer Street and Whiting Avenue. Sewer "orders" for 37 parcels on North Street and Old Post Road were prepared and filed at the Norfolk Registry for future sewer assessments. Sewer assessments for Upper Common Street area and North Street were computed under the new unit method of sewer assessment. Betterment assessments for the Davis Street Reconstruction Contract, completed this year, were computed and processed.

Written reports were submitted to the Board of Appeals with respect to engineering criteria and compliance to the provisions of our Zoning By-Laws in the following categories: non-residential site plans (24), special permits for flood plain construction (10), multi-family (2), and earth removals (2).

All necessary engineering data and recommendations on subdivision control matters were provided for the Planning Board. A total of 35 written reports were submitted as follows: 3 for preliminary subdivision plans (63 lots total), 7 for definitive subdivision plans (61 lots total), 7 for bond determinations, and 18 for miscellaneous inspections and reports. Periodic inspections and construction monitoring was provided for all subdivisions in an active state. At the end of this calendar year there are 25 developments comprising 533 lots of land under some stage of subdivision control and jurisdiction of the Planning Board as indicated below:

- 20 Residential Subdivisions — 444 lots
- 1 Industrial Subdivision — 11 lots
- 4 Preliminary Subdivision Plans — 78 lots

The following Town maps were updated and reproduced for distribution purposes: street, zoning, governmental lands, conservation, inland wetlands, sewer, and water. Street acceptance plans, layout descriptions, and taking orders were prepared and recorded in the Norfolk Registry of Deeds for Barbara Road, Chickering Lane, Fern Drive, Foliage Drive, Millbrook Avenue, Partridge Lane, Pheasant Hill Road, and Ridge Road. Other areas of study and effort include the preparation of utility easement and taking plans with descriptions for recording purposes, storm drainage studies and problem investigations, numerous various construction cost estimates and various compiled plans. Town property lines and easement surveys were provided as needed. The integration of this Division into the Department has resulted in our broader involvement with Public Works activities, which has had a very positive overall impact.

A detailed summary of additions to our water, sanitary sewer, and storm drainage systems constructed during the year is categorized below:

WATER SYSTEM

1. Subdivisions	8" C.L.D. I(L.F.)	6" C.L.D. I(L.F.)	Hydrants

WEIGHTS AND MEASURES

A summary of the department's activities during 1977 were:

Units Tested	451
Units Sealed	399
Units Adjusted	73
Units Condemned	7
Units Not Sealed	10
Fees Collected and Paid to Town Treasurer	\$825.40

Units tested included, but were not limited to, scales, gas pumps, oil truck meters, balances, and bulk storage tank meters.

In addition to the above, spot checkings of food items were conducted in order to ensure proper weight and compliance with Unit Price Law.

WIRE INSPECTOR

Chester Donnell — Inspector
Steele Lightbody — Deputy Inspector

Inspections made during the year:

New Homes (normally 3 inspections each)	238
Additions (normally 1 or 2 inspections each)	205
Services	58
Commercial (as many inspections as required)	160

Industrial (as many inspections as required)	20
Swimming Pools (normally 2 inspections each)	42
Carnivals	2
Barns	4
Gas or Oil Burners	5
Re-wiring after Fire	10
All complaints were investigated.	
Total	734

PLUMBING INSPECTOR

Three hundred seventy-five (375) Plumbing Permits were issued during the year 1977. All complaints were investigated. At this time, I wish to thank the Board of

Health, Town Administrator, Building Inspection Department and their staff for cooperation given me in carrying out the duties of Plumbing Inspector.

GAS INSPECTOR

During the year 1977, 206 gas permits were issued as follows:

25 — New Dwellings
181 — Replacements

I have worked closely with the building and plumbing inspectors in the investigation and handling of all complaints.

TOWN REPORT COMMITTEE

The Town Report Committee, appointed by the Selectmen, is responsible for obtaining reports for the previous calendar year from the different town departments and committees. Periodic meetings throughout the year are held for planning the report which must be in the hands of the RTM members by the opening of the Annual Town Meeting.

Again, this year, many reports were received by the January 15th deadline, however, too many were not. In cases where the reports are not received, follow-up phone calls must be made to the individual committees. This time delays the assembly and delivery of material to the printer and consequently, the delay of the receipt of the printed reports.

The problem of numerous errors in the 1976 Annual Town Report necessitated the printing of a corrected second copy.

The cover, Blackburn Memorial Hall, was drawn by Mr. George R. Marshall, who has been an active member of the committee for four years.

The Band Stand on Walpole Common given by Joseph J. Feeley, 1903.

INSPECTOR OF BUILDINGS

The Inspection Department is responsible for the review of all applications and plans, issuance of permits and inspections, during the period of construction, of all construction activity in the Town including new buildings, alterations and additions to existing buildings, erection of swimming pools, signs, antennae and other miscellaneous structures. Before issuance of Occupancy Permits for new buildings, we must be sure that the building is in compliance with the State Building Code, the Rules and Regulations of the Architectural Barriers Board, commonly referred to as the "Handicapped Code" — the National Fire Code, also known as the "NFPA Code" — as well as the Zoning By-Laws of the Town of Walpole. In addition, in certain cases, conditions set forth by the Zoning Board of Appeals, Building Code Appeals Board, Conservation Commission and Department of Public Works of the Commonwealth of Massachusetts must be met and approved by this office. Further, we must be sure that any requirements of the Town Engineer, Sewer and Water Commissioners, Planning Board, Board of Health, Fire Department and Plumbing, Gas and Electrical Inspectors are satisfied.

We are required by the State Building Code to conduct yearly inspections of all signs within the Town as well as making yearly inspections and certifications of all partially preserved or totally preserved historic buildings and of all buildings accessible to the public.

The Inspector of Buildings in his capacity as Zoning Enforcement Officer is responsible for enforcing the Zoning By-Laws, for responding to any complaint of alleged violations of them and, when necessary, for taking whatever action as may be required, including the filing of a complaint in court, to obtain compliance with them.

During the months of July, August and September this office was called upon to assist with the revisions to the "Flood Plain" section of the Town's Zoning By-Laws. It was necessary to revise this section of the Zoning By-Laws in order for the Town to remain in the Federal Flood Insurance Program. After many long hours spent drafting the proposals, with the committee appointed by the Town Administrator, and presenting the proposal to the Selectmen, Finance Committee and Planning Board and finally revising the proposal as suggested by the various boards and citizens who attended the public hearings, copies of the proposed By-Law were mailed to every Representative Town Meeting member along with copies of the existing by-law and other necessary information to help familiarize them with the proposal. The proposal was presented to a Special Town Meeting on Wednesday September 28, 1977 and was voted, as amended, by a standing vote of 65 yes to 28 no.

In November, we were called upon to provide comments and recommendations to the

Board of Selectmen on the final draft of the proposed recodification and revision of the Zoning By-Laws as prepared by the Zoning By-Law Study Committee. After an intensive review of the document, involving many hours, a comprehensive report was submitted to the Selectmen in early December. It is expected that some revisions will be made to this proposal and that it will be presented to a Special Town Meeting sometime during 1978.

Numerous zoning problems were handled in this office involving all areas of the town. Eight of these problems were unable to be resolved agreeably and resulted in complaints being filed in District Court in Wrentham. Seven of these matters have now been resolved to the satisfaction of all parties and the eighth is scheduled to be heard in late March. In addition over sixty zoning matters were referred to the Zoning Board of Appeals for public hearings. This office, in addition to handling all applications for appeals and assisting applicants in

making application to the Board, has been available to the Board to assist them in whatever way possible.

Two hearings were also held by the Building Code Appeals Board. As in the case of the Zoning Board of Appeals, our office was available to assist both the applicants and the Board in whatever way possible.

Separate reports have been filed by the Zoning Board of Appeals and the Building Code Appeals Board as well as by the Wiring, Plumbing and Gas Inspectors.

As noted in our Annual Report for 1976, construction activity increased significantly during December of that year. This proved to be a harbinger of things to come as there was, in fact, a significant increase in construction during the year 1977. Building permits issued during 1977 numbered 396 up approximately 19.6% from the 331 issued in 1976. However, total estimated value of construction

The Cross on Walpole Common marks the site of the First Meeting House.

for 1977 was \$5,314,475 up approximately 73.5% from the 1976 figure of \$3,062,835. Total revenue remitted to the Town for building permits alone was \$15,511.50 up approximately 52.5% from the \$10,170.00 for 1976. Total revenue remitted to the Town from the Inspection Department, including building, plumbing, wiring and gas fees, was \$23,176.75 an increase of approximately 46.1% from the 1976 figure of \$15,860.

If late year activity proves, once again, to be an accurate gauge of anticipated construction activity for the coming year, then 1978 should be a very busy year. The months of November and December were two of our busiest. The 86 permits issued during these two months included

28 for single family residences, nearly one-third of our yearly total. November proved to be our most successful month financially. The 47 permits issued during this month represented a total estimated cost of construction of \$1,225,985 or 23.0% of the yearly total and the fees collected for these permits totaled \$3,594 or 23.1% of our total.

The 93 permits issued in 1977 for single family dwellings represented a 57.6% increase over the 59 issued in 1976. The estimated cost of construction of these residences was \$2,405,000, a 49.9% increase over the 1976 figure of \$1,604,000.

The following chart reflects our activity during the past year.

	No. of Permits		Estimated Value
Single Family Dwellings	93		\$2,405,000
Two Family Dwellings	1		55,000
Multi-Family Dwelling Units	7	(52 dwelling units)	1,065,000

Demolitions	2		--
Fireplaces & Wood Burning Stoves	33		23,425
Total	396		\$5,314,475

EDUCATION

SCHOOL COMMITTEE

Consistent with the reports for the past four years, the School Committee's Report to the Citizenry of Walpole is inclusive of not only the planned direction of the school system but individual progress reports on the educational happenings within each school unit and or department.

The School Committee's adopted goals and objectives for the areas General Administration, Instruction, Finance and Personnel were again as follows:

General Administration:

1. To continue reorganization of the school system according to management principles leading to internal consistency of practice, cohesion to unit practices and accountability.
2. Continue the development of a Public Relations Program for the system.

Finance:

1. To continue the procedures necessary to implement a revised budgetary system.

Instruction:

1. To continue the adoption and implementation of recommendations of the school system's Instructional Reorganization Report.
2. To revise current K-6 Reading and Mathematics Programs to Continuous Progress Plans.
3. To continue implementation of Chapter 766 Regulatory Revisions.
4. To design and maintain a continuing In-Service Program for members of the Professional Staff which is responsive to the long and short range needs of the system.

Personnel:

1. To develop a Personnel Classification System for Non-instructional Personnel.
2. To complete revision of the Personnel Screening and Selection Process.

The above goals were, as in the past years, organized with specific component objectives for actual fulfillment. These will be responded

to in the Superintendent's Report. The reader will note that many of the School Committee's goals are continuing. This is by design to insure full staged completion of tasks, some of which have taken or will take, three, four or five years to complete.

The School Committee could probably cite as its most beneficial contribution this year the authorization for the Superintendent to seek funds under the Economic Development Act for building and site improvements to Walpole High School. Dr. MacDonald wrote two projects. The first for three million to renovate the building and the second for six hundred thousand dollars to reconstruct and add to the high school site. Of the seven hundred fifty projects submitted by Commonwealth towns, we scored thirty-first and thirty-second by the Department of Commerce. The site project was subsequently funded and improvements and construction began in May. The project will provide two new tennis courts, a new multi-purpose recreation area, new parking facilities, reconstruct Turco Field to include a new quarter mile track, sprinklers and sodding, reconstruct lower Turco Field to provide new softball, baseball and track and field facilities, and construct a new soccer field on the top of "Killer Hill."

We are all looking forward to the completion of construction in the Spring of 1978 as it will provide great improvements to the educational and recreational opportunities now existent at Walpole High School.

The Committee would also wish to stress that it has charged the administration to revise the 1976 Report on Enrollment, Staffing and Facilities. The new findings and conclusions are hoped to be useful in assisting the Committee to continue exercising its attempts to offer to the Community a school system which provides quality instruction by the most responsible and economic means.

SUPERINTENDENT'S REPORT

Introduction:

As reported above, 1977 marks our fourth year of reporting to the Community by a defined goal attainment structure. We have in past years attempted to describe for the reader specific progress made with each goal. My report has consequently dwelled on the individual objectives which have been established to break a goal down into structured components for easier, more expeditious accomplishment. The reader will note, therefore, reference made to actual goal accomplishment in several sections of the report. This is particularly true of our instructional goals as it is the staff in the school units and departments who make not only the initial efforts to develop new programs, but also plan and carry through the in-service education with their colleagues to make the program results improve learning experiences for our student body.

Progress Report on General Administration:

1977 was a year full of satisfactions and accomplishments in this goal area for the School Committee and staff. Not only were we able to see a breakthrough at Walpole High School to improve the facility through the \$600,000 Federal Grant, but also we were able to see completed several objectives which the School Committee and Administration had been working on for several years under the first goal.

The first goal under General Administration listed above in the School Committee's Report was divided into five objectives. The first was to continue the review of role descriptions under the system's Table of Organization (see Table 1). This objective was completed with job descriptions being developed for not only School Social Workers, Occupational Therapists, Reading Specialists, Learning Disability Specialists and Speech and Language Specialists, but also for all Secretarial, Clerical and support staff. Finally, the role of the Curriculum Council developed in 1975 was modified and approved by the School Committee.

The second objective under Goal One was to complete the up-dating and revision of the School Committee's Policy Manual. All preliminary work of the Sub-committees headed and co-ordinated by School Committee Chairman, Dr. Dorothea Kunde, was completed. The document is currently being printed and collated for distribution in the Spring of 1978.

The third objective under Goal One required the Administration to complete the review, research and revision procedures to change the existing supervision practices in the school system. The study and the recommended revisions

were completed by a joint Administration/Walpole Teachers' Association Committee. Their report was jointly made to the School Committee on July 12, 1977 and the revised procedures adopted. The procedures were then referenced in the Collective Bargaining Agreement between the School Committee and the Walpole Teachers' Association. The new plan, which defines a more specific procedure for the supervision of instruction, was implemented for the 1977-78 school year.

The fourth and fifth goals called for the formulation of a staff newsletter and the development of a teacher's handbook. Both of these objectives were not met and it was recommended that the School Committee hold them over for another year.

Progress Report on School System Finance:

As reported in previous years, much again has been accomplished under the goal to continue revising and refining our school system's budget and budget control systems. This past year the goal was broken down into five separate objectives.

The first objective was to continue to sensitize and train staff in budget formulation and cost control. As such the objective was met by use of the following procedures: meetings with all Administrators to establish budget formulation procedures; development of explanation materials for account interpretation; follow-up sessions with all Principals and Supervisors on initial budget submissions; scheduling open budget workshops with the School Committee; developing budget allocation procedures on requests by account; and holding follow-up meetings with Principals on budgetary constraints.

Objective Two was to complete the refinement of the Budget Document. This was completed by adopting a format which would not only depict an analysis of the budget by account, but also provide for the citizen an actual view of the budget by school unit and department cost per account. Parallel to the second objective, the third task for the year was to complete the refinement of our fiscal reporting system to provide weekly, monthly and quarterly cost control reports which would allow us in an instant to look at the fiscal activity for either the system as a whole or for an individual unit, department or account. Through the efforts of Messrs. Odoardi and Foley this task was completed this past Spring.

The fourth objective to establish a unified inventory system has been in process since 1974. The program procedures for the use of the computer in this task has been accomplished and

the project is complete for several of the units or departments. However, the entire task will not be finished until Principals complete each of their respective schools.

The only objective not met or in process under the Financial Goal is the fifth. We had planned to develop a strategy and implementation plan to operate system and townwide payroll functions through the use of school system EDP equipment and personnel. The plan, however, has not worked out since the Town purchased its own equipment and still prefers to "farm" out this task to an independent agency.

All in all under Finance the School System has continued to exercise tight budgetary controls while seeking to maximize its State reimbursement potential through revised budgetary control and reporting techniques. One of the most important of these has been the development of a program for very accurately maintaining and reporting all staff and material expenses for Chapter 766 services for Special Needs children. This has resulted in the savings of many tens of thousands of dollars which could have been lost through more loosely applied controls and reporting.

It has also been gratifying to see as reported last year that the enrollment decline is affecting the rise of school operational costs due to contracts for salaries and inflation. This past year, 1977, marked the single lowest growth in salary and operational costs — 1.1% — ever recorded. It further appears that as reported two years ago by the Capital Budget Committee that the school share of the tax expenditure continued to decline. Table II describes the Five Year Review of the Tax Rate.

It would appear, therefore, if one is looking for a single reflection of costs on a comparative basis vis a' vis where the tax dollar is going and how it is being spent — Table II tells a story which reaffirms the original report of the Capital Budget Committee.

Progress Report on Instruction:

This is the section of our annual report which I usually go into great length. However, the Department and School Unit Reports are so definitive that much of what could be said would be repetitive. Consequently, this year I would seek only to stress that we are more than fortunate to have completed in 1974 the School System Instructional Reorganization Report. This report compiled by the recognized leaders and experts of our professional staff has served to provide us with an ongoing plan for instructional improvement. The School Committee was initially wise in its decision to accept the document and since has been generous and encouraging to us in our annual attempts to meet its long term instructional goals.

We are and have been on schedule to complete all planned objectives to meet the goals of the report. Reading has and is doing well. Math program revisions continue as planned. We have met the need to revise our reporting system as a K-8 basis. We have continued to meet the challenges of the Chapter 766 regulatory changes and offer a program probably second to none in the area.

Again, not to be repetitious, we are, thanks to the Reorganization Report, able to say we have followed its instruction recommendations implicitly and we have a better system for children, youth and citizens because of it. We are grateful to the fine staff who all assisted in its development.

Where are we now lacking? I would have to say in developing a truly organized staff development and in-service program. This, after three years of work, is still in need of vast improvement. I am hopeful with the inputs from the new In-Service Education Committee coupled along with information coming from the also newly formed Curriculum Council (see Table III) that many improvements will be forthcoming.

Progress Report on Personnel:

Of the two goals approved by the School Committee in the personnel area, I am pleased to report that both have been accomplished.

The first goal required the development of a classification system for our non-instructional personnel. The task entailed the completion of job descriptions for all support staff. This was accomplished with the exception of cafeteria staff last year. However, this remaining classification was completed in the Fall of 1977.

The second goal to complete revision of the personnel screening and selection process was far more difficult. Based on over a year's effort by the Administration, the School Committee on November 1, 1976 adopted new procedures and included them in their policy manual. The basic changes involve more complete involvement of unit and department staff in recommendations for new staff to my office and thence to the School Committee. Complete detail is provided in Table IV.

SUMMATION:

I would again extend my thanks and appreciation to the children, staff and citizens of our community for their many contributions to making our tasks ones which we could accomplish in the planned upon time framework.

The year ahead will be one with new challenges for us all to face. Particularly difficult will be the decision now impending on the organization and possible consolidation of the school system due to the continued decline in enroll-

ment. These will be hard decisions for many of us to reach, but ones which will be necessary if we are to continue to be able to not only

provide, but also afford, the quality of our existing programs and services to the children, youth and citizens of Walpole.

TABLE I

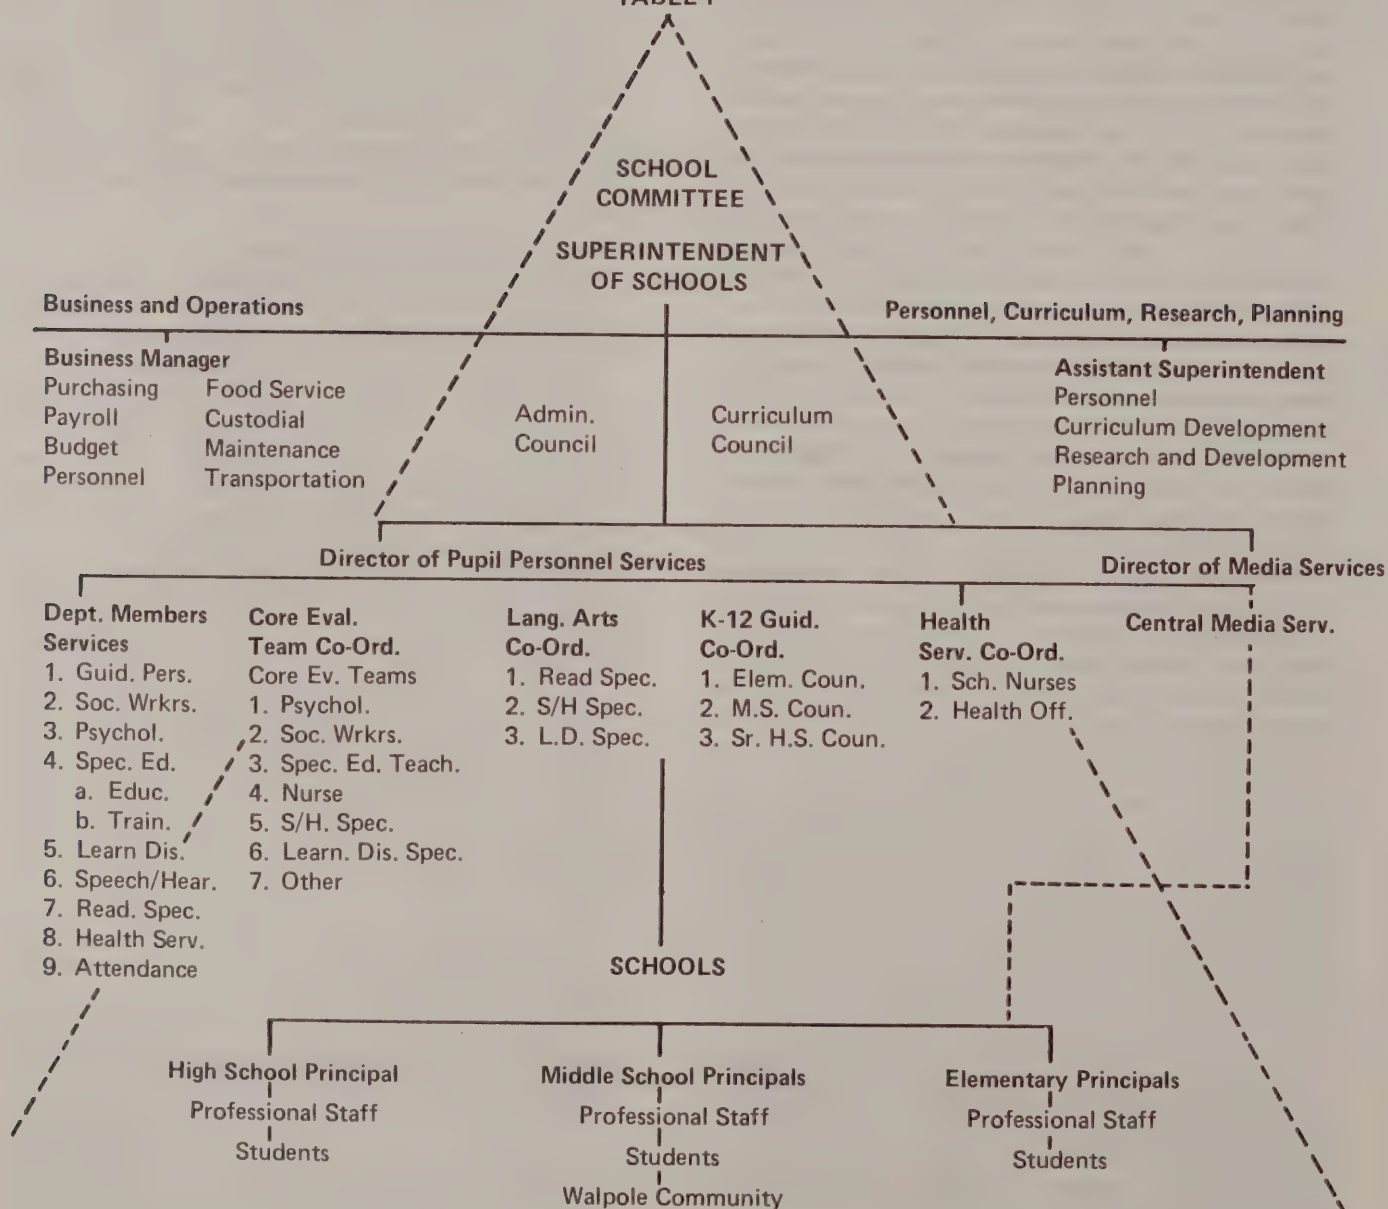

TABLE II
5 YEAR
REVIEW OF TAX RATE

Tax Year	Total Tax Rate	=	General Government Operational Costs	+	School Operational Costs	School %
CY* 73	\$61.60		\$21.80		\$39.80	64.6%
FY** 75	64.50		22.86		41.64	64.5%
FY 76	64.50		26.31		38.19	59.2%
FY 77	70.40		32.60		37.80	53.7%
FY 78	71.80		35.58		36.22	50.5%

* Calendar year

** Fiscal year

The share of the tax rate that is required for support of the public schools has consistently declined over the above 5-year period from 64.6% to 50.5%.

Data compiled from Assessor's Office, 2/24/78.

TABLE III
ORGANIZATIONAL RESPONSIBILITIES, FUNCTIONS
AND DUTIES OF THE CURRICULUM COUNCIL
SCHOOL COMMITTEE
SUPERINTENDENT
CURRICULUM COUNCIL

Council Members and Affiliations

1. Ass't Supt. for Personnel, Curriculum and Planning: (Ex. Officio) Permanent Member
2. Three (3) Principals or Designees: Representing Elem., Jr. High and Sr. High Schools: Bi-Annual Appointment by Administrative Council
3. Director of Media or Designee: (Ex. Officio) Permanent Member
4. Director of P.P.S. or Designee: (Ex. Officio) Permanent Member
5. Three (3) Teachers: Representing, Elem., Jr. High and Sr. High Schools: Bi-Annual Appointment by W.T.A.
6. Nine (9) Walpole Citizens:
 - a. Three Citizens at large
 - b. Three Citizens with children in Walpole Public Schools
 - c. Three (3) students

Responsibility and Function:

The Curriculum Council is responsible to the School Committee through the office of the Superintendent as a service and advisory committee on the educational program offerings of the system. Its activities shall relate to both newly proposed and on-going programs. The

council's authority in matters of curriculum recommendation to the Superintendent and School Committee is advisory in nature. The Council shall also co-ordinate its recommendations on program revisions with the Administrative Council prior to submitting proposals to the Superintendent for the School Committee's deliberation and action.

The Council will elect a Chairperson, Vice Chairperson and Recording Secretary from its membership. Council meetings should be held monthly or as required during the year. However, no less than five (5) should be held in any twelve-month period.

Subjects for Council review, consideration and/or action for recommendation may be submitted from any of the below listed channels of communication in the following form.

1. Items pertaining to new or on-going programs may be submitted from:
 - a. Student Members through the Student Advisory Committee;
 - b. Service Group Members on petitions or inquiries for information received through their clubs or agencies.

- c. Citizen-at-Large Group Members on petitions or inquiries received from the public.
- d. School Committee Members through the Superintendent to the Assistant Superintendent.

- 2. Items to be presented from any of the above sources are to be provided to the Assistant Superintendent so that they may be approved by the Council Chairman for placement on the agenda.
- 3. It shall be the responsibility of the Assistant Superintendent to see that the agenda is prepared and forwarded to all Council Members, the School Committee and the Superintendent at least five (5) days prior to a scheduled meeting.

The Curriculum Council shall discuss all agenda items and refer, if need be, those items which require further information to the appropriate school department through the Assistant Superintendent. Requests for information shall be responded to at the next regular meeting of the Council or the Council may request that the answer be forwarded from the appropriate department.

If, in the opinion of the Council, a request for information and/or action on a program or a program need is urgent it may authorize the Chairperson to request that the matter be referred to the immediate attention of the School Committee through the Superintendent.

The Council shall function on curriculum development and subsequent recommendations to the School Committee in the following manner:

- 1. Assist the Administrative Council to review new program revisions included in the System's Annual Goals and Objectives;
- 2. Refer annually for inclusion in the System's Goals and Objectives those curriculum projects which are viewed as priority needs of the system

Duties

- 1. Assist the School Committee in ascertaining current grassroots interests and concerns on the program offerings and needs of the system;
- 2. Assist the School Committee and Administration in community relations regarding on-going and new programs;
- 3. Provide a wider base for citizen/student involvement in curriculum research and design;
- 4. Act as a clearing house for the program and/or curriculum ideas emanating from citizens, staff, and students;

- 5. Act as a review panel on major curriculum revisions to basic courses of study, i.e.: Reading, Math, English, Science, Social Science, etc.;
- 6. Provide for the School Committee a sounding board to ascertain public sentiment on system needs on program and student services.

TABLE IV

The following recommended policies and procedures are submitted with two goals in mind:

- 1. To recommend system policies and priorities.
 - 2. To establish procedures aimed at broad based participation in providing well qualified candidates for selection.
- I. Recommendations for School Committee Policy
 - A. Support personnel hiring practices which will result in the most qualified applicants being recommended by the Superintendent of Schools to the School Committee for consideration.
 - B. Annually appoint an ad hoc committee to review employment practices, and to recommend employment goals for the year. Membership to include representatives from the School Committee, community, parents, and Student Advisory Committee. Superintendent of Schools and Assistant Superintendent to be ex-officio.
 - C. Require that all employment practices be in accord with federal and state equal employment practices.
 - D. Encourage the hiring of local residents where all other qualifications of candidates are equal.
 - II. Recommendations of Staff Rules and Regulations for the Employment of Classified Instructional Personnel
 - A. Review of School Committee Employment Goals
 - 1. Early in the school year, the Assistant Superintendent should convene a meeting of administrative and supervisory personnel and screening committees to make plans to achieve the goals as developed by the ad hoc committee and approved by the School Committee.
 - B. Posting of Vacancies
 - 1. All vacancies are to be reported to the Office of the Assistant Superintendent of Schools as soon as

they become known or are anticipated.

2. All vacancies are to be posted within the school system by the Office of the Assistant Superintendent of Schools in accord with the teachers' contract.
3. Posting of vacancies by the Office of the Assistant Superintendent of Schools should be made outside the school system with such agencies as the Massachusetts Department of Education, college teacher placement offices, and teacher agencies, as well as printed in appropriate newspapers to ensure an adequate supply of qualified applicants. Additional contact with other agencies will be coordinated with the Assistant Superintendent.

C. Initial Processing of Applicant Credentials

1. All credentials of applicants initially shall be sent to the Office of the Assistant Superintendent for processing.
2. All credentials shall be forwarded to the appropriate screening committee for initial review.

D. Screening of Credentials

1. Credentials shall be screened in accord with criteria recommended by principals and supervisors by one of the following committees.

Elementary Committee

- (1) Elementary Principal
- (2) Primary Teachers
- (2) Intermediate Teachers
- (1) Specialist

Secondary Committees*

- (1) Principal
- (1) Junior High Teacher
- (1) Senior High Teacher
- (1) Department Chairperson

*Secondary Screening Committees will be on a Department basis.

Specialist Committee*

- Media Director
PPS Director
Language Arts Coordinator
Chairperson, Secondary Guidance
Special Education Administrator
(1) Elementary Teacher

*Composition to be determined by projected vacancy/vacancies.

(1) Secondary Teacher

(2) Specialists

Additional staff as necessary

2. The above Committees should be constituted prior to or early in the school year. Administrative representatives shall be appointed by the Superintendent of Schools. Teaching and Specialist Staff representation shall be filled on a voluntary basis, appointment to be made by the Assistant Superintendent upon recommendation of principals and/or directors. Appointments shall assure broad building unit presentation. A teacher or specialist should not succeed himself/herself on a Screening Committee.
 3. At the first meeting of each Committee, a Chairperson and Recorder shall be elected.
 4. Uniform procedures for classifying credentials and for recording such classifications shall be established by a sub-group composed of the Chairperson of each Committee.
 5. When an insufficient supply of credentials is available for any position, the appropriate Committee shall notify the Assistant Superintendent for necessary action.
- E. Interviewing of Candidates
1. Candidates shall be interviewed only when a vacancy is projected.
 2. Selection of candidates for interviews shall be based upon, but not restricted to, the recommendations of the Screening Committee. An interview will be granted to all local residents and staff who apply for a position(s) for which they are certified.
 3. Recommendations for appointment shall be made to the Superintendent of Schools for:
 - a. Elementary Teaching Positions:
By Elementary Principal and Assistant Superintendent
 - b. Secondary Teaching Positions:
By Secondary Principal and Assistant Superintendent
 - c. Specialists:
By appropriate Principal and Directory/Supervisor, Assistant Superintendent
 4. In arriving at their recommendations, Principals and Directors noted above shall involve teachers/specialists and Department Chairpersons in the interviewing process

- during the regular school year. Teachers/specialists shall serve on a voluntary basis.
5. Local staff desiring transfers within the system shall notify the Office of the Assistant Superintendent with sufficient advanced notice to allow for appropriate interviewing.
- F. The Office of the Assistant Superintendent would function with the Screening Committees and Supervising Personnel as follows:
1. Apprise the Committees of all positions existing and/or projected which may be posted or subject to posting.
 2. Assist the Committees to formulate procedures and working schedules for the timely review of all applications received by the Office of the Superintendent.
 3. Maintain with the Committee(s)' assistance active files of candidates according to level and/or specialization.
 4. Assist in the scheduling of initial interviews with the applicants deemed qualified for positions in the Walpole Public Schools.
 5. Provide Supervising Personnel with active files for position vacancies existing in their units/departments.
 6. Assist Supervising Personnel in the selection and recommendation to the Superintendent of candidates for his recommendation to the School Committee.
7. Notify unsuccessful candidates when the position for which they were interviewed has been filled.
- G. Recommendations Made to the School Committee
1. The Superintendent of Schools shall recommend all teacher candidates to the School Committee in accord with the General Laws of the Commonwealth. Presentation of candidates to the School Committee may be made by the appropriate Principal or Director with the assistance of the Department Chairperson, or the Assistant Superintendent or Superintendent, at the discretion of the Superintendent.
 2. The Assistant Superintendent of Schools shall forward the recommendations of appropriate administrative and supervisory personnel to the Superintendent of Schools.
 3. It is expected that all vacancies received by May 15th for the following school year will be filled by the end of the school year in June, by the process outlined above. In the event that vacancies are not filled by the end of the school year, candidates may be interviewed only by the appropriate supervisory personnel (Principal, Director, Coordinator, Department Chairperson) and the Assistant Superintendent.

BIRD SCHOOL

Two major themes at the Bird School this past year were the utilization and appreciation of the environment and the involvement of the community with the school.

Last spring with the help of Carolyn Sutcliffe the entire school undertook a study of the Bird Park. The children from kindergarten through sixth grade studied topics ranging from amphibians, mammals, flowers, trees, and the history of Bird Park. The study ended with our first annual Bird Park Appreciation Day which included a cleanup of the park, a picnic lunch, games, and skits showing what the various classes had studied, and ended with a songfest involving the whole school.

The Bird School Parent Advisory Council came into being during the 1976-77 school year. The Parent Advisory Council was formed by parents for the purpose of improving school-home relationships through increased communication and parental involvement with the every-

day activities of the school. Besides printing our monthly newsletter, The Bird Caller, they sponsored many programs including an open house for all parents, an evening with Dr. MacDonald, Superintendent of Schools, an evening with Paul Trickett, School Psychologist, a skate and ski swap, and ended the year with a most successful end-of-year school picnic on a beautiful Saturday in June complete with clowns, popcorn, fire engines, a watermelon-eating contest, and ending with a softball game between parents and students. A grand time was had by all.

The Bird School fifth graders again spent a week at Nature's Classroom in Potter Place, New Hampshire. This week continues to be one of the most memorable and important experiences for all students who participate. It is an opportunity for children to become totally immersed in an environmental education program that deals with the delicate balance and interdependency of all living things with a special

emphasis on the effect of man's intrusion on the balance of nature. Sharing this experience with friends and teachers makes it even more meaningful.

Once again Miss Johnson took her sixth grade class to Nantucket for a week in June to culminate their studies on whaling and the unique society of Nantucket that evolved from the industry.

We have expanded our intramural sports program this year and are adding two additional after-school activities, a Dramatics Club and a

weekly Art Workshop. There have been numerous other activities including Christmas art workshops, Naturalist Programs, and music programs.

The basic skills of reading, mathematics and writing continue to be emphasized and reinforced through the activities and programs cited above. We strive to teach appropriate values while trying to build self-confidence and responsibility. The entire staff is committed to these goals and with the continued help of the community will achieve them.

BOYDEN SCHOOL

1977 at Boyden School was a year of growth characterized by responsible change, community involvement, and program development. One major and visible change at Boyden was the Gymnasium/Media Center/Kindergarten room transfer. The school now enjoys a large multi-purpose room complete with basketball standards and ropes; a large media center with a teacher resource room, media equipment storage, and several instructional areas; and a carpeted self-contained Kindergarten room. Without the patience of the staff and the efforts of the Boyden parents the room changes would have been impossible. New also this past year was Boyden School's participation in a week-long camping experience. In October our fifth graders joined with the Bird School to participate in Nature's Classroom in Potter Place, New Hampshire. The instructional program continued to grow and develop as per the system goals and objectives. This past year, the intermediate grades (grades 4-6) implemented the continuous progress model of reading instruction. The individualized prescriptive approach is based on the assumption that not all children grow and develop at the same rate and that it makes more sense to group children by skill need rather than chronological age or grade level placement. The teachers are working hard at developing the

program so that it meets the needs of each child. The scope and sequence math program is now tied into new math textbooks. Music played a major role at Boyden School this past year. An exchange concert at Stoughton, the Needham Choral group performance, Stoughton's return concert at Boyden, several recorder and ensemble demonstrations, and the annual Christmas Concert highlighted a year of very fine music programs. Other special activities included a Creative Movement Club, Arts Integration Program, Book Fair, Halloween Parade, Holiday Art Workshop, Annual Field Day, Santa Claus' second annual visit and a "Spring Is Busting Out All Over" open house. The Parent Advisory Council continued to be a source of support and improved communications between the Boyden School and the South Walpole Community. The council has been working hard to provide volunteer support at the school. In addition, the council has actively participated in the sidewalk project for South Walpole, sponsored an evening Action for Children's Television (ACT) program, and run a reading open house. 1977 could be characterized as a year that teachers and parents worked together toward the development of shared responsibility, mutual understanding, and active participation of the South Walpole Community in the Boyden School.

FISHER SCHOOL

Fisher School has continued, in 1977, to strive for a realistic balance between tradition and progress. With this as a goal we have maintained our proven programs and activities and initiated some exciting new ones.

In the spring Fisher School was alive with "The Sound of Music." The beautiful Broadway play was reproduced in its entirety on 4 separate occasions. The cast and chorus were comprised of sixth grade students. The musical direction

was done by Mrs. Evans while Mrs. Sipala was the accompanist. Mr. Monaghan and Mrs. Gillam directed the acting. Behind the scenes staging was organized by Mr. Heyman and the costumes were coordinated and sewn by Mrs. Pollak with the help of several mothers. Mrs. Santelmann and Miss O'Neil created the scenery with the assistance of many sixth grade artists. The wardrobe was organized by Mrs. Noble and costume changes were made easier with the help

of Mrs. Cook and Mrs. Triveri. The play was a huge success thanks to the efforts of many people — students, parents and teachers.

Although 1976 was the year for patriotic songs, parades and flag-waving, Flag Day, an almost forgotten holiday, was the focus of a day-long Fisher School celebration in 1977. On June 14, Old Glory was two hundred years old and her memory was honored before an overflow crowd of parents and the cameras of Channel 4 television. Each grade had researched an area of flag history: Viking flags, Union Jack, Thirteen States, 50-Star Flag, and on our flag's birthday they presented their findings with songs, informative demonstrations, elaborate floats and costumed students and teachers. In chronological order groups marched from position through the front driveway of Fisher and past a reviewing stand. Adding to the day's festivities was the presentation of a 50-star flag that had flown over the nation's capital, the Pledge of Allegiance led by Mr. Howard Baker, a ninety year old Walpole citizen, an honor guard of students representing every scouting group at Fisher and several instrumental presentations. That night everyone watched highlights of Fisher's Flag Day on Channel 4 Evening News.

Fisher School parents became more active than ever before. In the spring we saw the beginnings of the P.A.L. Program (People Aiding Learning). Through this Program parents have become readily available to teachers as tutors or aides. Then during the summer the Friends of Fisher parents group became organized as another helpful arm of the Fisher family. This group now coordinates the P.A.L. Program which has been instrumental in the sewing of new costumes for the chorus, as well as providing typists for the school newspaper, *The Fisher's Hook*, thus making it possible to produce the paper monthly. Parent volunteers also contributed much time and energy to the success of the Christmas Art Workshops. We are grateful for the efforts of these parents who have contributed so much.

As a result of redistricting in 1977, Fisher School welcomed 67 new families previously part of the Stone School district. The transition for these families was facilitated by two orientation meetings held at Fisher in the Spring, one

for the parents and one for the children. Additionally, the children came to Fisher for the move-up ceremonies held the last day of school in June. Thus when the first day of school arrived in September, the children already felt some familiarity with their new school.

In the field of Environmental Science there have been many on-going programs. The fifth grade took the annual trip to Borderland State Park and in the fall the fifth grade hosted parents and friends on a "Jack Frost Tour" explaining the magic of fall colors. During December the whole school studied the Wonderful World of Water, each grade studying one aspect of water and how it affects the lives of people. This study culminated in a one-half hour TV show written and produced by the students.

Our fourth, fifth and sixth grade students are participating in an interesting, intensified reading skills program. The objective is to individualize each student's skills need and to build a firm foundation of word attack and comprehension skills. The framework of the program includes assessment, instruction and evaluation. Skills, which appear to be essential to competence in reading, have been identified for 300 students. Assessment is made of individual pupils' skills level and pupils are grouped accordingly. Instruction is administered by 14 skills instructors (teachers and specialists) for a specific time period. Each instructor is assigned to teach intensified lessons for a specific skill. As a result, children may work with other students from any of the three grades. This program is an extension of the reading system which is currently in use in grades 1, 2 and 3.

The Holt Math materials prescribed by the Walpole Math Committee have been introduced into certain grade levels this past year. Reactions from teachers and students alike have been quite enthusiastic. The Holt Program coordinates very well with the sequence of skills outlined by the Math Committee last year.

We reflect on 1977 with the assurance that it was a fulfilling year for the entire Fisher School family. The staff and the parents have cooperated in blending the old and the new in order to provide the best education possible for each of our children.

OLD POST ROAD SCHOOL

Parents have played an active role at Old Post Road School this year. Our Parent Advisory Council has met twice a month, offering suggestions and strong support to our school staff. Volunteer parents have assisted teachers and our Media Specialist by devoting their time and

patience to a variety of tasks such as making homemade reading games and materials.

DESPITE A DECLINING ENROLLMENT we are still forced to use the stage area for two specialist teaching stations, the back corner of the cafeteria for a Guidance Office, and half of

the Nurse's Office for the reading specialist. Instrumental lessons are taught wherever space can be found such as the gym or a storage closet. The many services we offer children today require considerable space to be effective. Individualization, vital to effective education, requires reasonably small classes and some areas for individual or small group instruction.

SOME HIGHLIGHTS OF THE YEAR WERE:

Kindergarten: As a culmination of a unit about Indians, a parent displayed her collection of authentic Indian dolls and answered many questions.

Grade 1: The children wrote and illustrated books of their own, made cranberry relish at Thanksgiving, constructed a village when studying our town, and took a trip to Logan Airport to learn about the operation of a large airport.

Grade 2. There was much attention given to individualization of instruction. In addition to the basics, appreciation for good literature and skills in creative writing were stressed. Unusual and effective games helped to make learning very enjoyable.

Grade 3: An excellent play on Abe Lincoln was presented. The children gathered materials and each made his own terrarium and bird-feeder. Instrumental music began with each child learning to play the recorder.

Grade 4: Students visited polls during elections and studied the election process, made a filmstrip about safety, constructed a large papier-mache ox when studying India, and made monthly book reports with projects.

Grade 5: A study of American birds involved collecting data, outlining and writing reports. Excellent poetry was written using materials developed by the poet Elizabeth McKim.

Grade 6: Once again the week at Ocean Park, Maine, was a great experience for teachers and pupils. The children made booklets about their exciting adventures and discoveries at the marshes, woodlands, and ocean. In Social Studies the children constructed a full-sized whale boat and also a sextant.

Old Post Road School fourth grade students Chris DiPillo and Billy Burke examine insect life on a piece of decaying log.

Several building-wide highlights should be mentioned. The reading skills groups in grades 2-6 have been very successful in helping children to master skills regardless of their grade level. Every 2 weeks new groups have been formed. The Art Workshop provided the opportunity for children to make several things using a variety of inexpensive and recycled media.

"Walpole in Black and White" open house and program for parents was a huge success and involved a study of birds, animals and environment during a winter in Walpole. The open house afforded parents the opportunity to see the work in classrooms, and then enjoy a program in rhyme and song featuring a puppet show.

The staff at Old Post Road School continues to provide for early identification of individual differences so that educational programs can be designed to meet the needs of each student. The staff assists students in developing a positive self-image through efforts to improve their self-understanding, self-direction, and academic skills.

PLIMPTON SCHOOL

During 1977, Plimpton School once again made up in spirit and flexibility what it lacks in facilities, proving itself adaptable to the needs of its students.

In addition to its regular program, the kindergarten has been involved in a program which teaches the children to resolve conflict, work together and solve problems through such techniques as cooperative games, puppets and story telling.

With a shift in enrollment from a large sixth grade to a large first grade, the double classroom, the PUPPI Room, on the second floor became the first grade, reverting to a team teaching situation for which it was originally designed. The ease with which the children adjusted to this new environment is readily apparent to visitors. The children were involved in a whole class project culminating in a Christmas production which was performed for their families and the entire school.

The second grade had a colonial school day to further their understanding of life in colonial Boston. They have also put on a Thanksgiving mime presentation and a musical play for Christmas.

Third graders completed a social studies unit on family life in a remote mountain area of Japan. Each pupil assumed the role of a family member or neighbor. A simple meal of rice, tea and pickles was served.

The fourth grade took advantage of Plimpton's proximity to the town forest, and the Neponset River became the American River in 1849 where John Marshall first discovered gold. The banks were seeded with gilded rocks, and calls of "Gold! Gold!" echoed through the forest, culminating six weeks of study. The rush was recorded on film for future "historians".

For the past seven years the fifth grade has been highlighted by a week at the Ocean Park Environmental School in Maine. This year the preparations were more extensive as the children earned the money necessary to pay for the bus transportation plus need camperships.

One of the highlights of the sixth grade was the performance of "The Big Top Murders" and "The Three Sillies", complete with commercials. Other major events were a Ghanaian festival and a trip to Mystic Seaport.

STONE SCHOOL

The most dramatic event of 1977 has to be the closing of the old Stone School. Built in 1885, it was to serve the Town of Walpole well. It would be a fitting tribute to the old to re-live the past by examining its birth. As we quote from the Town records -

"1885 March 2:

Voted: that a school house be built on a lot of land of Mr. E. D. Clap about 60 rods southeasterly of the Town House, and that the necessary steps be taken to build a suitable road to same.

Voted: that the School Committee be instructed to employ a Superintendent of Schools provided the expense does not exceed the sum of \$500 per year.

March 21:

Voted: to authorize the Selectmen to sell the Centre School house lot to the Methodist Episcopal Church for the sum of \$1 and other valuable considerations and also voted to authorize the Town Treasurer to execute a deed for the same.

April 20:

Voted: to adopt the report and recommendations of the Schoolhouse Committee and the plans and specifications for a schoolhouse pre-

Old Stone and New Stone Schools.

pared by J. W. Beal, and said report and recommendations. Recommend the sum of \$17,000 to cover the entire expenses of land, building, steam heat, and seating.

Report of School Committee accepted.

1. Voted: NOT to adopt the report of the School Committee and the plans and specifications for schoolhouse laid before the meeting of said Committee.

2. Voted: to reconsider the vote whereby the meeting voted not to adopt the report of the School Committee and the plans and specifications submitted to the Town by said Committee.

3. Voted: that the report of the School Committee and plans and specifications be laid on the table.

4. Voted: NOT to reconsider the vote whereby the town voted to build a schoolhouse on the land of E. D. Clap.

5. Voted: that the report of the School Committee and the plans and specifications be taken from the table.

6. Voted: to adopt the report and recommendations of the Schoolhouse Committee and the plans and specifications for a schoolhouse prepared by J. W. Beal, and said report and recommendations.

Recommend the sum of \$17,000 to cover the

entire expenses of land, building, steam heat, and seating.

Broken down into subtotals, the \$17,000 expenditure would look like this: 1½ acres of land — \$1200; eight room building — \$1200; steam heat — \$1400; furnishings — \$700; fencing — \$400; well — \$50; outbuildings — \$200; grading — \$200; approximate total cost for schoolhouse: \$16,150."

In the immediate past we look at Stone's annual Field Day which almost everyone will agree was bigger and better than ever. It was especially wonderful to see the great number of our parents participating in this event. From the magic show, to the field events, to the box lunch, to the awards, to the watermelon-eating contest, it was a smash hit. What a joy seeing all acting as a total community.

A new non-academic activity that was a huge success was our Saturday evening family skating party. With EDAIDE's coordination, it was such fun spending the time together to bring us all out of the mid-winter doldrums. We all plan to do it again next year.

When asked, the children remember best:

trips to

Boston by train

Ocean Park, Maine

Old Stone School

the Science Museum
 Trailside
 the New England Aquarium
 Edaville Railroad
 Sturbridge Village
 Old Mystic Seaport
 the Maporium
 the cemetery (headstone rubbing)
 Borderland State Park
 the Senior High School (live T.V. production)
 our class play

- the Christmas show and the Spring concert
- Mrs. Sutcliffe and Miss Bellows and their nature program
- cooking with some of the room mothers
- when Mrs. Shea came in to teach us about brushing our teeth

It is interesting how infrequently the children remember $6 \times 8 = 48$ being a highlight for the year.

We are all excited at the prospect of bringing all the Stone School under one roof.

EAST JUNIOR HIGH SCHOOL

This school year has seen the departure of one of the best known and most well-liked Administrators in the town, Ernest S. Camelio. Having completed 39 years in public service to the youth of Walpole, he retired and is enjoying his leisure in a move to the warmer climate of Florida. The resulting transition of administration has been orderly, complete, and with no disturbance. Traditions of teacher commitment, close collaboration with special services, and a no nonsense approach to education are still being practiced. Our goals continue to be — to provide an educational program that meets the individual's needs, encourages his creativity and fosters respect for his individual differences.

Toward this goal we are into the second year of a middle school organization with an emphasis on individualization in the area of reading and mathematics. Small group "laboratory" settings have been designed for those students having deficiencies in those areas. The focus has been to improve, by individualization, on these deficiencies through diagnostic and prescriptive techniques.

The reading laboratory has become part of the Resource Room Program which had its origin from the growing concern about the quality of services for the special needs students. An effort was made to develop the most comprehensive services in a center which would be beneficial to both the students participating and to the school as a whole. The program was designed to combine the efforts of existing special services, which were formally segmented, into a cohesive team approach. This has the

advantage of having materials, services, and staff located in a central area available to the entire school. The program is flexible and subject to modification to meet the changing needs of a middle school organization.

An on-going dialogue has been established between the two junior high schools to promote closer communication and a mutual sharing of ideas and programs. Through this process a duplication of effort can be minimized and delivery of services maximized. All of this will be of mutual benefit to students at both schools.

This year, for the very first time, a Parent Advisory Council has been formed . . . "so that parents could be better informed, with open channels of communication for understanding and discussing ways to enrich the learning experiences of their children." The group consists of twelve members elected from the different grade levels who meet monthly to discuss and plan agendas that will be of concern to all parents. From this group, a small corps of parent volunteers has been created who are willing to help staff. They are also determined to support sound educational programs and will work to foster their continuance with closer personal communication. All of this will foster a better understanding of parent needs and a better appreciation of program services delivered. The school is very grateful for the cooperation received and the assistance provided by this hard-working group of parents.

Every effort is being made to continue and, wherever possible, expand the educational opportunities we provide for children.

WEST JUNIOR HIGH SCHOOL

Faculty, staff and students embarked upon the third year of our Middle School Program in September, 1977. This marks the first year that our ninth graders have progressed through two full years of Middle School philosophy prior to

entering the first year of a four year high school education.

This school year also finds us with the smallest ninth grade enrollment in the twelve year history of our school (137 students) due

mostly to the loss of more than 35 students to the newly-opened Tri-County Regional Vocational School in Franklin.

Whatever the reasons, Middle School philosophy, decreased enrollment, or an overall change in attitude, this has been the best start to a school year in terms of spirit, discipline, cooperation and overall positive attitude, since the opening of our school in 1966.

One of the top priorities this year has been coordination of philosophy, programs and schedules between East and West Junior High Schools. With East entering their second year of the Middle School Program, evaluation of philosophy, programs and curriculum is much more dynamic and meaningful.

For the third consecutive year, spring surveys of parents has provided valuable insight as to their perception of the effectiveness of our Middle School Program. With few exceptions parental response has been overwhelmingly positive. We have also attempted to make program and scheduling adjustments to accommodate parental requests.

The second phase of installation of our new student lockers will be completed in February

which will accommodate one-half of our student body.

Last fall, new carpeting was installed in our school Media Center. The bright orange hue nicely compliments the building decor, provides increased accoustics, and generally enhances the atmosphere of our library.

Eleven years of planning and patience should finally be rewarded this spring with the completion of the recreation complex to the rear of the school.

Four tennis courts, now three years old, are heavily used throughout the daylight hours of spring, summer and fall. The newly completed softball and football field were utilized for the first time the past year with grass areas kept lush and green throughout the hot summer months by an automatic irrigation system. The finishing touches will be completed on an adjacent baseball diamond and field hockey field this year, culminating almost seven years of planning and coordination between the Walpole School Department and Recreation Committee.

WALPOLE HIGH SCHOOL

Over the last year, the two major areas of accomplishment at the High School have been the renovation and additions to our outdoor Physical Education facilities and our preparation for the accreditation visit by the New England Association of Schools and Colleges.

Of the two, the most apparent is the federally-funded work done on the athletic fields. Through this project our Physical Education Program has gained an additional athletic field, two tennis courts, a multi-purpose area, a softball field and an all-weather running track. Two baseball fields and a football field were also refurbished.

Additionally, physical security of the premises has been greatly improved through the extension of perimeter fencing and additional lighting. The expansion of student parking facilities has reduced congestion on Common Street and made for safer pedestrian and vehicular traffic around the school.

The second major accomplishment involves the preparation necessary prior to the October, 1978 visit by the Accreditation Committee of the New England Association of Schools and Colleges. Within a three-day span, this group of visiting educators will examine nearly every aspect of the High School, its programs and its people. In order to accomplish this, an enormous amount of information must be compiled

The Equestrian Statue, Lewis Park, in East Walpole. Memorial to Lieut. Barashiah Lewis, 1663-1710.

and collated. Each member of the staff is involved with at least two of the many committees working at this task. The time and effort put into this work runs beyond what could reasonably be expected. The staff is to be commended.

Finally, there were many departmental and individual accomplishments throughout the year that are indicative of the continuous, positive evolution of our programs which are so necessary to meet the needs of the students attending Walpole High School. The Music Department

completed its first concert tour, playing to enthusiastic audiences in Maine; the Industrial Arts curriculum underwent complete revision to compliment the offerings of the vocational school as well as providing much needed career exploration opportunities for our students; Walpole students achieved honors recognition on foreign language examinations at the national level; and Career-Education activities have been pursued actively in our Social Studies Department with great success.

LIST OF 1977 GRADUATES

STATISTICS FOR THE CLASS OF 1977

Walpole High School graduated 357 students in the Summer of 1977. Considering the total class of 357 students, 238 have made application and 224 have been accepted for further study. The breakdown and a comparison with the classes of the five previous years is as follows:

	1972	1973	1974	1975	1976	1977
Four Year Private Colleges	38%	32%	19.8%	25%	25%	30%
Four Year State Colleges	—	—	14.5%	16%	15%	17.6
Two Year Private Schools	18%	19%	5.5%	7%	7%	3.6
Two Year State Schools	—	—	8.7%	14%	10%	5.3
One Year Programs	7%	8%	5%	3%	3%	3.4
Nursing Schools	2%	2%	1%	1%	.3%	1.1
Preparatory Schools	2%	1%	.7%	1%	0%	1.6

This is a total of 62.5% of this year's students. For these student's the Guidance Department processed 861 applications.

The remainder of the class have future plans as follows:

	1972	1973	1974	1975	1976	1977
Full Time Employment	25%	25%	29.8%	17%	19%	27%
Armed Services	1%	1%	3%	5%	3%	3.6%
Undecided	6%	9%	10.8%	3%	10%	4.7%
Marriage	.5%	.9%	.2%	.8%	0%	.5%
Post Graduate	—	.1%	.5%	.5%	0%	0
Travel	.5%	1%	.8%	.5%	8%	.5
Unemployment	—	—	—	6%	—	1.1
Unknown	—	—	—	—	—	—

The following figures on financial aid represent only that aid which was reported to us in June. Some students refused to fill out a "Future Plans" report to us. In addition to outside grants and loans, \$11,150 was given to deserving students at graduation from local funds.

	1972	1973	1974	1975	1976	1977
College Scholarships	\$38,555	Inc.	Inc.	\$44,650	\$34,100	\$70,337
Local Scholarships	5,875	\$5,100	Inc.	7,125	11,435	11,150
Work Scholarships	2,575	Inc.	Inc.	30,804	17,300	27,375
Loans	15,225	Inc.	Inc.	27,000	12,000	32,925

FALES AND LEACH SCHOLARSHIP AWARDS

1977 Fales and Leach Scholarships were awarded Thursday evening, December 15, 1977, to 29 Walpole High School graduates currently attending institutions of higher education.

These awards totalled \$6,827.24 from the income established by the Fales Scholarship Fund in 1931 and \$15,400.80 from the Leach Scholarship Fund established in 1960.

The scholarship winners are:

Leach:

Susan Blake, attending Northeastern University

Laura Coyle, attending Bates College

Patricia Dumphy, attending Duke University

Fountain in Memorial Park for dogs and horses given by Harriet (Blackburn) Nevins in 1929.

William Golding, attending Northeastern University
Sally Hobbs, attending University of Maine
Deborah Hoey, attending University of New Hampshire

Mary C. Johnson, attending Bates College
Nancy McManus, attending Williams College
John Moloney, attending Dartmouth College
Michael Richard, attending Northeastern University

Charles Ross, attending Boston University
Roberta Schreiber, attending Boston University School of Law
Deanne Smeltzer, attending Bowdoin College
Ross Varney, attending Williams College
Eileen White, attending Simmons College

Fales:

Judith Alexander, attending Northeastern University

Susan Benziger, attending University of Tennessee

Kimberly Christopher, attending Boston College

David Clark, attending University of Lowell
Janice Connolly, attending College of the Holy Cross

Annette Davino, attending Boston College

William Dugdale, attending Stonehill College

George Geehan, attending Boston University

Lisa Guay, attending College of the Holy Cross

Timothy McCaffrey, attending College of the Holy Cross

Sharon McMahon, attending Georgetown University

Cheryl Parente, attending College of the Holy Cross

Julie Rockwood, attending College of the Holy Cross

John Turco, attending College of the Holy Cross

PUPIL PERSONNEL SERVICES

The Walpole School Committee established **Educational Guidelines for the Future** in August, 1971. The first guideline said, "We believe that every child has a right to an education, regardless of age, ability, or educational need. Implicit in this is a provision for educating pupils with special needs." To help meet this guideline and the additional three guidelines of Equality of Educational Opportunity, Comprehensive Programs for ALL Students, and Individualized Student Programs, Pupil Personnel Services (PPS) were organized into a single administrative unit in 1974. At the same time, Chapter 766, the Commonwealth's law requiring services for students with special needs, took effect. To meet the mandates of the "Guidelines" and of Chapter 766, PPS provides services to all students in Reading, Language Arts, Guidance, and Health and to students with special needs in the areas of Mental Retardation, Emotional Disabilities, Speech and Hearing Therapy, Occupational Therapy, Learning Disabilities, Physical Disabilities, and Psychological and Social Work Services. The following departments are within PPS:

Language Arts

The Language Arts staff included one coordinator, 8.7 reading teachers, 8 learning disabilities teachers, and 4 speech and language teachers. In order to serve students, from ages five to twenty-one, who demonstrated learning impediments in these areas, they designed unique individualized educational programs. The basic functions, approximate number of stu-

dents served, and the past year's special events follow:

1. **Learning Disabilities** — served approximately 242 students who exhibited disabilities in reading, math, spelling, language, and work habits, acquiring specialized learning approaches to overcome skill deficiencies. Service, at all grade levels, was often delivered within the regular classroom in a team teaching arrangement to keep students in the mainstream of the school environment, to assist classroom teachers with alternative teaching plans and materials, and to help specialists provide

Mrs. Margaret Randall, Guidance Counselor at Bird and Plimpton Schools, meets with a group of first graders.

services for a wide variety of students. This year, for the first time, at Walpole High School, a new program of team teaching was added in the Science Department for special needs students. There are now team teaching classes in all four major disciplines: English, Math, Science and Social Studies. In all, the High School has 27 classes and programs for students with special needs. All of the students' schedules for these programs are carefully planned and tailored by a cooperative effort of guidance counselors, specialists, teachers and administrators.

2. **Speech and Language** — served approximately 175 students exhibiting significant disorders in articulating sounds, communicating language fluently, and hearing sounds and sentences. Special emphasis this year was on the hearing impaired student where quality in-service programs were designed for teachers, parents, and other groups. A special and very successful group, made up of mostly junior high age hearing impaired students, has been formed and meets regularly.
3. **Reading** — served approximately 176 special needs students with significant reading disabilities and many more through secondary level reading lab type programs which are part of the regular school curriculum. The reading labs at the junior high level are special arrangements where teams of two classroom teachers and a reading specialist work together in designing and delivering diagnostic-prescriptive instruction to students having some reading difficulty. It is planned that this unique instructional arrangement will enhance teacher and student carry-over in regular class assignments. At the elementary level, half of the reading specialists' time is devoted to reading instruction of special needs students and half to implementing Walpole's Reading System for all students. This is an individualized reading program where instruction for students is based on specific test results and students are taught only those skills they have not yet mastered. Standardized test results for the past two years reflect gains in reading achievement at the elementary level. The specialists will complete the initial installation phase of the Reading System throughout the elementary grades in all schools by June, 1978.

Resource Room Programs, incorporating many of the services above, were strengthened at all secondary schools. The Resource Room Program evolved from a growing concern about the quality of services to special needs students.

An effort was made to develop the most comprehensive services in a center which would be beneficial both to the students participating and the school as a community. The Program was designed to combine the efforts of existing special services, which were formerly segmented, into a cohesive team approach. This has the advantage of having materials, services and staff located in a central area available to the entire school.

A description of the Resource Room at East Junior High School may help the reader fully to understand the program concept. The total Resource Room at East services approximately 85 students in grades 7-9. Three specialists, L.D., E.D., and Reading, team up with content area teachers to provide small group instruction to improve basic skills. The unique feature of this Program is that the classroom teachers facilitate the transfer of basic skills to their students' content assignments both in the Resource Room and in the regular classroom. The use of classroom texts provides continuity with the regular academic program in addition to the resource room materials which are used to remediate basic skill needs. The room is divided into four areas which allows for a variety of services to operate simultaneously. Among these are intensive L.D. tutoring, developmental and remedial reading, counselling and, in the cases where the need exists, alternative basic English remediation is available on a course basis. Students are serviced from once a week up to twice daily depending on their needs. The classroom teachers working in the Resource Room have been trained through in-service workshops and several teachers have formal training in working with special needs students. This Program also functions with the cooperation and encouragement of the Administration and Guidance staff. In addition, the Resource Room supplies alternative textbooks, materials and ideas for classroom use as well as having the specialists team in the content areas with classroom teachers. Since its conception, this Program has been expanded and modified to better meet the changing needs of a developing middle school program.

Health Services

The School Health Services, comprised of four school nurses, performs a number of functions. Major responsibilities include the assessment of students' health, provision for emergency care and first aid, service as health counsellors to students, parents, and school staff, referral of students in need of medical care, and the administration of tuberculin skin tests to all school personnel and volunteers. As mandated by state law, all students, kindergarten through grade twelve, are screened for vision and hearing defects. The nursing staff

serves as members of the Core Evaluation Team or case study committee required by Chapter 766 to assist in planning a total program for the student with special needs.

Major on-going efforts included the use of members of the Future Nurses Club and Child Development classes to assist the school nursing staff at pre-kindergarten registration, thus gaining for these high school students some exposure to pre-kindergarten children; the assistance to the Walpole Visiting Nurses at the flu immunization clinic; and, the expansion of the role of the nurse as a resource person in the classroom.

In response to a unique Department of Public Health mandate, a Measles, Mumps, and Rubella immunization program was held in all the schools. The cooperation of the Walpole Visiting Nurses in this endeavor is gratefully acknowledged.

During the past year, the school nurses offered the Red Cross Multi-Media First Aid course to fourteen school secretaries, accompanied an elementary school class to Nantucket, assisted at the student-sponsored Red Cross Bloodmobile, and participated in a panel presentation at Emmanuel College. Head Nurse, Mrs. Elsie Cross chaired the Health Education Committee which did considerable work during the summer and began planning for implementation of a comprehensive Health Education Program. In addition, she supervised the field work of a graduate intern engaged in a Master's Degree Program in Community Health at Boston College.

Guidance Services

All twelve of the system's guidance counselors continue to act as chairpersons of the building evaluation teams working with special needs students. In that capacity, which took approximately one-half of their time, they set up initial case conferences and saw to it that Chapter 766's specific charges were followed. This task is an involved and time-consuming one which does not always allow counselors to deliver services more readily perceived as guidance services. Their efforts to deliver the full range of guidance services they feel children need and to meet the legal mandate of Chapter 766 are extensive and commendable.

Counselors at the elementary level have been working with classroom teachers and their students on such topics as careers, self-awareness, self-esteem, understanding behavior, and group dynamics. They have played an important part at pre-school registration. Junior High School counselors have assisted in giving batteries of standardized tests for students and in helping

students, parents, and teachers fully understand the meaning of such tests. They have helped to develop pilot programs dealing with drug abuse and have helped to form parent/child counseling groups. Counselors at Walpole High School regularly meet all students at the High School twice a year in the regular vocational-educational planning program to assist students in forming their own vocational goals. 861 applications for further study were processed and 224 students (62.8% of the Senior Class) were accepted for further study at institutions of higher education. The percentage of students from Walpole who are accepted at such programs continues to be above the average for Massachusetts.

Counselors at all levels continued to assist students facing serious problems and to act as consultants to parents, teachers, specialists, and administrators as they work with children.

Administrator of Special Education

The Administrator of Special Education supervises the work of the System's Psychologist, Social Worker, Occupational Therapist and Certified Assistant, as well as the teachers placed in Intensive Instruction classrooms and classes for mentally retarded students. With federal grant funds, a Pre-Vocational Program for retarded students was implemented at West Junior High School in collaboration with The Education Cooperative (TEC), the collaborative of which we are a member. Students are taught to run simple machines, to collate materials, staple them, and to prepare them for mailings. Projects for local, non-profit organizations are planned. The Program has had the following results with students: increased work productivity, increased attention spans, and enhanced maturity "on the job" at school. The Program is succeeding due, in no small part, to the outstanding support from the building staff.

The Life Preparation Class for older retarded students continued its daily program held at the United Church (so as to be close to community resources such as stores, businesses, and the like) and Walpole High School.

During the entire year, a total of 682 different students with varying special needs were served in programs ranging in length from a few weeks to the entire year. 327 intermediate and full core evaluations were done in compliance with Chapter 766 and 229 children were screened at kindergarten registration.

State reimbursement of special education was again increased, due in part to the use of the High School computer for information retrieval.

THREE YEAR EXPERIENCE SPECIAL EDUCATION CLAIMS/REIMBURSEMENTS

	1974-75	1975-76	1976-77
Walpole's Special Education Claim	\$889,006	\$1,087,714	\$1,003,871
Walpole's Special Education Reimbursement	\$428,140	\$ 557,877	\$ 702,235
Percentage	48%	51%	70%
Statewide Percentage	N.A.	56%	64%

Although Federal Law 94-142, Education For All Handicapped Children Act, took effect in the fall of 1977, significant local tax relief from that piece of legislation appears to be 2-3 years away.

Once again, PPS was fortunate to have the services and advice of the dedicated group of parents and agency representatives who make up the Chapter 766 Advisory Council. This group,

meeting bi-monthly, provided a significant resource to the public schools. In the last calendar year, the following citizens participated on the Council: Mrs. Jean Conley, Mrs. Nancy Farris, Mr. David Gormley, The Reverend John Griswold, Mrs. Elizabeth Jordan, Mrs. Agnes Keating, Mrs. Elizabeth Lee, Mr. and Mrs. Kenneth Leonard, Mrs. Silvia Nathaniel, Mr. Harry Nunes, Mrs. Doris Wigren, and Mrs. Cay Youngdahl. Their efforts are greatly appreciated.

MEDIA SERVICES DEPARTMENT

Since the media centers serve as instructional centers in the schools, providing print and audio-visual materials and equipment to support the schools' instructional programs, they reflect overall development in the schools. As far as possible, therefore, the centers have been brought to equal levels of resources and services among the schools; have been acquiring the basic materials necessary to implement individualized, continuous progress curricula; have organized such materials to facilitate instructional management of individualized curricula; and have maintained high-quality collections of materials in all disciplines to promote student and faculty learning. Access to the range of materials and equipment within the schools and systemwide is provided by the media specialist in each school, who serves as an instructional partner and consultant for students and teachers.

The major changes this year were accomplished with federal grant money (ESEA TITLE IV-B) used to install master television antenna systems and closed circuit television in the schools. Until last year, only Fisher School had these facilities. An initial installation serving twenty-three rooms in the High School was made last year under a federal grant. The installation was extended this year to eighteen more rooms in the High School, plus a second closed circuit channel to provide more flexible scheduling. Master antenna circuitry to all classrooms and a single closed circuit channel

(for in-school broadcasting of pre-recorded or school-produced programs) were installed in Bird, Boyden, Old Post Road, Stone, and East and West Junior High Schools. A video tape recorder was provided for each school and a portable video tape recorder and camera was purchased for system use. The portable recorder and camera unit has already proved to be an exceptionally useful teaching tool for areas as diverse as elementary language arts and high school athletics, and additional units will be sought under a forthcoming federal grant for 1978.

The combination of established media centers and the decline in enrollment has permitted substantial reductions in equipment budgets over the past three years. Print and software budgets also have declined or stabilized at reduced levels. The supply budgets have remained stable or shown some increase because of the increasing emphasis on self-produced materials in the system, particularly the conversion of formerly "consumable" materials into more permanent formats, and the development of original materials for students and teachers to fit specific curriculum requirements. The need for more efficient ways to produce materials for students and teachers has led to the request for production equipment under the federal grant for 1978. Specialized equipment to make and collate multiple copies of original materials will permit production that is faster, cheaper, and of

higher quality than has been possible with present equipment.

The goal of the Media Services Department continues to be the provision of appropriate materials needed for instruction, from video tapes to printed worksheets, of the highest

quality at the lowest cost. The progress this year in video installations, and the anticipated expansion of production facilities, advances the Department's capability to provide high quality instructional materials at minimal cost.

TITLE I SUMMER PROGRAM

For the 11th consecutive year, the Walpole School Department used federal funds for a six-week individualized sub-skills learning program. The program provided supportive, remedial and enrichment activities in reading, math, physical education, and speech for over a hundred children, from Pre-K to grade 3.

The program included for the third year a Pre-Kindergarten section of 30 youngsters, after screening approximately 200 children scheduled to enter kindergarten in the fall. The boys and girls were chosen according to performance objectives and behavioral criteria.

The staff consisted of teachers from the Walpole School System and included a Speech Therapist, Guidance Counselor, L. D. Teacher, and a Media Specialist.

Several curriculum-related field trips were enjoyed during the six weeks, with a swim and cookout on the last day.

Dr. Paul Tedesco of Northeastern University, the evaluator of the summer program, had the following comments in the conclusion of his report:

"From my observations, the program offered a meaningful and developmental enrichment program for those youngsters in attendance. I was most impressed with the quality and skill of the teaching and administration staff. I thought the caliber of teacher aide was excellent. It is welcome to see the effective use of tax monies in such a positive manner. I sincerely hope that this project is funded again for 1978."

ADULT EDUCATION PROGRAM

During the past year, the Adult Education Program once again was received very enthusiastically by Walpole residents and a record high enrollment of 872 adults were registered for the Evening Program.

Total Classes Conducted	41
Different Classes Offered	27
Total Enrollment	872

Many enrichment courses were offered. Among those offered were as follows: Drawing & Sketching, Sewing, Painting, Cake Decorating, Bridge, Yoga, Italian Cooking, Furniture Re-

finishing, Slimnastics, Men's Body Building, Woodworking, and Small Engine Repair.

Academic Courses offered were Beginners Typing, Review Typing & Office Procedures, Office Machines, Spanish, Effective Speaking and Writing, Investments and Securities, and Bookkeeping.

The Walpole Adult Education Program is open to all residents of Walpole who are at least 17 years of age. Registration fee was \$5.00 for a 10-week course. There was no charge for Walpole Senior Citizens 65 years of age.

SUMMER ENRICHMENT PROGRAM

The Summer Enrichment Program in its sixth year of operation exceeded all expectations in both the number of students involved and the smoothness with which the program functioned. Parents, teachers and students were most friendly and cooperative. The few discipline problems were minor in nature and there were no incidents of vandalism of any kind.

More than one of every 8 Walpole students, kindergarten through Grade 12, attended summer school in 1977. The program, with 593 students, now ranks second only to the High

School in total enrollment. Perhaps parents and students have determined that a \$10.00 fee (or 41 cents per hour for professional instruction) makes the program a bargain by any standard. It is also evident that students have been impressed by our past performances and are continuing to show faith in our ideals. The conclusion, in any case, is that the program is still growing and gives every indication that it will continue to do so for some time to come. Projections for the summer of 1978 indicate that 615 students will register for 870 classes.

As in previous years the curriculum utilized

enrichment, remedial and make-up courses. Enrichment courses, the heart of the program, ranged from home economics and gymnastics in the elementary grades to photography and wrestling in the upper grades. Remedial courses focused on improving basic skills in the academic areas such as reading and math. Make-up courses were provided for students in grades 9 through 12 who did not receive credits for courses taken in the regular school year. These courses were intensive in nature with homework, tests and strict attendance rules.

A total of 59 classes were offered throughout the five weeks. This placed such a burden on the facilities at West Junior High that it was decided to use five rooms at the High School for many upper-grade students. The move had a most salubrious effect: not only did it give needed classroom space at West, it removed contact between most high school and elementary students — a source of some problems in the past.

The new How To Study classes attracted 37 students from grades 5 through 12 who were concerned about their lack of good study habits.

If the success of any voluntary educational program can be measured by the number of students who subscribe to it, the Summer Enrichment Program of 1977 (with almost 600 students enrolled in nearly 800 classes) will have to be termed successful. It would be a mistake, however, to adopt a status quo policy in courses offered since the success of summer school has been built on flexibility and change. With this in mind, two additional courses are planned for the summer of 1978: 1) Speed Reading for students on the secondary level, and 2) Accelerated Math for elementary level students.

Course concentration was on proper student organization of materials and time, note taking and outlining techniques, memorization skills, how to study for tests and other related information.

A Music Ensemble program was also incorporated into Summer Enrichment. This involved some 25 instrumental students who rehearsed evenings and put on a public concert in late July.

TRI-COUNTY REGIONAL VOCATIONAL TECHNICAL SCHOOL DISTRICT

The long awaited opening of the Tri-County Regional Vocational Technical School took place on September 19, 1977. The four years prior to that time were spent in preparation that promises to pay educational dividends for years to come. Before reporting directly on calendar year 1977, we feel a duty to reflect on the rationale for vocational education and to use that rationale as a measure for your new educational facility.

Vocational education recognizes the need to introduce and to prepare the high school student for the industrial and commercial society in which he will emerge. The learning that takes place in all academic disciplines is made meaningful and realistic by relating directly to numerous occupations, and on-site skill training is emphasized on an alternate week basis. The nuts and bolts approach to education appears to better equip high school graduates to choose options available to them in our adult world. They are ready for permanent work opportunities since they have already had their trial and error

experiences, and should they so desire, they are able to continue their education with better perspective than had they not experienced the world of occupations.

We have noted with a great deal of satisfaction that first year students at Tri-County have come with a variety of expectations. Many are backyard mechanics who seek specific training in the mechanical and machine trades; others come expecting to prepare for more abstract and technical occupations as Terminal Technology, Electronics, and Drafting; those interested in art and layout have available to them several programs relating to Graphics; Distributive Education, Cosmetology, Culinary Arts, Child Care and Health Services are available to those interested in service occupations. The entire facility is beautiful in form yet practical in function, and the programs are sophisticated in their variety yet traditional in presentation.

The year just past was obviously a very active one. For the sake of clarity the numerous activi-

ties and experiences that have taken place in 1977 can best be discussed by relating to the following major concerns.

Construction:

At this time the building has been accepted by this Committee as being substantially complete; track and tennis courts are not yet completed. There remain also numerous punch list items that are presently clouded with significant claims by the general contractor that are now being heard by the American Arbitration Association. The Committee has filed a counterclaim for various incorrect and/or incomplete work as well as for considerable delay in completion.

Programs:

We are offering twenty-three vocational programs in Machine, Technical and Construction Trades and a number of Service Occupations. The full range of secondary school academics, with the exception of foreign languages, is also being provided. In January 1978, the Evening School Adult Program will open with opportunities for tradesmen to upgrade their skills or to learn new skills. All district residents are welcome to participate in the learning activities of their choice.

Student Enrollment:

Seven hundred fifty 9th and 10th grade students were enrolled in September, 1977. Of that number, 161 were residents of Walpole. Each year Tri-County will enroll an additional three hundred fifty students from the nine-town district, bringing the eventual four-year enrollment up to fifteen hundred.

Personnel:

We have employed sixty teachers and approximately ten administrative and other support personnel. With all programs operating, but with only half enrollment, it was necessary to require most teachers to engage in several teaching preparations. We have been most appreciative of the versatility of our teaching staff.

The entire Committee wishes to thank all of the friends of Tri-County, especially the students and their parents, and to invite all to visit or contact the school should we be able to serve in any way.

Robert J. Rappa, Chairman
Louis E. Hoegler, Walpole

PUBLIC LIBRARY

The Board of Library Trustees has endorsed the following statement concerning the basic principles of the library's service:

1. The purpose of the library is to provide access to books and other forms of material for information, education and leisure. The basic principle governing all of the library's operations is that its services must be equally available to all who wish it, regardless of age, occupation, educational level or anything else. All of its rules, regulations and procedures are governed by the fair play, fair share concept, including those penalties that must sometimes be imposed for infractions of the library rules.

2. Another basic principle to which the library subscribes is that each citizen has the right to make up his or her own mind. It is the library's responsibility to present as many sides of

an issue, as many differences of opinion and as many interpretations of life as practical. It does not practice any form of censorship.

Insofar as young people are concerned, their interests, maturity, abilities and levels of understanding are so varied that only parents can decide what is or is not suitable for any individual child. The selection of materials for the entire collection can not be governed by the possibility of unsuitable materials coming into the hands of young people.

In May, a new circulations policy was put into effect which doubled the loan periods for most items:

3 days: Museum passes

7 days: films, magazines and reserve books for which someone else is waiting

14 days: childrens books, phonograph records, new fiction

28 days: paintings and all other books

This resulted in a slight drop in the circulation count, but not as much as anticipated because people are borrowing more books at a time.

At the same time a new fines policy was instituted. If an overdue item is returned within a week of its due date, no fine is imposed. If it is returned later, however, the entire fine is charged, so that the minimum fine collected is .12. The intention of this was to reduce the amount of overdue notifications that have to be processed. The fine continues to be the 2¢ a day penalty set when the library was established (1876). Fines are not charged for books turned in at the desk when the adult department of the main library is open on Sunday afternoons. Fines collected are turned in to the town, so they do not go into the book fund, contrary to what many people think.

The Fountain on Walpole Common opposite Post Office given by Charles S. Bird, Sr.

TOWN PLANNING

PLANNING BOARD

During the 1977 Calendar Year the Planning Board held 15 public hearings, five for the subdivision of land, four for zoning changes, four for zoning by-law changes, and two for changes in the Rules and Regulations Governing the subdivision of land in Walpole.

The Ad Hoc Land Study Committee, which was formed the previous year by the Planning Board, submitted their final report on the land located between Routes #1, #27, #1-95, and Coney Street and, based on the information in this report, the Planning Board held a public hearing for the rezoning of a parcel of land from residential to industrial located on Route #1 next to the skating arena. The proposed change was brought before Town Meeting and approved.

Other zoning changes pertained to the elderly housing on Main Street and Robbins Road which were also approved by Town Meeting.

The four hearings for proposed changes in the zoning by-laws dealt with self-service gas stations, requirements for as-built foundation plans, and for the revision of the flood plain by-laws which include federal requirements for flood plain insurance.

Changes in the Rules and Regulations Governing Subdivisions included procedures for street lighting within subdivisions, changes in the wording of the covenant, the requirement of wheelchair ramps at intersections, and also the addition of federal requirements pertaining to flood plain land.

Along with the public hearings there were held several regular and special meetings at which time approximately 65 plans were reviewed and recommendations for approval or disapproval were made. About half of these were site plans while the others were plans of land located on accepted ways in the town which did not require subdivision control.

We wish to thank at this time the Ad Hoc Land Study Committee, who were dismissed at the time of receipt of the final report, for the wonderful work they did for this Board.

Meetings of the Planning Board are held on the second and fourth Thursday of each month and the Board wishes to extend to the townspeople an invitation to attend the meetings in order to gain a better understanding of the functions of the Board in this particular phase of town government.

PERSONNEL BOARD

The Personnel Board was established in 1954 to administer the Classification and Wage and Salary Plans set up under Town by-law.

The basic responsibilities of the Board are to develop and maintain a program which encompasses wages, salaries, fringe benefits, job descriptions, and the review of specific personnel needs of Town departments and employees, except those specifically exempt.

During 1977 Joseph Pruett and Robert S. MacDonald resigned from the Board, and

Joseph C. Moraski and Robert F. Donahue were appointed to the Board.

Regular meetings of the Personnel Board are held on the first and third Mondays of each month and are open to the public.

MEMBERS

Kenneth S. Woodard, Chairman
Daniel J. Bielenin
Joseph C. Moraski
Robert F. Donahue

WALPOLE HOUSING AUTHORITY

Since 1948 when the Walpole Housing Authority was incorporated under the laws of the Commonwealth of Massachusetts, it has concerned itself with all the housing needs of the Town. At the present time, the only housing funded by the Commonwealth is a 64-unit for the elderly, which was built in 1970 and occupied in 1971.

In 1972, the Town Meeting approved the request of the Authority to seek additional housing for the elderly. As difficulty was experienced in obtaining suitable land on which to build, the Town Meeting in 1976 approved the transfer to the Authority of a parcel of land, approximately 21 acres, on Robbins Road, in order to expedite the building of such housing.

In 1977, the Town Meeting approved the rezoning of this parcel to General Residence, which is the zoning required for state-funded housing. Also, late in the year, the operation of the Stump Dump on this parcel was discontinued. At this writing, the Authority is awaiting the issuance of Department of Community Affairs' newly established rules and regulations on the filing of housing applications, in order that an application may be submitted early in 1978.

In the meantime, the Authority has become aware of the need for low-income family housing in the Town and has been diligently seeking applications from Federal HUD funds for Section 8, Subsidized Rental Assistance. In 1977, 25 families applied for certificates under Section 8, and also 7 elderly residents, the administration of such program being under the jurisdiction of the Department of Community Affairs. Late in 1977, the Authority began accumulating data and background material in order to submit a formal request for a grant direct from HUD to establish in the Town of Walpole a separate office to administer requests for certificates under Section 8, Subsidized Rental Assistance, which office would be established in 1978 to meet the needs of the community.

In the meantime, the Authority, recognizing these needs, supported in June a proposal by Vazza Associates to build low-income units for the elderly. Although the Board of Appeals did approve this plan after reducing the number of units requested, no grant has been given to build these units.

In September, the Authority supported the efforts of the Selectmen to obtain Penn Railroad land on Stone Street for future housing. This land was purchased, but has not as yet been turned over to the Authority.

Late in the year, two proposals by Lionel Goldman Associates were brought before the Authority — one to build 48 units of elderly housing on privately-owned land, and another to build units on the Robbins Road parcel owned by the Authority. Neither of the proposed housing units, however, would come under the control of the Authority.

As of this writing, the Legislature has approved a substantial sum for the building of elderly housing in Massachusetts, and it is hoped that the Authority will be successful in 1978 in obtaining some of the funds for a second unit of elderly housing in Walpole.

During 1977, the Authority experienced the largest turnover of apartments amounting to eight apartments becoming available. Seven have already been renovated and rented, and the eighth is in the process of being renovated for

occupancy in 1978. However, the list of elderly applicants continues to grow with a present total of 152.

The Authority has presently completed its first year of management and is now presenting its second management budget to the Department of Community Affairs for approval. During the past year, the hiring of a permanent part-time maintenance employee was accomplished, enabling the Authority to institute an improved maintenance program for the upkeep and minor repairs needed in the present apartments.

As required by DCA, a Tenants' Committee was formed in 1977 to approve the budget, present grievances, recommend needs, and administer an activity program for the residents. In November, the Committee was presented with a large color TV for the recreation hall by the Lions Club, and in December dishes and mugs were anonymously given for use at activity functions.

In March of this year, John P. Dolan submitted his resignation to the Authority due to ill health. Mr. Dolan had served continuously since 1960, as its Chairman and as its Treasurer in various years, and he had been very instrumental in obtaining the present housing. A suitable plaque was presented to Mr. Dolan in appreciation of his contribution to the Town of Walpole as a housing member. In May 1977, Louis P. Camelio, who was serving his first 5-year term, resigned because of business reasons.

The May Town Election saw two new members added to the Board — George E. Tyner, who was elected to complete the term expiring in 1980, Stanley J. Hayward to complete the term expiring in 1979. The Board is indeed fortunate to have two such energetic members elected, and the progress of the Authority in the last half of the year can be attributed to their dedication and service.

At the present writing, a complete renovation and updating of the Fire Alarm system is being done, and for 1978 the Authority has requested DCA to progress with the modernization of the emergency call system and wiring.

The Authority would like to express its appreciation to the Town Administrator, Town Engineer and the Selectmen for their cooperation and assistance in furnishing town services to the housing unit. In addition, the Authority is most grateful for the dedicated service given by the Walpole Visiting Nurses to the health needs of the residents.

INDUSTRIAL COMMISSION

The Industrial Commission is responsible for the economic climate of the town including the maintenance of existing industry and the promotion of the town towards the acquisition of new industry and the development of the town's resources.

In 1977, 17 acres of land on Route 1 adjacent to the Four Seasons Arena was re-zoned from Residence A to Limited Manufacturing. The commission hopes this land will be

developed in the near future, as the Planning Board's Ad Hoc Committee did not recommend that any other land in the area be re-zoned.

The commission has studied the proposed codification and revision of the Zoning By-Laws as presented in November, and has submitted its opinion that the by-law as it stands will, if approved, severely limit further development of commercial property in Walpole.

PURCHASING DEPARTMENT

The principal purpose of the Purchasing Department is to purchase quality supplies and equipment for the town and to obtain the lowest possible prices for these items. There are, however, many other duties involved such as maintaining proper records of purchases for determining future needs, maintaining and updating contract files, open and closed purchase order files, etc. Much time and effort has been devoted to all of this and yet there remains much to be done. A shortage of personnel has resulted in many projects being put aside in favor of maintaining day to day activities. It is hoped that this problem will be righted in the future.

Savings on items purchased has ranged all the way from 10% savings in some cases, to 68% in other cases, with the average being 34%. These results are encouraging to say the least and every effort is being made to maintain prices at a level where these savings can continue.

Further expansion of this department and its duties is being planned, but this will hinge on whether or not proper personnel can be assigned where they are needed. Our thanks to those who have cooperated so well with this department in its infancy.

CEMETERY DEPARTMENT

The Cemetery Department, headed by Supt. Stephen P. Huntress, Sr., is responsible for the maintenance and operation of four (4) Town owned cemeteries — Maple Grove, Rural, Old Burial Grounds and West Walpole, along with a few memorial sites within the Town. The Cemetery Department works in conjunction with funeral directors, vault companies and monumental works, for the preparation and aftermath of all funeral services.

This year two new sections were opened up for sale at Maple Grove Cemetery and sale of these lots has been very well received. Plans for a new stillborn and the creation of a cremation section are also under way at Maple Grove.

Our biggest obstacle, besides being under budgeted and equipped, of course, was again vandalism. Although we were not victimized as heavily as the preceding three years, and that was very gratifying indeed!

Again we held our price line constant. A 4' x 10' grave lot costing \$125.00 and \$100.00 per

opening except during winter months when the cost rises to \$115.00.

The year saw the revamping of the cemetery board from 3 positions to 6 with 3 voting members and 3 advisory members. Vacancies still exist!! Anyone interested in being on the board and playing an active role in the care of our cemeteries should contact the Town Hall at 668-2550 or Mr. Huntress at 668-7180 for further information. But, please, only contact us if you can play an active role and you are seriously interested in the maintenance of the cemeteries.

Any questions about the cemeteries should be directed to Mr. Stephen P. Huntress, Sr. at the Town Hall 668-2550 or at his home 668-7180.

The Cemetery Dept. wishes to say thanks to all who supported our achievements, the Town Administrator, the Cemetery Board, the D.P.W. department heads and their men. Thank you all.

Jackson Memorial, South Walpole, 1905

PERMANENT ADVISORY BUILDING MAINTENANCE COMMITTEE

The Permanent Advisory Building Maintenance Committee makes an inspection each fall of all public buildings, schools, parks and playgrounds. It then makes detailed recommendations, including cost estimates, to the Board of Selectmen and through them to the Finance Committee for the maintenance and improvement of the various properties.

The committee is helped in its work by various town officials and departments: the

town administrator, the superintendent of buildings, the school department, the library trustees, the recreation committee and others.

The amount recommended to be spent for proper upkeep during the next fiscal year, July 1, 1978 to June 30, 1979, is \$349,625.00. The work to be done during fiscal 1977-1978 is proceeding normally and will be completed on schedule.

SEWER AND WATER COMMISSIONERS

In May, Glenn S. Benson was elected to a one year term, replacing Frank A. Farinacci, who had been elected to the Board of Selectmen. The other members of the Board are Ronald A. Fucile, Chairman, and Edward J. Delaney, Clerk.

In June the 201 Facilities Plan was submitted to the State. This is the first step in obtaining design and construction grants for extending the sewer system to South and West Walpole and to replace the existing interceptor sewer. The 201 Facilities Plan should be approved by the State

in May 1978 with a grant money available for the design of the sewers.

Also pending with the State is an application, submitted in March 1977, for 20,000 L.F. of lateral sewer construction. A sewerage needs questionnaire was distributed to those areas where lateral sewer construction is proposed, asking for detailed information on waste disposal problems. The completed questionnaires were submitted to the State as justification for the need of sewers.

The construction of a lateral sewer on North

Street was completed in August and during November construction was started on a lateral sewer on Old Post Road.

During the month of July, the Board adopted Rules and Regulations for a "Sewer Use Charge". Several public hearings were held for the purpose of explaining the Sewer Use Charge. The purpose of the Sewer Use Charge is to recover the costs assessed by the M.D.C. for the operation and maintenance of the sewer system and sewage treatment plant. It was felt to be more equitable to have those who actually benefit from the system pay the major portion of its cost. The M.D.C. is requiring all communities to adopt a sewer use charge, this being a requirement for lateral money to improve the sewer system.

The Sewer Use Charge means that the three major industries in town will be paying a substantial fee for the use of the sewer. The annual sewer use charge will be \$2.50 per 1000 cubic feet of water and consumed. The estimated annual cost to an average single family homeowner will be approximately \$25.00.

The protection of the School Meadow Brook watershed was one of the most important items addressed this past year. A subdivision was proposed in Sharon with the individual septic tank leach fields located within the watershed and very close to School Meadow Brook. School Meadow Brook flows into the Washington Street well field which supplies Walpole with 75 to 80 percent of its water. The Commissioners retained counsel experienced in appearing before the State Department of Environmental Quality Engineering which has jurisdiction over these matters. Also a firm was engaged which gave expert testimony relative to the hydrological and geological sensitivity of the School Meadow Brook Watershed. The point was made to the state that the School Meadow Brook watershed is very important to Walpole and must be protected. The Town of Walpole and the developer have reached an agreement which protects School Meadow Brook and its watershed. The Board extends its appreciation to the Walpole Conservation Commission which was very active in the School Meadow Brook protection issue.

"The Fountain" in Lewis Square in memory of Bradford Lewis, 1910.

During the year the Board revised its rules and regulations pertaining to the sewer service connection fee. The sewer service connection fee is assessed to homeowners to recover the cost for the sewer lateral run to their property. The connection fee was not covering the construction costs of these laterals thereby necessitating a change in the fee.

The Board of Sewer and Water Commissioners extend our appreciation to the Town Administrator; Director; Director of Public Works/Town Engineer; Water and Sewer Department employees; Stephanie Arabak, Secretary to the Board, and various boards and other Town officials for their cooperation and assistance throughout the year.

FINANCES

FINANCE COMMITTEE

By all standards, the year 1977 was very similar to previous years. Each year the same problems return to confront us.

Rising costs continue. New demands continue to escalate our tax rate. A year that begins with a deficit free cash certification for the first time forces us to postpone programs that increase in cost with each year of inflation. Rather than continue to postpone, the Annual Town Meeting borrowed a substantial sum to fund capital improvements. Doing this, we diluted the impact on the tax rate.

Dual educational programs, Walpole and Tri-

County Vocational, have caused a larger percentage of our taxes to be earmarked for education. Until, we see a reduction in staff and buildings with an accompanying reduction in contract settlements, we will continue to spend more of our dollars for education. Financial obligations to fund collective bargaining will continue to be a problem. Finally, we wish to thank our retiring members for their years of service; Jim Jackson and Roy Fisher.

Your Finance Committee wishes to thank all who were so cooperative in the past year.

TOWN TREASURER

The fundamental duty of the Town Treasurer is to take charge of all Town funds. These funds come from several sources, such as taxation, charges, fees, Federal and State grants.

The Treasurer may disperse monies only on proper authorization.

During the year, the Treasurer's office handled over fourteen million dollars. This office is one of the highly complex Town departments, maintaining numerous accounts and extensive records covering such areas as Borrowing, Bonding, Investing, Tax Titles, Retirement, Insurance, Cemeteries, and Trust Funds.

The function of borrowing involves considerable time in the office, starting with requests for bids from all the banks, to certification by the Town Clerk, approvals by the Board of Selectmen, and the Commonwealth, before the funds are actually received.

Several times during the year when receipts failed to meet expenses, the Town had to borrow over five million dollars to meet the weekly obligations. However, when the Town has surplus funds, the Treasurer invests these funds in Certificates of Deposit, Repurchase Agreements, or U.S. Treasury Bills.

The Town maintains three public cemeteries, having over twenty Trust Accounts for perpetual care. Upon sale of the lots, the Treasurer issues a cemetery deed on behalf of the Town.

Each payroll or vendor check issued by the office is the culmination of over fifteen separate steps. Over thirteen thousand vendor checks are issued yearly. This year, over twenty-six thousand payroll checks were issued to twelve hundred permanent and part-time Town employees, amounting to over eight million dollars.

In addition to our clerical staff of two clerks, we welcomed Mrs. Georgianna Fitzgerald as a full time employee in our office.

TOWN COLLECTOR

In submitting my report for the period from July 1, 1976 through June 30, 1977, I would like to mention a few suggestions that I feel would be helpful to you the Taxpayer as well as this office.

1. When you receive a tax bill such as Real Estate, Motor Vehicle Excise Tax or other and you have a questions, please study the reverse side of the bill first. This will help you in such

areas as abatements, billing periods, and when interest will be added to your bill.

2. When a bill is issued to you and you feel that you are not responsible for it, please take the necessary steps to resolve it. An example would be a Motor vehicle that you did not register in the year that you are billed. Your recourse would be to file for an abatement with

the Assessor's Office. Another example would be if you sold your home, yet the Real Estate Bill was issued to you. Your recourse would be to forward that bill to the new owner.

3. When you receive your Real Estate Tax Bill and you are Tax Escrowing with your bank, please forward your bill to the bank immediately. It helps the bank, it helps you in not having to pay unnecessary interest and it helps us in processing your payment.

4. When mailing in a payment, please enclose a copy of the bill. If you need a receipt, please enclose a self-addressed stamped envelope along with your copy of the bill.

5. An unpaid water bill will go on your next Real Estate Bill as a water lien. We will mail to you an original water bill, (twice a year) and one (1) reminder (twice a year).

A questionable tax bill issued to you will not go away simply by ignoring it. You as a taxpayer must take action to resolve it. If you have a question on any tax bill and cannot find the answer, please feel free to call us.

In fiscal Year 1977 the Town Collector's Office processed approximately 40,000 bills (13,000 Real Estate, 10,400 Water, 15,000 Motor Vehicle Excise Tax, 1600 Departmental billings).

Our goals in Fiscal year 77 were to reorganize our office procedures, communicate with you the taxpayer on billing procedures through press releases and inserts with bills, and reduce delinquent taxes due the Town. I feel we made considerable progress in these areas and we will continue to work toward reaching these goals in the coming year.

Thank you for your support and cooperation.

Recap of Town Collector's Budget and Collections

1. In Fiscal Year 1976/77, there were two full time employees and two part time employees. The total budget for the salaries and expenses were \$40,473.00

2. In Fiscal Year 1976/77, the following monies were collected:

Real Estate and Personal Property Tax	\$9,700,274.50
Water Revenue436,992.96
Sewer Assessments	104,234.73
Street Betterments	1,284.91
Motor Vehicle Excise Tax832,166.88
Police Revolving Fund29,836.02
Fire Revolving Fund860.61
Ambulance Revolving Fund4,877.21
Interest22,357.25
Municipal Lien Certificates2,772.00
Total	\$11,135,657.07

GROSS SALARIES OF TOWN EMPLOYEES

Printed above are the gross salaries of town employees who earned over \$500 in 1977. The information was obtained from the treasurer's computer run and should be 100% accurate. We would like to stress that these are not neces-

sarily straight time earnings and may include overtime, stipends for extra duties, and in some cases, income from more than one position or town department.

TOWN MEETING ABSTRACTS

NOTE: The following reports of town meetings are condensed from the official reports and indicate motions which bind the town. For details of debate and subsidiary motions the reader is referred to the official minutes in the office of the town clerk.

ANNUAL TOWN MEETING, MARCH 7, 1977

Norfolk, ss.

Pursuant to the foregoing warrant of March 7, 1977, the Annual Town Meeting was called at the West Junior High School Auditorium at 7:30 P.M. on MONDAY, MARCH 7, 1977 by Town Clerk, Louis E. Hoegler, presiding in the absence of Moderator Thomas M. White. A quorum not being present the meeting adjourned to Monday, March 14, 1977 at 7:32 P.M.

MEETING OF PRECINCT 1 RTM MEMBERS FOR THE PURPOSE OF FILLING A VACANCY March 7, 1977

At a meeting held on March 7, 1977 in the West Junior High School, in accordance with Sections 2-20 and 2-21 of the Walpole Home Rule Charter for the purpose of filling a vacancy in Precinct 1 created by the resignation of Louis P. Camelio, the following action was taken:

Stanley Hayward was elected Chairman and Louis E. Hoegler, Town Clerk was designated Clerk.

Albert C. Miller of 4 Sandra Road was appointed to fill the vacancy for a term which expires May 7, 1977.

MEETING OF PRECINCT 2 RTM MEMBERS FOR THE PURPOSE OF FILLING A VACANCY March 7, 1977

At a meeting held on March 7, 1977 in the West Junior High School, in accordance with Sections 2-20 and 2-21 of the Walpole Home Rule Charter for the purpose of filling 2 vacancies in Precinct 2 created by the resignations of Alice Cercone and William Koehler, the following action was taken:

Edward R. Verrochi was elected Chairman and Louis E. Hoegler, Town Clerk was designated Clerk.

Daryl E. Cooper was appointed to fill the vacancy of Alice Cercone and J. Jeffrey Sullivan was appointed to fill the vacancy of William Koehler, both for terms to expire May 5, 1979.

MEETING OF PRECINCT 4 RTM MEMBERS FOR THE PURPOSE OF FILLING THREE VACANCIES March 14, 1977

At a meeting held on March 14, 1977 in the West Junior High School, in accordance with Sections 2-20 and 2-21 of the Walpole Home Rule Charter for the purpose of filling three vacancies in Precinct 4 created by the resignations of Agnes V. Keating, James F. Keating and Francis H. Woodward, the following action was taken:

Peter J. Hand was elected Chairman and Louis E. Hoegler, Town Clerk was designated Clerk.

James Tullock was chosen to fill the vacancy of Agnes Keating and John P. Piccirilli was chosen to fill the vacancy of James Keating, both terms to expire May 7, 1977. Ann M. Cushing was chosen to fill the vacancy of Francis Woodward, which term will expire May 6, 1978.

ADJOURNED ANNUAL TOWN MEETING, MARCH 14, 1977

Norfolk, ss.

Pursuant to the foregoing adjournment of March 7, 1977, the Annual Town Meeting of the Town of Walpole was held in the West Junior High School Auditorium on MONDAY, THE FOURTEENTH DAY OF MARCH, 1977.

The meeting was called to order at 7:40 P.M. by Moderator Thomas M. White. All rules and regulations concerning the calling of a town meeting were fulfilled and a quorum was present.

The Assembly recited the Pledge of Allegiance.

Town Clerk, Louis E. Hoegler, attested to proper Return of the Warrant.

The following Tellers were appointed: John Hill, Levi Salonen, Peter Conti and Clifford E. Barnes, Jr.

On Motion of the Finance Committee,

VOTED: That when the Annual Town Meeting adjourns, it adjourn to Wednesday, March 16, 1977 at 7:30 P.M. and that ensuing sessions be held on Monday, March 21st at 9:00 P.M. and Wednesday, March 23, 1977 and Monday, March 28, 1977 at 7:30 P.M. if there is business. All sessions to be held at West Junior High School.

ARTICLE 1

NO ACTION.

ARTICLE 3 - BORROWING IN ANTICIPATION OF REVENUE

VOTED: That the Town authorize the treasurer, with the approval of the Selectmen, to borrow in anticipation of the revenue for the twelve month period beginning July 1, 1977 in accordance with General Laws, Chapter 44, Section 4, and acts in amendment thereof, and including in addition thereto, Chapter 849 of the Acts of 1969 as amended, and to renew any note or notes as may be given for a period of less than one year in accordance with the General Laws, Chapter 44, Section 17.

ARTICLE 4 - INTEREST PAYMENTS

VOTED: That the Town raise and appropriate from taxation the sum of ten thousand dollars (\$10,000.00) to defray the interest payment on any monies borrowed under Article 3.

ARTICLE 5 - AUDIT

VOTED: That the Town instruct the Selectmen to petition the Director of Accounts, Department of Corporations and Taxation, Commonwealth of Massachusetts, for an audit of the Town's accounts, in accordance with Section 35 of Chapter 44 of the General Laws. (Ter. Ed.)

ARTICLE 6 - TAX COLLECTING

VOTED: That the Town authorize the Collector in collecting taxes to use all means which the Treasurer may use when appointed Collector.

ARTICLE 7 - COLLECTING WATER RATES

VOTED: That the Town authorize the Collector in collecting water rates and services to follow the rules and regulations of the Water Department.

ARTICLE 8 - COLLECTING SEWER ASSESSMENTS

VOTED: That the Town authorize the Collector in collecting sewer assessments to follow the rules and regulations of the Sewer Department.

ARTICLE 9 - AUTHORIZATION TO SELL PROPERTY

VOTED: That the Town authorize the Board of Selectmen to sell any and all property now owned by the Town, or to be acquired, as a right of foreclosing rights of redemption in said property.

VOTE: UNANIMOUS.

ARTICLE 10 - AUTHORIZATION TO SELL EQUIPMENT

VOTED: That the Town authorize the Board of Selectmen to sell or otherwise dispose of certain used furniture and equipment owned by the Town.

ARTICLE 11 - WORKMEN'S COMPENSATION

VOTED: That action be DEFERRED until Budget Function Code 4721 is considered in Article 34.

VOTE: UNANIMOUS

ARTICLE 12 - CONTRIBUTORY RETIREMENT SYSTEM

VOTED: That action be DEFERRED until Budget Function Code 4741 is considered in Article 34.

VOTE: UNANIMOUS

ARTICLE 13 - VETERANS' PENSIONS

VOTED: That the Town raise and appropriate from taxation the sum of eight thousand dollars (\$8,000.00) for Veterans' Pensions under Chapter 32, Section 59A of the General Laws.

ARTICLE 14 - INDEMNIFICATION OF TOWN EMPLOYEES

VOTED: That the Town vote to accept the provisions of Section 100A of Chapter 41 of the General Laws, regarding indemnification of town employees.

ARTICLE 15 - PRINTING OF TOWN REPORTS

VOTED: That the Town raise and appropriate from taxation the sum of fifty-seven hundred dollars (\$5,700.00) to print the 1977 Town Reports.

ARTICLE 16 - NIGHT BEFORE THE FOURTH

VOTED: That the Town raise and appropriate the sum of one thousand five hundred dollars (\$1,500.00) for the "Night Before the Fourth" celebration.

ARTICLE 17 - CHRISTMAS LIGHTING

VOTED: That the Town raise and appropriate from taxation the sum of one thousand dollars (\$1,000.00) for Christmas Lighting.

ARTICLE 18 - NURSING SERVICES

VOTED: That the Town raise and appropriate from taxation the sum of twenty-three thousand dollars (\$23,000.00) for the rendering of nursing services in the areas of Health Supervision for tuberculosis control including intradermal tuberculin testing, assistance to schools in the T.B. survey, maternal and child health, control of communicable diseases, provision of clinics including immunization programs for children, mental health and retardation programs, adult health supervision including health maintenance service for Senior Citizens.

ARTICLE 19 - BIRD ATHLETIC FIELD

VOTED: That the Town raise and appropriate from taxation the sum of one dollar (\$1.00) and authorize the School Committee to renew a lease indenture with the Trustees of Francis William Park to lease land known as "The Bird Athletic Field."

ARTICLE 20 - EXPENSES FOR PHYSICAL TRAINING

VOTED: That the Town raise and appropriate from taxation the sum of sixty-three thousand, one hundred and thirty-three dollars (\$63,133.00) to cover the expenses of physical training, athletics, equipment, and transportation of teams for the Junior and Senior High Schools as defined and specified in Chapter 71 of the General Laws of Massachusetts, and Chapter 658 of the Acts of 1950.

ARTICLE 21 - CAFETERIA EXPENSES

VOTED: That the Town raise and appropriate from taxation the sum of fifty-five thousand, seven hundred dollars (\$55,700.00) to cover the expenses of cafeterias for a twelve month period starting July 1, 1977.

ARTICLE 22 - PUBLIC SCHOOL EXPENSES

VOTED: That action be DEFERRED until Budget Function Code 4300 is considered Under Article 34.

ARTICLE 23 - SCHOOL IMPROVEMENT AND RENOVATION

VOTED: To Divide this Article 23 into two parts.

Part One

VOTED: That the town raise and appropriate by taxation the sum of fifty-five thousand, five hundred and twenty-five dollars (\$55,525.00) for capital improvements to schools as follows:

Electrical Service & Lighting Stone School	\$14,000
School Locker Replacement Program	22,475
Additional lockers High School	4,050
Radio Station Equipment	3,000
Emergency/Security Equipment - Schools	5,500
Re-tile floor East Junior High	2,500
Elementary Playground Equipment, Bird and Old Post Road School	4,000

Part Two

VOTED: That the Town raise by borrowing for a period of not more than five years under the provision of the General Laws, Chapter 44, Section 7, the sum of sixty thousand dollars (\$60,000.00) to hire an architectural consultant to prepare plans for the renovation of the present High School building.

VOTE: YES - 108 NO - 10

ARTICLE 24 - TRI-COUNTY REGIONAL SCHOOL

VOTED: That the Town accept an amendment to the Tri-County Regional Vocational Technical School District Agreement initiated and proposed by vote of the Tri-County Regional Vocational School District Committee adopted October 13, 1976 and entitled "Amendment No. 4 to the Agreement Establishing the Tri-County Regional Vocational Technical School District", which proposed amendment provides in substance for an additional category of apportioned costs called "outside special education costs" to include the net cost of all special education programs for school-age children which the District is required to provide under Chapter 766 of the Acts of 1972 as amended and which are not conducted by it within its regular educational facilities; that such "outside special education costs" shall not be included

in the District's annual budget but shall be paid directly by the town which would have been responsible for the payment of such costs but for the fact that the school-age child was enrolled in the District's schools; and that any reimbursements or other receipts by the District on account of outside special operating costs shall be forwarded promptly by the District to the treasurer of the town concerned.

ARTICLE 25 - BUDGET FOR REGIONAL SCHOOL

VOTED: That the Town raise and appropriate from taxation the sum of four hundred, eighty thousand, ninety-seven dollars and thirty-six cents (\$480,097.36) as the town's proportionate share of the Operating Budget for the Tri-County Regional Vocational Technical School District's Operating Budget for the Fiscal Year 1977-78.

ARTICLE 2 - RULES COMMITTEE

VOTED: To confirm the following members of the Rules Committee:

Precinct 1 - Bernice Harrison
 Precinct 2 - Philip Wild
 Precinct 3 - Edward J. Delaney
 Precinct 4 - William Christy
 Precinct 5 - Ronald Fucile
 Precinct 6 - Laura Warcup
 Precinct 7 - John Farrell, Jr.

ARTICLE 26 - PERSONNEL BOARD

VOTED: That the Town approve the actions of the Personnel Board taken after the 1976 Town Meeting and prior to the 1977 Town Meeting.

VOTED: That NO ACTION be taken on this article.

ARTICLE 14 - HIGH STREET RECONSTRUCTION

VOTED: Let it be resolved that before a reconstruction plan of High Street, a designated Scenic Road in the Town of Walpole, be submitted to the Planning Board that it be reviewed at a public meeting by the Board of Selectmen, acting in their capacity as Road Commissioners, to determine the best possible way to improve the road and yet take any action or adopt any standard necessary to preserve it as a Scenic Road.

And let it be further resolved that they will take into consideration the wishes of the residents before submitting their plan to the Planning Board.

On 2/3 Vote Required,

VOTED: That the Town raise and appropriate the sum of ninety thousand dollars (\$90,000.00) by borrowing for a period of not more than five years in accordance with the provisions of the General Laws, Chapter 44, Section 7 to reconstruct High Street and install water mains and storm drains from Coach Road to the Medfield Town Line.

Standing Vote: **YES - 112 NO - 3**

ARTICLE 15 - SEWER MAINS

VOTED: That the Town raise and appropriate by transfer from the Sewer Assessment Fund the sum of fifty-five thousand dollars (\$55,000.00) to construct approximately 1,635 l.f. of sewer mains and appurtenances on North Street from Spear Avenue to Bowker Street.

ARTICLE 16 - SEWER MAINS

On 2/3 Vote Required,

VOTED: Standing Vote: **YES - 117 NO - 1**

That the Town raise and appropriate the sum of six hundred, ninety five thousand dollars (\$695,000.00) by borrowing for a period of not more than thirty years under the provisions of the General Laws, Chapter 44, Sections 7 and 8 to construct approximately 16,958 l.f. of lateral sewer mains on Brown Drive, Oak Hill Drive, Haynes Street, Bellingham Street, Vane Street, Dudley Street, Winthrop Street, Robbins Road, East Street, Everett Street, Plimpton Street, Beth Road, Holly Road, Meadow Lane, Kendall Street and easements; and authorize application for a Federal sewer construction grant in accordance with P.L 92-500, as amended, to reduce the cost to the Town of said work except that no amount shall be borrowed until the Town qualifies for said grant.

ARTICLE 17 - SEWER DESIGN

On 2/3 Vote Required,

VOTED: Standing Vote: **YES - 119 NO - 1**

That the Town raise and appropriate the sum of four hundred thousand dollars (\$400,000.00) by borrowing for a period of not more than thirty years under the provisions of the General Laws, Chapter 44, Sections 7 and 8 to retain a consulting engineering firm to design the following sewers and appurtenances: Replacement of main sewer outfall from Walpole Center to Norwood Town Line; Extension of main sewer outfall from South Street to Neponset Street; West Street and Norfolk Street interceptor sewer; and approximately 20,000 l.f. of lateral sewers in South and West Walpole; and authorize application for a Federal sewer design grant in accordance with P.L. 92-500, as amended, to reduce the cost to the Town of said work except that no amount shall be borrowed until the Town qualifies for said grant.

THE TIME FOR THE CALL OF THE 8:30 P.M. SPECIAL TOWN MEETING HAVING ARRIVED, IT WAS MOVED, SECONDED AND VOTED THAT THIS 7:30 MEETING BE ADJOURNED UNTIL ACTION IS COMPLETED ON THE 8:30 P.M. MEETING.

SPECIAL TOWN MEETING - 8:30 P.M. MARCH 21, 1977

Norfolk, ss.

Pursuant to the foregoing waraant of March 21, 1977 the Special Town Meeting of the Town of Walpole was held in the West Junior High School on MONDAY, THE TWENTY-FIRST DAY OF MARCH 1977. The meeting was called to order at 8:35 P.M. by Moderator Thomas M. White. All rules and regulations concerning the calling of a town meeting were fulfilled and a quorum was present.

Town Clerk, Louis E. Hoegler, attested to proper return of the warrant.

ARTICLE 1 - SEWER ASSESSMENT CHANGE

VOTED: Standing Vote: **YES - 97 NO - 21**

That the Town authorize the Board of Sewer and Water Commissioners to petition the State Legislature to allow the unit method of sewer assessment in the Town of Walpole.

THERE BEING NO FURTHER BUSINESS TO COME BEFORE THIS 8:30 P.M. MEETING, IT WAS MOVED, SECONDED AND VOTED THAT THIS MEETING BE DISSOLVED. THE MODERATOR SO DECLARED AT 9:30 P.M.

PURSUANT TO THE FOREGOING ADJOURNMENT OF THE 7:30 P.M. SPECIAL TOWN MEETING OF THIS EVENING OF MARCH 21, 1977, SAID MEETING WAS RECONVENED AT 9:35 P.M.

ARTICLE 18 - SANITARY LANDFILL IMPROVEMENTS

VOTED: That the Town raise and appropriate by transfer the sum of twenty thousand dollars (\$20,000.00) as follows: ten thousand dollars (\$10,000.00) from Article 14 of the Special Town Meeting of August 21, 1975; eight thousand dollars (\$8,000.00) from Budget Article 40B, (Solid Waste Removal) of the Annual Town Meeting of 1976; two thousand dollars (\$2,000.00) from Federal Revenue Sharing Funds to make improvements at the Sanitary Land-fill.

ARTICLE 19 - SNOW AND ICE REMOVAL

VOTED: That the Town expend the amount of thirty-nine thousand, nine hundred and eight dollars (\$39,908.00) received from the Federal Government under Title II of the Public Works Employment Act of 1976 in accordance with Public Law 94-369 as follows:

- \$20,214.83 — Snow & Ice Removal for Fiscal Year 1976-1977
(See Art. 19 of this Special Town Meeting)
- 1,885.00 — Defray salary expenses for certain employees
(See Art. 20 of this Special Town Meeting)
- 4,265.50 — Fire Dept. merit increases for the period of
January 1, 1977 through June 30, 1977.

- 8,531.00 — Fire Dept. merit increases for the period of
July 1, 1977 through June 30, 1978
5,011.67 — Health Dept. salaries for the period of July 1,
1977 through June 30, 1978

VOTE: UNANIMOUS

ARTICLE 23 - PERMANENT STREET NAMING COMMITTEE

VOTED: That the Town take NO ACTION on this article.

ARTICLE 24 - COMBINING TOWN TREASURER AND COLLECTOR

VOTED: That the Town take NO ACTION on this article.

ARTICLE 25 - CHANGES OF TOWN CHARTER

VOTED: That this article be divided into five parts.

Part 1

VOTED: That the town correct Charter Amendment Section 2-6 (B), **Special Rights of Incumbents**, as follows:

- (1) Incumbent Town Meeting Representatives shall have the following rights:
- (a) To forego filing of nomination papers if they have filed a written statement of their intent to seek re-election with the Town Clerk ten (10) days prior to the last day for the filing of nomination papers for the office of Town Meeting Representative; see Article 7 - Section 7-1 **Computation of Time**.
- VOTE: UNANIMOUS

Part 2

VOTED: That the town correct Charter Amendment Section 2-7 **Vacancies** as follows:

- (B) When a vacancy occurs in the full number of Town Meeting Representatives from any precinct arising from any cause, other than the failure of the registered voters thereof to elect, said vacancy(s) shall be filled until the next Annual Town Election by the remaining Town Meeting Representatives of the precinct in which the vacancy(s) has arisen.
- (1) The Town Clerk shall call a special meeting of the Town Meeting Representatives of the precinct in which the vacancy(s) exist. The Town Clerk shall also publish notice of such vacancy(s) at least one week prior to filling that vacancy(s).
 - (a) The purpose of said meeting shall be to fill the vacancy(s) until the next Annual Town Election from among the registered voters of the precinct.
 - (2) The Town Clerk shall mail to every such representative, a notice specifying the object, time and place of the meeting, not less than five (5) days before the time set for the meeting.
 - (3) At the said meeting, a majority of the representatives from such precinct shall constitute a quorum.
 - (4) The choice to fill the vacancy(s) shall be by ballot and a majority of the votes cast shall be necessary for election.
 - (5) After receiving written acceptance from the successful candidate, the Town Clerk shall give public notice of their election.
- VOTE: UNANIMOUS

Part 3

VOTED: That the town correct Charter Amendment Section 3-2 **Board of Selectmen**, as follows:

- (B) Powers and Duties
- (3) Powers of Investigation.
(second paragraph)
The Selectmen may take appropriate legal action as a result of an investigation if they so deem it necessary to protect the interest of the town and the public.
 - (4) Powers of Appointment
(d) The Chairman of the Board of Selectmen, together with the Chairman of the School Committee and the Moderator shall appoint two (2) members to the Tri-County Regional Vocational Technical School Committee as provided in Section 1-A of "Agreement With Respect to the Establishment of a Technical and Vocational Regional School District" dated February 28, 1973.
- VOTE: UNANIMOUS

Part 4

VOTED: That the town correct Charter Amendment Section 2-8 **Moderator**, as follows:

- (D) If the Moderator is absent, the office of the Town Clerk shall have the power to call the meeting to order and act on a motion to adjourn; or if there is business to be transacted, the Clerk shall have the power to preside until a Moderator Pro Tempore is elected by the Town Meeting Representatives.
- VOTE: UNANIMOUS

Part 5

VOTED: That the Town correct Charter Amendment Section 8-8 **Effective Date** as follows:

- (G) The terms of office of the incumbent members of the Board of Sewer and Water Commissioners shall continue to their normal expiration. At the annual election in 1978, due to the transition to a five-man board, there shall be three positions filled by election. Two of said positions for three-year terms and one position for a two-year term and thereafter the terms shall be arranged so that the positions of not more than two members shall expire each year.

VOTE: **UNANIMOUS**

ARTICLE 26 - POLICE CHIEF AND CIVIL SERVICE

VOTED: That the Town authorize the Board of Selectmen to petition the Legislature to exempt the office of the Chief of Police in the Town of Walpole from Civil Service law and rules.

VOTED: To Remove from the Table **Article 9, Article 10, and Article 11.**

VOTED: That this special town meeting be adjourned to March 23, 1977 at 8:00 P.M. The Moderator so declared at 10:50 P.M.

ADJOURNED ANNUAL TOWN MEETING March 23, 1977

Norfolk, ss.

Pursuant to the foregoing adjournment of March 16, 1977, the Annual Town Meeting of the Town of Walpole was held in the West Junior High School on WEDNESDAY, THE TWENTY-THIRD DAY OF MARCH 1977. The meeting was called to order at 7:40 P.M. by Moderator Thomas M. White.

ARTICLE 2

VOTED: That the report of the Library Study Committee be accepted as printed in the Finance Committee booklet and that the committee be dissolved.

VOTED: That the Library Study Committee be discharged with thanks.

ARTICLE 2

VOTED: That the Charter Review Committee be discharged with thanks.

ARTICLE 56 - ZONING BY-LAW CHANGE

VOTED: That Article 56 be divided into three (3) parts.

Part 1

VOTED: That the Town take NO ACTION on Section IV, subsection IV-1 of the Zoning By-laws.

Part 2

VOTED: That the Town take NO ACTION on Section IV-A, subsection IV (A)-6 of the Zoning By-laws.

Part 3

VOTED: That the Town amend the Zoning By-laws by adding, after Section VI-8, the following to be known as Section VI-8 (A) - Requirement of an As-Built Plot Plan:

"Upon completion of foundation(s) the holder of the building permit will file an updated plot plan signed by a registered professional engineer or a registered land surveyor showing that the foundations(s) has/have been located as required by Section VI-8 above. This section is not intended to include an addition to a privately owned single family residence, providing said addition conforms to all other existing building codes and zoning by-laws. The holder of said permit may proceed at his own risk".

"The updated plot plan shall contain the following notation signed by the engineer or surveyor".

PLAN OF LAND WALPOLE, MASSACHUSETTS

I HEREBY CERTIFY THAT THE LOT CORNERS, DIMENSIONS, ELEVATIONS, AND OFFSETS TO THE PROPOSED BUILDING OR STRUCTURE AS SHOWN ON THIS PLAN ARE CORRECT AND CONFORMING TO TOWN OF WALPOLE ZONING BY-LAWS AND REGULATIONS.

VOTE: **UNANIMOUS**

ARTICLE 57 - ZONING BY-LAW CHANGE

VOTED: That the Town take NO ACTION on this article.

ARTICLE 58 - ZONING BY-LAW CHANGE

VOTED: That the Town take NO ACTION on this article.

ARTICLE 59 - TOWN BY-LAW CHANGE

VOTED: That the Town take NO ACTION on this article.

ARTICLE 60 - DOG LEASH LAW

VOTED: That Section 6 of Article XVII of the Walpole By-Laws relative to Dog Regulations be amended to read "full time leash law" and any reference to the times said law is to be in effect shall be deleted; further wherever the words "part time leash law" shall appear in said Article XVII, the words "full time leash law" shall be substituted therefor and any reference to the times "7:00 A.M. to 10:00 P.M." shall be deleted.

VOTED: That the Town amend Article XVII of the Walpole Town By-Laws relative to Dog Regulations by deleting the present provisions and substituting therefor the following:

Section 1. License Fees; Examination for Seeing Eye Dogs; Refund of Fees; Inspection of Kennels

The annual fee for every dog license, except as otherwise provided by law, shall be four dollars for a male dog, and seven dollars for a female dog unless a certificate of a registered veterinarian who performed the operation that such female dog has been spayed and has thereby been deprived of the power of propagation, has been shown to the Town Clerk in which case the fee shall be four dollars. A certified copy of such certification on file in the office of any city or town clerk within the Commonwealth may be accepted as evidence that such operation has been performed. If the Town Clerk is satisfied that the certification by the veterinarian who spayed the dog cannot be obtained, he may accept in lieu thereof a statement under the penalties of perjury by a veterinarian registered and practicing in the Commonwealth describing the dog and stating that he has examined such dog and in his opinion the dog is not capable of propagation by reason of spaying. Unless the veterinarian has examined the dog in question, license fee for that licensing period shall be at the rate of an unspayed female. When applying for a license, the applicant must also show proof by a veterinarian certificate, that the dog has been vaccinated against rabies, within the last two years if the dog is six months of age or over, as required by Massachusetts Laws (General Laws, Chapter 140, Section 115B). No fee shall be charged for a license for a dog specifically trained to lead or serve a blind person; provided that the Division of the Blind certifies that such dog is so trained and actually in the services of a blind person. No license fee or part thereof shall be refunded because of the subsequent death, loss, spaying or removal from the Commonwealth or other disposal of the dog, nor shall any license fee or part thereof paid by mistake be paid or recovered back after it has been paid over to the County under Chapter 140, Section 147 of the General Laws. The Animal Control Officer shall inspect all kennels licensed under the provision of Section 137A of Chapter 140 in accordance with the provisions of Section 137C of Chapter 140 at least once every six months.

Section 2. Disturbing the Peace

No person shall own or keep in the Town any dog which by biting, excessive barking, howling or in any other manner disturb the quiet of the public.

Section 3. Complaint of Nuisance

If any person shall make a complaint first in writing to the Animal Control Officer that any dog owned or harbored within his jurisdiction is a nuisance by reason of vicious disposition or excessive barking or of other disturbance, the Animal Control Officer shall investigate such complaint which may include an examination under oath of the complainant, submit a written report to the Selectmen of his findings and recommendations, together with the written complaint.

Upon receipt of such report and examination of the complainant and the owner of the dog, under oath, the Selectmen after hearing, of which time the owner of the dog will be given due notice to appear, may make such order concerning the restraint, muzzling, disposal of such dog, dismissal of the complaint or such other action as may be deemed necessary. The Animal Control Officer, after investigation, may issue an interim order that such dog be restrained or muzzled for a period not to exceed fourteen days to enable the Selectmen to issue their order following receipt of the report of the Animal Control Officer. If the Selectmen fail to act during the period of interim order, upon expiration of the period the interim order is automatically vacated.

Section 4. Restraint or Muzzling

The Animal Control Officer may restrain or muzzle, or issue an interim order to restrain or muzzle, for a period not to exceed fourteen days, any dog for any of the following reasons:

- a. For having bitten or threatened (worried) any person.
- b. If found at large or unmuzzled, as the case may be, while an order for the restraint of such dog is in effect.
- c. If found in a school, schoolyard or other recreational area.
- d. For having killed or maimed or otherwise damaged any domesticated animal.
- e. For chasing any vehicle (including bicycles) upon any public way or way open to public travel in the town.
- f. For any violations of Section 2.
- g. All above subject to penalties or fines.

Upon restraining or muzzling, or issuing an interim order to restrain or muzzle, the Animal Control Officer shall submit in writing to the Selectmen, a report of his action and the reasons therefor. Upon receipt of such report, the Selectmen may make such order concerning the restraint, muzzling or disposal of such dog as may be deemed necessary. If the Selectmen fail to act upon the report during the period the dog is restrained or muzzled, upon expiration of the period, the interim order automatically is vacated. If the dog is ordered to be restrained or muzzled six weeks of a twelve month period the Selectmen must issue a permanent order of restraint, muzzling or disposal of said animal.

Section 5. Appeal of Restraint or Muzzling

The owner or keeper of any dog that has been ordered to be restrained or muzzled or which has been restrained under this article may, within ten days after such order, bring a petition in the district court, addressed to the justice of the court, praying that the order may be reviewed by the court, and after such notice to the officer or officers involved as the court may deem necessary it shall review such action, hear the witnesses and affirm such order unless it shall appear that it was made without proper cause or in bad faith, in which case such order shall be reversed. The decision of the court shall be final and conclusive upon the parties.

Section 6. Full Time Leash Law

Any person owning or harboring a dog shall not cause or allow said dog to roam *at large in any of the streets or public ways or places within the confines of the Town of Walpole, or upon the premises of anyone other than the owner or keeper, unless the owner or occupant of such premises expressly grants permission. Under no circumstances shall a dog even though secured by suitable lead be allowed on private property, unless specific permission has been granted by owner of said property. No dog shall be permitted in any public place or on any public thoroughfare inclusive of all Town owned property and properties under the authority of the Commonwealth of Massachusetts that are situated in the Town of Walpole, unless said dog is restrained by a chain or lead not exceeding seven (7) feet in length that is of suitable test for the size of the dog that is being restrained, and is attended by a person of adequate age and discretion to properly control its actions or is at the **heel position beside a competent person and demonstrably obedient to the person's command. The law in this section shall not be construed to limit the use of hunting dogs during the open hunting season, provided that the hunting dog is set off lead or out of the heel position in the environment that is normally used at hunting season, (meaning woods, forest, hunting range).

*At large meaning a dog which is (1) unaccompanied by a person of adequate age and discretion to properly control its actions and (2) is unrestrained by a lead or chain of less than seven (7) feet that is of suitable test for size of dog being restrained.

**At heel meaning a dog under complete control of a person of adequate age and discretion to control its actions as adequately as a dog that is on lead.

Section 7. Unlicensed Dogs; Licensed Dogs Not Wearing a Tag

Any dog within the limits of the Town, unlicensed or not wearing a valid license tag shall be impounded by the Animal Control Officer and not released until pound fees, in accordance with the General Laws, pickup fees, late licensing fee of three dollars (if applicable) are paid and current license is obtained from the Town Clerk. The pickup fee shall be five dollars, with said fee to go to the Town of Walpole. Any dog not claimed within ten days will become the property of the Town of Walpole, and will be disposed of by the Animal Control Officer by whatever humane means are available.

Section 8. Dog in Estrus Cycle

If the Animal Control Officer determines that a dog in her estrus cycle (even when confined to the property of her owner or keeper) is attracting other dogs to the area, which condition causes disturbance on or damage to neighboring property or public areas, he may pick up and impound the dog for the duration of her estrus cycle, releasing thereafter to the owner or keeper upon payment of pickup and pound fees; or the Animal Control Officer may require the owner or keeper to place and keep such dog, while in such cycle, in a commercial or boarding kennel, or to remove it from the area so that the nuisance is abated.

Section 9. Animal Control Officer

- a. The Selectmen shall appoint one full time Animal Control Officer to enforce the Rules and By-laws concerning dogs and warm-blooded animals in the Town of Walpole.
- b. The Board of Selectmen shall establish a job description for the Animal Control Officer; and shall also establish the hours that he shall be on duty and available to respond to complaints.
- c. The main duties of the Animal Control Officer are to insure that all dogs within the Town of Walpole are duly licensed and that all Rules and Regulations are strictly enforced. This office shall also have control over all warm-blooded animals similar to the control exercised over dogs.
- d. During the hours of 10:00 PM to 7:00 AM seven days per week, the Police Department will act as Animal Control Officer coordinating with full time Animal Control Officer any messages or complaints received daily.
- e. It shall be the duty of the Animal Control Officer to apprehend any dog found roaming at large in direct violation of Section 6 of the Walpole Dog Laws, and the corresponding provisions throughout Article XVII. The Animal Control Officer will impound said dog thereby making a complete registry, entering the breed, color, and sex of the dog and whether it is licensed. If licensed, an entry of the name and address of the owner and the number of the license tag. The owner, if known, shall be notified as soon as possible that their dog has been impounded. The owner of any dog that has been impounded may claim said dog upon payment of all costs and charges levied by the town including license fee, if unlicensed, and maintenance costs as provided by law.
- f. The Animal Control Officer may hold or conduct hearings preliminary to Selectmen's hearing to possibly evaluate or adjudicate any complaints that arise that may be settled informally out of court.

Section 10. Pound and Equipment

The Board of Selectmen may select a commercial kennel facility within the town or use the Animal Control Officer's facility to impound or keep dogs that have been apprehended by the Animal Control Officer as being strays or violators of the law, providing that both of the foregoing are within cost limitations and specifications set by the Board of Selectmen.

Section 11. Fines and Penalties

Any owner or keeper of a dog who shall fail to comply with any of the provisions of the By-Laws and laws governing dogs, shall be fined as follows:

- a. Failure to license dogs - \$5.00 each
 - b. Violation of leash law -
 - 1st offense - \$5.00 within a calendar year
 - 2nd offense - 10.00 within a calendar year
 - 3rd offense - 15.00 within a calendar year
 - c. Dog bite - The Animal Control Officer must make judgment as to severity and provocation of bite to determine processing and procedure of this violation.
 - 1st offense - \$10.00
 - 2nd offense - 15.00
 - 3rd offense - 20.00
 - 4th offense - Hearing
 - d. Dog found in school yard
Additional to Section 11b - \$8.00
 - e. Complaints such as, but not limited to, barking, littering, or defecating on sidewalks or private property.
 - 1st offense - \$5.00
 - 2nd offense - 10.00
 - f. Failure to comply with order of restraint in accordance with General Laws, Chapter 140, Section 168 - \$25.00

On Monday, May 12, 1977, the following were declared elected and sworn into office by Town Clerk, Louis E. Hoegler:

Moderator: Thomas M. White, for a One Year Term.

Selectman: Albert A. Scott, Jr. and JoAnn Sprague, both for a Three Year Term.

Town Collector: Robert G. Keeling, for a Three Year Term.

Assessor of Taxes: Robert A. Cobb, for a Three Year Term.

Trustees of Public Library: Linda J. Gilmore and Robert S. MacDonald, each for a Three Year Term; and Nancy Chagnot, for a One Year Unexpired Term.

School Committee: Dorothea J. Kunde, Garrett H. Dalton, Jr. and Gregory Yergatian, each for a Three Year Term.

Planning Board: John P. Dwyer and John W. Farrell, Jr., each for a Three Year Term.

Housing Authority: George E. Tyner, Jr. for a Three Year Unexpired Term; and Stanley J. Hayward for a Two Year Unexpired Term.

Sewer & Water Commissioner: Edward J. Delaney for a Three Year Term; and Glenn S. Benson for a One Year Unexpired Term.

RECOUNT OF MAY 23, 1977

The following is the statement appearing on the petition for recount filed with this office in the interest of John L. Frederick, candidate for the office of School Committee:

"We, the undersigned qualified voters of Precincts 1, 2, 3, 4, 5, 6 and 7 do represent that we have reason to believe and do believe that the records, or copies of records, made by the election officers of said Precincts of Walpole of the votes cast at the Town Election for the office of School Committee are erroneous in that the ballot for this election was lengthy and the tallying was not completed until the early hours of the morning. It is very likely that some of the counters were tired from working since 8:00 p.m. or earlier the day of elections thereby making it very possible that there were errors made in counting.

We believe that a recount of the ballots cast in said Precincts will affect the election of said candidate. We therefore ask that all votes cast for said office at said election be recounted as provided for in General Laws, Chapter 54, Sections 135 and 135A."

A meeting of the Board of Registrars was held Monday, May 16, 1977 at 8:00 p.m. in the Town Hall. Present were Charles M. Boothby, Chairman; Christopher O'Neil, George Delaney and Louis E. Hoegler, Clerk.

The meeting was called to order by the Chairman and an examination of the Recount Petitions was made as follows:

Precinct 1 - 18
Precinct 2 - 16
Precinct 3 - 14
Precinct 4 - 16
Precinct 5 - 17
Precinct 6 - 16
Precinct 7 - 17

all in compliance with Chapter 54, Section 135.

VOTED: That the petition for a recount of the votes cast at the Annual Town Election held Saturday, May 7, 1977 in Walpole for the office of School Committee be held on Monday, May 23, 1977 at 7:30 p.m. in the Blackburn Memorial Hall.

It was voted to appoint four (4) counters from each precinct and to appoint three (3) tally clerks.

It was voted that notice of these actions be mailed to the four (4) principal parties involved:

Dorothea J. Kunde, 314 North Street
Garrett H. Dalton, Jr., 477 Summer Street
John L. Frederick, 33 Eldor Drive
Gregory Yergatian, 35 Bullard Street

The meeting was adjourned at 9:00 p.m.

The following letter was sent by certified mail on May 18, 1977 to the four (4) principal parties involved:

"In accordance with Chapter 54, Section 135 of the Massachusetts General Laws, you are hereby notified that there will be a recount of votes for the office of School Committee on Monday, May 23, 1977 at 7:30 P.M. at the Blackburn Memorial Hall.

You are further notified that you are entitled to observers and a counsel. The names and addresses of the observers and counsel should be on file in the office of the Registrars of Voters not later than 12:00 o'clock noon on Monday, May 23, 1977 in order to participate in the recount."

Christopher O'Neil
Charles M. Boothby
George B. Delaney
Louis E. Hoegler
Registrars of Voters

Pursuant to the order of Chapter 54, Section 135 of the General Laws, a recount of the votes for School Committee, cast at the Town Election on May 7, 1977 was held in the Blackburn Memorial Hall on Monday, May 23, 1977 at 7:30 P.M.

The proceedings were conducted by the Board of Registrars and all requirements of law were fulfilled.

The final tally showed a minor change in the figures but no change in the result for the office of School Committee or total votes cast.

ARTICLE 18 - FLOOD DISASTER PROTECTION

VOTED: That the Town take NO ACTION on this article to amend Section III-8 "Flood Plain and Water Conservation District Purposes and Uses" of the Zoning By-Laws so as to provide Flood Disaster Protection and also to amend the Zoning Map in accordance therewith.

ARTICLE 19 - TRAFFIC FLOW STUDY

VOTED: That the Town take NO ACTION on this article.

THERE BEING NO FURTHER BUSINESS TO COME BEFORE THIS SPECIAL TOWN MEETING, IT WAS MOVED, SECONDED AND VOTED THAT THIS MEETING BE DISSOLVED. THE MODERATOR PRO TEMPORE SO DECLARED AT 11:18 P.M.

SPECIAL TOWN MEETING September 28, 1977

Norfolk, ss.

Pursuant to the foregoing warrant of September 28, 1977, the Special Town Meeting of the Town of Walpole was held in the West Junior High School Auditorium on WEDNESDAY, THE TWENTY-EIGHTH DAY OF SEPTEMBER 1977. The meeting was called to order at 7:40 P.M. by Moderator Thomas M. White.

The Assembly recited the Pledge of Allegiance.

Town Clerk, Louis E. Hoegler, attested to proper return of the Warrant.

The following Tellers were appointed: Leo Salonen, Levi Salonen, Gordon Woodberry and Clifford Barnes, Jr.

On Motion of the Finance Committee,
It was Moved, Seconded and

VOTED: That the Town Meeting take out of order Articles 2, 3, and 4 of this Special Town Meeting before taking action on Article 1.

ARTICLE 2 - TEACHER SALARY FUNDING

VOTED: That the Town appropriate by transfer from Article 9 of the Special Town Meeting of August 22, 1977 the amount of \$227,000 and by transfer from Free Cash the amount of \$13,276 to fund the salary portion of the Walpole Teachers' Association Agreement with the Walpole School Committee covering the years 1977-1979.

ARTICLE 3 - SECRETARY SALARY FUNDING

VOTED: That the Town take NO ACTION on this article.

ARTICLE 4 - SALARY FUNDING

VOTED: That the Town appropriate by transfer from Article 9, Special Town Meeting of August 22, 1977, the amount of \$114,196.00 to fund the agreement between the Town of Walpole and the American Federation of State, County and Municipal Employees, AFL-CIO, State Council #41, Local 1957, Department of Public Works, for the years 1976-1978 as follows:

1976-77	\$ 49,722
1977-78	64,474
	\$114,196

At 8:20 P.M. a Recess was called by Moderator Thomas M. White.

After a caucus by RTM Members of Precinct 1, Nancy T. Farris was elected to fill the vacancy created by the resignation of Bernice Harrison.

At 8:30 P.M. Moderator Thomas M. White reconvened the meeting. He stated that Mr. Santos, an associate in his law firm of Martin, Santos and White, was an interested party in Article 1 of this Special Town Meeting. To avoid the appearance of a conflict of interest, Mr. White would step down as Moderator.

Town Clerk, Louis E. Hoegler, was elected Moderator Pro Tempore, by the Town Meeting Members.

ARTICLE 1

VOTED: That the Town adopt the Finance Committee Recommendations amending the Walpole Zoning By-laws, Section II-3 and delete the present Section III-8 in its entirety and inserting the attached revised Section III-8, as follows:

1. II-3 Location of Districts.

Districts 1, 2, 3, 4, 5, 6, 7 hereinafter referred to or located as shown on the "Zoning District Map of Town of Walpole, Mass." dated January 1956 and filed with the Town Clerk; which map together with all explanatory matter thereon and subsequent amendments, shall be deemed to accompany, be and is hereby made a part of this By-law; and the locations, boundaries and zone designations of the Flood Plain District are shown on a map entitled "Flood Insurance Rate Map (FIRM), panel 250254 0001 and 0002" dated September 30, 1977.

2. III-8. Flood Plain District

A. Purposes

1. To provide that lands in the Town of Walpole subject to seasonal or periodic flooding as described herein after shall not be used for residence or other purposes in such a manner as to endanger the health, safety or welfare of the occupants thereof, or of the public generally.
2. To protect, preserve, and maintain the water table and water recharge areas within the Town so as to preserve present and potential water supplies for the public health and safety of the Town.
3. To assure the continuation on the natural flow pattern of the water courses within the Town, in order to provide adequate and safe floodwater storage capacity to protect persons and property against the hazards of flood inundation.
4. To protect the Town from the detrimental use and development of land and waters within the Flood Plain District.

B. Description of Areas Included in Flood Plain.

1. The Flood Plain delineations are established by elevations of area subject to inundation by 100-year frequency floods, as delineated by the Federal Insurance Administration, U.S. Department of Housing and Urban Development.
2. The locations, boundaries and zone designations of the Flood Plain District are shown on a map entitled "Flood Insurance Rate Map (FIRM), Panel 2502540001 and 0002" dated September 30, 1977 which is hereby made a part of this by-law and which is on file in the office of the Town Clerk. Said map, together with all explanatory data thereon shall be deemed to accompany, be and is hereby made a part of the Zoning By-Law.
3. All that land along any named or unnamed water body or water course for a horizontal distance of fifty (50) feet from the permanent or seasonal banks thereof except as defined on the Flood Plain District Map.
4. In any case where a portion of a lot is included in the flood plain, the restrictions of the flood plain by-law will apply only to that portion which lies within the flood plain and not to that portion outside of the flood plain.

C. Use Regulations.

1. Permitted uses - The Flood Plain District shall be considered as overlying other zoning districts, The following uses shall be allowed within the Flood Plain District as a matter of right:
 - a. Conservation of water, plants and wildlife.
 - b. Grazing, and farming, gardening, nurseries, including truck gardening and harvesting of crops.
 - c. Dwellings and structures lawfully existing prior to the adoption of these provisions.
 - d. Outdoor recreation, including play areas, nature study, boating and fishing, which is not harmful to the physical environment, but excluding buildings and structures.
 - e. Signs as permitted in the residential district.

- f. Wildlife management areas.
 - g. Foot paths, and/or horse paths.
 - h. Temporary stands for the sale of produce grown on the premises as may be permitted by other sections of the Zoning By-Law.
 - * i. Enlargement of a dwelling which increases the total ground coverage of the dwelling in existence at the time of the adoption of this section of the by-laws by not more than fifty (50) percent.
 - * j. Enlargement of structures, other than dwellings which increases the total ground coverage of the structure in existence at the time of the adoption of this section of the by-laws by not more than 1500 square feet.
2. Use by special permit from the Board of Appeals, subject to the requirements of Section D.
- a. Golf courses, municipal, county or state parks (but not amusement parks).
 - b. Bicycle paths and/or bridges.
 - c. Forestry management, providing stumps are not removed and reforestation takes place, by the parties or individual responsible for forestry management.
 - d. Wells or other structures necessary for proper functioning of the municipal or private water supplies.
 - e. Public utilities including sewer, water, gas and electrical systems.
 - * f. Enlargement of a dwelling which increases the total ground coverage of the dwelling in existence at the time of the adoption of this section of the by-laws by more than fifty (50) percent.
 - * g. Enlargement of structures, other than dwellings, which increases the total ground coverage of the structure in existence at the time of the adoption of this section of the by-laws by more than 1500 square feet.
 - h. In case of fire, natural catastrophe, or total rehabilitation to structures existing in the flood plain district prior to the adoption of these provisions, said structure may be rebuilt to the original size.
 - i. Construction, and maintenance of dams and other water control devices.
 - j. Roadways, driveways and walkways ancillary to uses otherwise permitted by this section.
 - k. Accessory uses to residential structures shall not be held to the standards of elevation or floodproofing.
3. Excluded Uses.
- a. In the Flood Plain District no new building(s) or structure(s) shall be erected or constructed except as may be permitted in Section C-2.
 - b. No removal, filling, dredging, or altering any lake, pond, river, stream, brook, marsh, swamp, bog, meadow, or change in grade of any land within the Flood Plain District except as may be permitted in Section C-2.
 - c. No septic tanks or leachfields shall be installed in the Flood Plain District.
 - d. No storage of salt, petroleum or any other chemical products shall be allowed.
4. The portion of any lot within the Flood Plain District may be used to meet the area and yard requirements for the district or districts in which the remainder of the lot is situated.

*See Amendment

D. Procedure for a special permit.

1. Application to the Board of Appeals for a special permit shall be submitted in quintuplicate (5) and shall be accompanied by a plan of the premises in question as required by Section IV (Site Plan Approval), and shall show the following:
 - a. Boundaries and dimensions of the area.
 - b. The location, dimensions and mean sea level of the lowest habitable floor, including basement, of existing and proposed buildings and structures thereon, and the elevation to which the structure has been floodproofed.
 - c. All plans shall show two (2) foot contour intervals and contours shall be delineated within two hundred (200) feet of the proposed construction.
 - d. When neighboring communities are affected by altered or relocated watercourses, said communities and the Mass. Division of Water Resources shall be notified prior to the commencement of such activity. Submit copies of said notification to F.I.A.
 - e. All necessary permits required by Federal or State law, including Section 404 of the Federal Water Pollution Control Act, Amendments of 1972, 33 U.S.C. 1334, have been or are in the process of being obtained.
 - f. Any other information as is deemed necessary by the Board of Appeals to indicate the complete physical characteristics of the area and the proposed construction and/or grading thereof.
2. Plans shall be prepared by a Registered Professional Engineer or Registered Land Surveyor and shall show and make adequate provisions for the following:
 - a. The protection, preservation and maintenance of the water table and water recharge areas.
 - b. The preservation and maintenance of the natural river channel plus sufficient width of overbank areas for the passage of 100 year flood flows so as not to increase the water surface elevation more than one (1) foot at any point within the community.
 - c. The retention of existing floodwater storage capacity.

- d. The design of proposed construction shall be in a manner which ensures anchoring to prevent flotation, collapse, and/or movement of the structures.
 - e. The design of public utilities including sewer, water, gas and electrical systems shall be in a manner which will minimize or eliminate flood damage.
 - f. Any new construction or extension of residential structures within Zone A1 to A30, shall have the lowest floor, including basement, elevated to or above the 100 year flood level.
 - g. Any new construction or extension of residential structures within an A0 Zone shall have the lowest floor, including basement, elevated above the crown of the nearest street to or above the depth number specified on the Flood Insurance Rate Map (FIRM).
 - h. Any new construction or extension of non-residential structures within Zones A1 to A30 shall have the lowest floor, including basement, elevated to or above the 100 year flood level, or, together with attendant utility or sanitary facilities, be designed so that below the 100 year flood level, the structure is watertight.
 - i. Any new construction or extension of non-residential structures within an A0 Zone shall have the lowest floor, including basement, elevated above the crown of the nearest street to or above the depth number specified on the FIRM, or, together with attendant utility and sanitary facilities, be completely flood proofed to or above that level so that any space below is watertight.
 - j. Provide that where flood proofing is utilized for a particular structure in accordance with paragraphs D.2.h. or D.2.i. of this section, a registered professional engineer or architect shall certify that the flood proofing methods are adequate to withstand the flood depths, pressures, velocities impact and uplift forces and other factors associated with the 100 year flood level.
 - k. Development within Zone A1 to A30 may be permitted if it is demonstrated that the cumulative effect of the proposed development, when combined with all other existing and anticipated development, will not increase the water surface elevation of the 100 year flood level more than one (1) foot at any point within the community.
 - l. In unnumbered A zones, in the absence of F.I.A. base flood elevation data, the applicant shall obtain and submit other available data from a Federal, State or other source, as criteria for requiring that any new construction or extension of residential structures, shall have the lowest floor, including basement, elevated to or above the 100 year flood level and any new construction or extension of non-residential structures shall have the lowest floor, including basement, elevated or flood proofed to or above the 100 year flood level.
3. It shall be the responsibility of the applicant to provide all required data and submit proof that the proposed project is in conformance with Section III-8—A (Purposes) and any other applicable sections of this Zoning By-law.
 4. Within ten (10) days after receipt of the application the Board of Appeals shall transmit copies thereof, together with copies of the accompanying plan, to the Board of Health, Planning Board, Engineering Department, and the Conservation Commission. Such agencies shall investigate the application and report in writing their recommendations to the Board of Appeals. The Board of Appeals shall not take final action on such application until it has received a written report from the above agencies or until thirty-five (35) days have elapsed without receipt of said reports.

E. Compliance With Other Statutes.

Nothing contained in this section shall excuse compliance with the wetlands protection statutes, General Laws, Chapter 131, Sections 40 and 40A or any other laws of the Commonwealth of Massachusetts.

F. Severability.

If any provision of this Section is held invalid, the other provisions of this Section shall not be affected thereby.

*On Substitute Motion of the Board of Selectmen,

It was Moved, Seconded and

VOTED: That Section III-8-C-1-i. and j. be deleted and insert the following as Section III-8-C-1-i.:

Improvement or repair of any structure, in existence at the time of the adoption of this section of the by-laws, which is less than 50% of the market value of the structure; said market value to be determined by the Board of Assessors.

VOTE: MAJORITY

*On Substitute Motion of the Board of Selectmen,

It was Moved, Seconded and

VOTED: That Section III-8-C-2-f. and g. be deleted and insert the following as Section III-8-C-2-f:

Improvement or repair of any structure, in existence at the time of the adoption of this section of the by-laws, which is in excess of 50% of the market value of the structure; said market value to be determined by the Board of Assessors.

And further that C-2-h, i, j, and k be changed to read C-2 g, h, i, and j respectively.

VOTE: MAJORITY

*Amendment

Barbara J. Lawless, Chairman of the Planning Board, reported that proper hearings were advertised and held. The Planning Board recommended favorable action on this Article 1.

Standing Vote: **YES - 65 NO - 28**

THERE BEING NO FURTHER BUSINESS TO COME BEFORE THIS SPECIAL TOWN MEETING, IT WAS MOVED, SECONDED AND VOTED THAT THIS MEETING BE DISSOLVED. THE MODERATOR PRO TEMPORE SO DECLARED AT 11:00 P.M.

VOTED: That there is unfinished business at this meeting, said meeting be adjourned to Wednesday, November 16, 1977 at 7:30 P.M. in the West Junior High School.

ARTICLE 1 - SEWER FUNDING

VOTED: That the Town take NO ACTION on this article.

ARTICLE 2 - PETITION TO CHANGE SEWER ACTS OF 1930

VOTED: That the Town allow the Sewer & Water Commissioners to petition the State Legislature to amend Chapter 120 of the Acts of 1930, an Act authorizing the Town of Walpole to Construct and Operate a System of Sewers, as follows:

Delete the first sentence of Section 7 of said Act which reads:

"The Town shall, by vote, determine what proportion of the cost of said system or systems of sewerage and sewage disposal the Town shall pay; provided that it shall not pay less than one-fourth nor more than two-thirds of the whole cost"; and substitute therefor the following:

"The Town shall, by vote, determine what proportion of the cost of said system or systems of sewerage and sewage disposal the Town shall pay in accordance with the provisions of Chapter 83, Section 23 of the Massachusetts General Laws"; or do or act on anything in relation thereto.

VOTE: MAJORITY

ARTICLE 3 - SCENIC WAY

VOTED: That the Town take NO ACTION on this article.

Moderator Thomas M. White stated that Mr. Santos, an associate in his law firm of Martin, Santos and White, was an interested party in Article 4 of this town meeting. To avoid the appearance of a conflict of interest, Mr. White would step down as Moderator.

Robert B. Boyd, Jr., RTM Member Pct. 6, was appointed Moderator Pro Tempore by the Town Meeting Members.

ARTICLE 4 - ZONING CHANGE

VOTED: To waive the reading of this article.

VOTED: That the Town change from a Residential Zone to a Limited Manufacturing Zone the following described locus:

Beginning at a point at or near the existing District Zoning Boundary Line and within a Limited Manufacturing Zone, said point being at the intersection of the southerly property line of Walpole Assessors Lot Designation D-901-B-4 extended and the centerline of the Boston Providence Turnpike; thence from the point of beginning running N15-39-52E a distance of 31 feet more or less along the centerline of the Boston Providence Turnpike to a District Zoning Boundary Line; thence running N-15-39-52E a distance of 1227 feet more or less along the centerline of the Boston Providence Turnpike and a District Zoning Boundary Line; thence running N61-57-13E a distance of 57 feet more or less along a property line extended to a point on the easterly line of the Boston Providence Turnpike at a property corner; thence running N61-57-13E a distance of 38.92 feet; thence turning and running S22-52-00E a distance of 459.32 feet; thence running S22-40-37E a distance of 605.47 feet; thence running S22-53-21E a distance of 627.43 feet to a property corner at or near the existing District Zoning Boundary Line and within a Limited Manufacturing Zone, the last four courses being along property lines, thence turning and running N74-20-08W a distance of 756.08 feet; thence turning and running S-15-39-53W a distance of 19.40 feet; thence running N45-20-00W a distance of 40.02 feet; thence running N74-20-08W a distance of 290.00 feet to a point on the easterly line of the Boston Providence Turnpike, the last four courses being along property lines at or near the existing District Zoning Boundary Line and within a Limited Manufacturing Zone; thence running N74-20-08W a distance of 40.00 feet by a line at or near the existing District Zoning Boundary Line and within a Limited Manufacturing Zone to the centerline of the Boston Providence Turnpike and the point of beginning;

or do or act on anything in relation thereto.

VOTE: UNANIMOUS

VOTED: That this meeting adjourn to Wednesday, November 16, 1977. The Moderator so declared at 10:30 P.M.

ADJOURNED ANNUAL TOWN MEETING, NOVEMBER 16, 1977 – FALL SESSION

Norfolk, ss.

Pursuant to the foregoing adjournment of November 14, 1977 the Fall Session of the Adjourned Annual Town Meeting was called to order at 7:45 P.M. by Moderator Thomas M. White.

The Assembly recited the Pledge of Allegiance.

The following Tellers were appointed: Levi Salonen, John Hill, Parker Chick, Jr., and Gordon Woodberry.

VOTED: Whereas it has been the past practice and tradition for the boards and officers of the Town to submit articles for town meeting warrants to the Selectmen, and;

Whereas it has been the past practice and tradition of the Selectmen to automatically include said articles in those warrants, and;

Whereas the Board of Selectmen have, of late, begun examining the submitted articles with a view toward excluding some of the said articles, and;

Whereas this examination has caused great consternation and ill feeling among the various boards and officers of the Town:

Therefore, Be It Resolved:

That it is the will of Representative Town Meeting that all articles submitted for inclusion in town meeting warrants by the various boards and officers of the Town be forwarded to Town Meeting for its review and action.

VOTED: YES - 42 NO - 31

ARTICLE 5 - ZONING BY-LAW AMENDMENT

VOTED: That the Town amend its Zoning By-Laws by changing from Industrial to General Residence, Lots D-542 and D-543 as shown on Assessors' map D-5, containing 5.32 acres more or less.

VOTE: UNANIMOUS

ARTICLE 6 - ZONING BY-LAW AMENDMENT

VOTED: That the Town amend its Zoning By-Laws by changing from Limited Manufacturing to General Residence, Lot D-509 as shown on Assessors' map D-5 containing 20.7 acres more or less.

VOTE: UNANIMOUS

ARTICLE 7 - FLOOD CONTROL LAND

VOTED: That the Town transfer the sum of \$1.00 from Free Cash to purchase, accept by gift or take by eminent domain a parcel shown as Lot D-1459 on the Walpole Assessors' maps containing 15.75 acres more or less, for flood control purposes.

ARTICLE 8 - PAYMENT OF ELECTRICAL BILLS

VOTED: That the Town transfer the sum of \$7231.44 from Free Cash to pay certain Boston Edison Company electrical service bills outstanding from fiscal years 1975, 1976 and 1977.

VOTE: YES - 76 NO - 5

VOTED: Resolved: That the rules Committee have available for the Annual Town Meeting of April 1978 a copy of the Rules and Regulations governing Town Meeting as amended.

ARTICLE 9 - PAYMENT OF UNPAID BILL

VOTED: That the Town transfer the sum of \$909.04 from Free Cash to pay an unpaid bill from fiscal year 1976 to Simeone Corporation.

VOTE: UNANIMOUS

ARTICLE 10 - POLICE - CIVIL SERVICE

VOTED: That the Town take NO ACTION on this article.

ARTICLE 11

VOTED: That the Town amend Article XIII of the Town By-Laws by amending Section 17 so as to read Section 18; and by adding the following Section 17:

A. No person shall sell, solicit or display goods, articles, wares, or merchandise upon the public ways or from house to house in the town unless duly licensed to do so by first having obtained a written permit from the Board of Selectmen.

B. It shall be unlawful for anyone to solicit contributions upon the public ways or from house to house in the town unless duly licensed to do so by first having obtained a written permit from the Bosrd of Selectmen.

VOTE: MAJORITY

ARTICLE 12 - ASSESSORS OFFICE CLERK

VOTED: That the Town raise by transfer from Free Cash the sum of \$3,904 for a full time clerk for the Assessors Office for FY-1978.

ARTICLE 13 - ASSESSOR COST OF LIVING INCREASE

VOTED: That the Town raise by transfer from Free Cash the sum of \$685 for a cost of living increase for the Chairman of the Board of Assessors for FY-1978.

VOTED: YES - 51 NO - 29

ARTICLE 14 - DPW RE-ORGANIZATION

VOTED: That the Town place the Engineering Department of the Town of Walpole under the Department of Public Works.

ARTICLE 15 - PERSONNEL CLASSIFICATION AMENDMENT

VOTED: That the Town amend the Personnel Classification and Pay Schedule for certain employees in the newly reorganized Department of Public Works as follows:

POSITION	SCHEDULE/GROUP	MINIMUM	MAXIMUM
Director Public Works	AP 13B	18,500	23,200
Town Engineer			
Director Public Works	AP 13A	17,183	21,770
Town Engineer	AP 12	15,410	19,591
Senior Civil Engineer	None	None	None
Asst. Town Engineer	E 3	13,263	16,758

ARTICLE 16 - DPW SALARY ADJUSTMENT

VOTED: That the Town Defray salary expenses in the amount of \$1,550 for the Superintendent/Town Engineer and Assistant Town Engineer in the newly reorganized Department of Public Works by transfer within the salary portion of the present operating budget approved as Article 34, Line Item 29A at the Annual Town Meeting in April 1977.

ARTICLE 17 - SCHOOL SECRETARY SALARIES

VOTED: That the Town raise the sum of \$13,555.00 by transfer from Free Cash to fund the 1977-1978 portion of a contract with school secretaries.

On Challenge to a Quorum being present, the Moderator called for a standing count. There were 84 RTM Members present.

On Challenge on the Call of the Vote,
A Standing Vote was taken.

VOTE: **YES** - 61 **NO** - 20

ARTICLE 18 - CAFETERIA WORKERS' SALARIES

VOTED: That NO ACTION be taken on this article.

THERE BEING NO FURTHER BUSINESS TO COME BEFORE THIS FALL SESSION OF THE ANNUAL TOWN MEETING, IT WAS MOVED, SECONDED AND VOTED THAT THIS MEETING BE ADJOURNED. THE MODERATOR SO DECLARED AT 11:00 P.M.
